Newton, MA 02459  
89,000 Square Feet

APW Enterprises, LLC dba Art Turf Recycling confirms that it is in full possession of the fully infilled synthetic turf at our facility located at 191 S. Keim St., Pottstown, PA 19464. Material is awaiting processing.

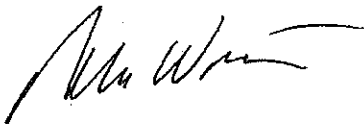

Batch # AT072423

Approximately 89,000 square feet

228 Rolls- Fifteen truckloads of fully infilled synthetic turf.

Materials began shipping on July 24<sup>th</sup> and received through the 31<sup>st</sup> of July. Bills of Lading can be provided upon request.

All rolls of turf will have the infill removed. Infill material is dried, cleaned, sized, separated, and bagged for reuse in new synthetic turf fields and other industrial/commercial applications. The turf is re-rolled and shipped to our Pennsylvania recycling partner where it is ground up and extruded into new plastic lumber products. No material other than the dust, dirt and foreign debris extracted during our cleaning process will end up in a landfill.
