

In accordance with Article 10, Section 10-2 of the [Newton Charter](#), each of the undersigned requests that the City Council of the City of Newton pass the following measure: The Tree Preservation ordinance (Chapter 21, Article 3, Division 3) shall apply protection regulations to all healthy, not-dangerous trees 6-inches DBH (in Diameter at Breast Height) and larger on all properties in the City of Newton not owned by the State or Federal Government. These regulations shall also include the following requirements:

- The environmental and health damages to abutters and the larger community of tree removal must be mitigated through planting replacement trees and/or cash payment into the City's tree fund.
- Payment or replacement trees may *only* be waived if the application process provides acceptable certification that the protected tree is dead, diseased, or dangerous or that removal of the protected tree will improve the overall health of the tree canopy.
- Trees on lots adjacent to construction sites must be protected from damage.
- Owners of abutting properties shall be notified of each tree-removal application.
