## **The Rebecca Pomroy Foundation Announces 2024 Grant Opportunities for Local Nonprofits**

The Rebecca Pomroy Foundation, Inc. is now accepting applications for our 2024 grant funding cycle. We fund organizations that provide health-building, educational, and recreational opportunities to people of all ages, with a special preference for organizations located in Newton that provide training, education, and counseling for girls and women in need.

“We are thrilled to welcome a new round of grant applications this year,” Pomroy Foundation President Victor Lee said. “As always, we welcome applications from a diverse range of organizations that serve those in need. It’s always a pleasure to provide continued support to organizations we have previously funded, as well as to learn about and support new organizations and initiatives that are strengthening our community every day.”

Any tax-exempt organization under 501(c)3 of the Internal Revenue Code may apply for financial support, with preference for organizations that provide services to the Newton community. Applications for our annual, competitive grant process are due by 11:59 pm on March 1, 2024. Individual awards typically range from \$2,000 to \$15,000, for a total annual giving of approximately \$120,000.

We encourage applications from organizations that value and prioritize diversity, equity, and inclusion and are committed to serving historically marginalized groups.

Mission: The Rebecca Pomroy Foundation seeks to “assist worthy charitable organizations that offer and provide health-building, educational and recreational opportunities and guidance to people of all ages in the community, with a special preference for organizations which provide training, education and counseling for girls and young women in need and organizations which operate community centers located in Newton, Massachusetts.”
