## EXECUTIVE SUMMARY

### AP-05 Executive Summary - 91.200(c), 91.220(b)

#### 1. Introduce and summarize the objectives and outcomes identified in the Plan

The City of Newton and WestMetro HOME Consortium are required by the U.S. Department of Housing and Urban Development (HUD) to submit an Annual Action Plan which describes the anticipated uses of Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) funds received by the City for the fiscal year ahead. The overall goal of these three programs is to develop viable urban communities through the provision of decent housing, a suitable living environment, and the expansion of economic opportunities for low- and moderate-income persons. The recommendations in this Plan are based on a five-year strategy captured in the FY21-FY25 Consolidated Plan, which is the result of data analysis and citizen-driven planning processes.

The City of Newton and the WestMetro HOME Consortium present the FY25 (FFY24) Annual Action Plan, detailing the allocation of CDBG, HOME, and ESG funds for the period of July 1, 2024 through June 30, 2025.

#### FY25 (FFY24) FEDERAL FUNDING AMOUNTS

Community Development Block Grant (CDBG)	\$1,864,303.00
HOME Investment Partnerships Program (HOME)	\$1,652,605.00
Emergency Solutions Grant (ESG)	\$164,388.00
<b>Total</b>	<b>\$3,681,296.00</b>

#### COMMUNITY DEVELOPMENT BLOCK GRANT

Based on the priorities, needs and goals identified in the FY21-25 Consolidated Plan, the City of Newton has allocated FY25 (FFY24) CDBG funds into four general categories:

- **Affordable Housing** (\$1,125,690 or 60% of CDBG funding), for housing program delivery, downpayment assistance, housing rehabilitation, and site acquisition and improvements related to the construction of new affordable units for low- and moderate-income households.
- **Human Service** (\$275,543 or 15% of CDBG funding), to provide grants for a total of fourteen human service projects through 14 sub-grantee agencies during FY25.
- **Architectural Access** (\$90,210 or 5% of CDBG funding), for pedestrian access improvements at the five-way intersection of Langley Road, Sumner Street and Beacon Street.

- **Program Administration** (\$372,860 or 20% of CDBG funding) for the administration and implementation of the CDBG program, including citizen participation and program delivery.

These percentage allocations are a result of a local, community-driven process and not mandated through regulations. However, HUD places a cap on the amount of funds that can be allocated towards Human Services (15%) and Program Administration (20%).

In addition to the CDBG-funded categories listed above, the City also prioritizes affordable fair housing. These activities are undertaken by the City and WestMetro HOME Consortium with support from the Fair Housing Committee.

### **Affordable Housing**

Approximately 60 percent of FY25 CDBG funding (\$1,125,690) plus \$132,000 in estimated FY25 (FFY24) program income, for a total of \$1,257,690, will be allocated towards affordable housing projects. This funding will facilitate:

- The production of new affordable units through site acquisition and improvements,
- The rehabilitation of existing housing units for low- and moderate-income households,
- The preservation of existing affordable units,
- The support of affordable homeownership for low- and moderate-income households, and
- Housing program delivery

A total of \$230,000 of these funds were specifically earmarked for the West Armory Affordable Housing Development project.

### ***Goal: Production of New Affordable Housing Units***

In FY25 (FFY24), CDBG and HOME funding allocated to the City of Newton will continue to be used for a variety of programs and activities to preserve and expand affordable opportunities across the City. In alignment with the FY21-FY25 Consolidated Plan, the Division will seek to fund affordable housing projects near amenities, village centers, and public transportation options to promote housing equality and economic and demographic diversity. The Division will also look to support projects that provide Newton seniors the opportunity to remain in the community as they age, as well as providing opportunities for affordable housing for families. Additionally, the Division will identify projects that expand the stock of accessible and visitable housing.

Newton will continue to push forward the redevelopment of the West Newton Armory site on Washington Street into 100% affordable housing. As an awardee of a \$200,000 Housing Choice Grant from the Department of Housing & Community Development (DHCD), the City hired an affordable housing consultant in FY21 to conduct a predevelopment feasibility study on the site. Concurrently, as part of the City's Real Property Reuse process, the West Newton Armory Joint

Advisory Planning Group (JAPG), consisting of nine community members, analyzed the property and its redevelopment potential over the course of eleven months. Following the completion of the consultant's study and the JAPG's report, the City Council unanimously recommended to the Mayor that the City purchase the Armory for \$1 from the State to redevelop it into 100% affordable housing. Newton took ownership of the Armory in the Fall of 2021 and selected Metro West Collaborative Development/Civico Development, through an RFP process, to partner with the City in the redevelopment of the site. The Metro West/Civico proposal includes 43 units of intergenerational housing that are affordable to households earning 30-60% of the Area Median Income. At a public hearing in April of FY23, the Planning and Development Board voted to approve a pre-commitment of FY24 and FY25 CDBG funds (total of \$930,000) and FY24 HOME funds (\$132,023.50), and the City's Inclusionary Zoning funds, to develop the Armory into affordable housing with supportive services. The Armory project received its Chapter 40B Comprehensive Permit from the Newton Zoning Board of Appeals and submitted a One Stop Application to the Massachusetts Executive Office of Housing and Livable Communities (EOHLC). In May of 2023, the West Newton Armory was one of 27 projects awarded state and federal tax credits, subsidy funds, and ARPA funds by the Healey-Driscoll Administration. Civico estimates that construction will begin in the Spring of 2025 and the project is expected to be completed in FY26.

Following a substantial amendment in mid-FY24, Newton committed financial resources to redevelop the Chetwynde Nursing Home, at 1650 Washington Street, into the West Newton Family Navigation Center. Upon completion, the Center will include 42 units of transitional housing for single parents and their children. This property will be leased by FamilyAid, an organization committed to preventing family homelessness by empowering parents and caregivers to secure and sustain housing. After completing the City's Administrative Site Plan Review process in early FY24, Newton's Affordable Housing Trust awarded \$500,000 to the project and the Planning & Development Board approved the substantial amendment request to allocate \$750,000 in local CDBG funding to create an accessible pathway from the street to the entrance of the building. The former nursing home will be renovated to provide group and individual educational spaces, kitchen and dining areas, study lounges, indoor and outdoor play areas, alongside 42 units of transitional housing. Family Aid plans to start construction in the latter half of FY24 and open the Family Navigation Center in August of 2024.

Finally, the City will continue exploring the feasibility of redeveloping a parcel of land, recently acquired by Newton, into affordable housing. The site contains three existing homes and was purchased by the City through its one-time allocation of ARPA Funds. In FY23, Newton was awarded a \$235,000 Housing Choice Grant from DHCD to hire a consultant to assess the feasibility of redeveloping the site. Weston & Sampson was selected by the City, through an RFP process, to complete the feasibility study in FY25. In preparation for the study, the Planning and Development Department, with the help of the consulting team, commenced the City's Real Property Reuse process in FY24.

***Goal: Preservation of Affordable Units***

The City is actively preserving 146 units of deeply affordable senior housing at 2Life Communities' Coleman House with FY21 CDBG and FY22 HOME funds. These funds are being used to conduct a comprehensive rehabilitation of the building's mechanical systems and infrastructure, as well as accessibility design upgrades to each of the 146 units. The improvements will make the project more efficient and environmentally sustainable for the next several decades and will improve the quality of life for senior residents. Construction began in the Summer of 2021. Contractors ran into some unanticipated problems with the existing conditions, coupled with new fire and electric code requirements, that have pushed back the project timeline. In November 2023, \$1,500,000 in Newton Affordable Housing Trust funding was committed to assist with construction cost overruns generated by the extensive rehabilitation.

***Goal: Support Affordable Homeownership***

Newton's CDBG-funded Downpayment/Closing Cost Assistance program supports and expands sustainable homeownership among low- and moderate-income households in Newton. The program will target first-time homebuyers of new and existing deed restricted homeownership units. Seven income-eligible homebuyers are expected to be assisted through the CDBG Downpayment/ Closing Cost Assistance program in FY25.

***Goal: Rehabilitation of housing***

Staff will continue to market and administer the Housing Rehabilitation program on a rolling basis, which provides homeowners and qualifying nonprofit organizations with deferred payment loans for repairs and improvements aimed at addressing issues related to health, safety, and building code violations. The Rehabilitation program was expanded to include existing accessory apartments and lodging houses that require repairs to ensure resident health, safety, and building code compliance. Through FY25 and prior year funding, it is anticipated that approximately three units of homeowner housing and 30 rental units will be rehabilitated through CDBG assistance.

In addition to its state and federal developments, the Housing Authority maintains 57 units of low-income rental housing, across 13 developments, known as its Management Program (93 units in total, including the 36 recently acquired CAN-DO units). Unlike the NHA's public housing, this portfolio does not receive any subsidy or capital funds from HUD or DHCD. The NHA has used its own operating funds and occasional grants to maintain these properties throughout Newton. In 2019, the NHA commissioned a capital needs assessment of the Management Program portfolio. The assessment revealed significant needs at several properties, totaling \$2,924,044 in recommended Year 1 expenditures alone. The NHA undertook some of the recommended improvements but does not have adequate resources to address all the recommendations in the capital needs assessment. In FY25, the City will continue to work with the NHA to identify CDBG- and HOME-eligible rehabilitation projects to support the preservation of these essential affordable units.

**Fair Housing*****Goal: Increase awareness of fair housing policies and practices***

Fair Housing will be a focus for the City of Newton and WestMetro HOME Consortium in recognition that continued education around fair housing laws, regulations and enforcement are critical to ensure every person has equal opportunity and access to affordable housing. The City and the WestMetro HOME Consortium, with the support of the Fair Housing Committee, intend to lead three fair housing education events in FY25.

In FY25, the Consortium will focus on fair housing testing, one of the recommended actions in the recently updated [Analysis of Impediments to Fair Housing Choice report \(AI\)](#). In FY23, the Consortium contracted with the Housing Discrimination Testing Program (HDTP) at Suffolk University Law School to conduct a two-year Fair Housing testing study throughout the 13 HOME communities. The study, which will include 130 tests, is designed to assess the level of race (black) and voucher-based discrimination in the rental housing market. Of the 57 tests that have been completed to date, 16 tests indicate discrimination. Through the HDTP, Suffolk University Law program, has begun the complaint process with the Massachusetts Commission Against Discrimination. The goal of this process is to notify the housing providers of the discriminatory action, and work with them to implement actions to prevent reoccurrence.

The parking cost associated with development was also identified as a potential barrier to affordable housing in the Consortium's AI. To determine the existence of this barrier, the Consortium partnered with MAPC to complete a parking utilization study of over 40 large multi-family, mixed-income and affordable developments built since 2000. MAPC drew upon an analysis of property surveys and overnight parking counts to determine parking demand per unit. The WestMetro Parking Utilization Study Perfect Fit Parking Initiative Phase 4 memorandum, presented to the Consortium in July 2023, cited an oversupply of parking at the research sites. MAPC's policy recommendations include shifting parking minimums to maximums, reducing parking ratios, unbundling parking from housing costs, and exploring strategies for shared parking. These recommendations will continue to be discussed by the WestMetro HOME Consortium in FY25.

**Human Services / Public Services**

HUD caps the Human Service allocation at 15 percent of the City's total annual CDBG grant. The FY25 (FFY24) Human Service Request for Proposals (RFP) was released on January 3, 2024. The proposals were evaluated by a review committee comprised of representatives from the Department of Planning and Development and the Department of Health and Human Services, as well as a representative from the Mayor's Office. Proposals were ranked on February 13, 2023, based on their alignment and consistency with the City's three priority areas:

- Enrichment and Care for Vulnerable Youth, Ages 0-18
- Stability and Self-Sufficiency for Vulnerable Adults, Ages 19-61
- Promoting Economic Security and Vitality for Older Adults, Ages 62+

In addition to the priority areas, the review committee took into consideration the programs past performance, target population, and the most pressing needs in the community, which were identified in the FY21-FY25 Consolidated Plan.

The City received 14 proposals, all of which will be awarded Human Service grants during the FY25 (FFY24) program year, following the recommendation of the Human Service RFP Review Committee. The selected programs will directly benefit low- to moderate-income Newton residents and will provide a critical network of support to assist in stabilizing vulnerable individuals and families across the lifespan.

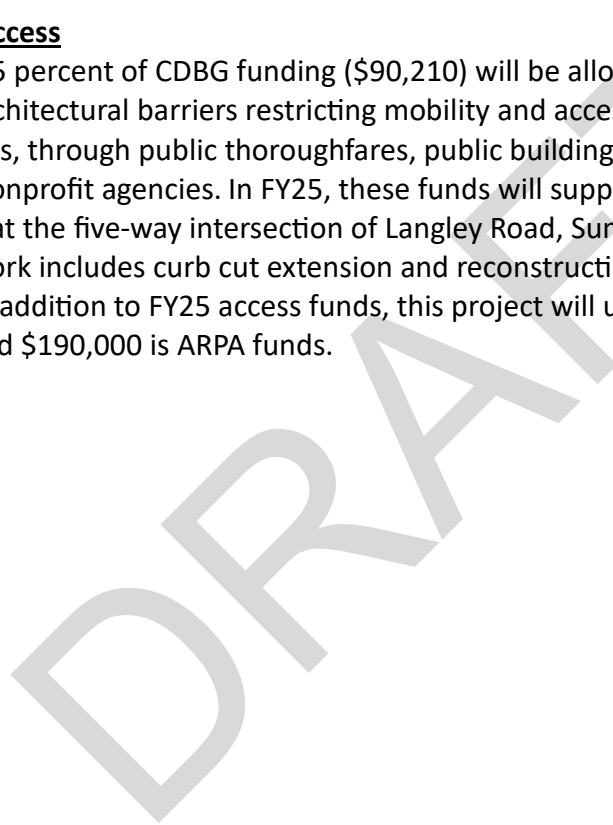

<b>Agency</b>	<b>Program</b>	<b>FY25 Award</b>
West Suburban YMCA	Childcare Financial Aid Program	\$50,00.00
Horace Cousens Industrial Fund	Emergency Grants for Vulnerable Individuals and Families	\$35,000.00
Newton Community Development Foundation	Resident Services Program	\$30,000.00
Newton Housing Authority	Resident Services Program	\$30,000.00
The Second Step	Community Programs for Adult Survivors of Domestic Violence	\$25,000.00
Family ACCESS	Social Mobility for Young Families	\$20,000.00
Newton Dept. of Parks, Recreation, and Culture	Financial Aid for Youth Summer Camp	\$17,500.00
John M. Barry Boys & Girls Club of Newton	Financial Aid for Teens and Families	\$25,000.00
The Carroll Center for the Blind	Career and Vocational Rehabilitation Services for the Blind and Visually Impaired	\$12,500.00
Jewish Family and Children's Services	Stabilization and Recovery Services	\$7,900.00
Plowshares Education Development Center	Tuition Assistance for Pre-School and School-Age Care	\$11,000.00
Jewish Big Brothers & Big Sisters (JBBBS)	JBBBS Mentoring Initiatives	\$10,000.00

Agency	Program	FY25 Award
Pathway to Possible	Part Time Funding for P2P Clinical Social Worker	\$10,000.00
Riverside Community Care	Mental Health Services Promoting Health, Well-Being, and Self-Sufficiency	\$21,700.00
<b>TOTAL</b>		<b>\$305,600.00</b>

**Architectural Access**

Approximately 5 percent of CDBG funding (\$90,210) will be allocated toward the removal of material and architectural barriers restricting mobility and accessibility of elderly or severely disabled persons, through public thoroughfares, public buildings, parks and recreational facilities, and nonprofit agencies. In FY25, these funds will support pedestrian access improvements at the five-way intersection of Langley Road, Sumner Street and Beacon Street. The scope of work includes curb cut extension and reconstruction as well as crosswalk realignment. In addition to FY25 access funds, this project will utilize \$48,000 in FY24 CDBG access funds and \$190,000 is ARPA funds.

**EMERGENCY SOLUTIONS GRANT AND MCKINNEY-VENTO FUNDS**

The Massachusetts Balance of State (BoS) Continuum of Care (CoC), under the supervision of the Department of Housing and Community Development (DHCD), administers McKinney-Vento funds for the former Brookline-Newton-Waltham-Watertown (BNWW) CoC. The BNWW CoC, previously led by the City of Newton, merged with the BoS CoC in December of 2016. HUD awarded the BoS CoC a total of \$31,762,597 in FFY23 funds, an increase of approximately \$7.9 million dollars from the prior year. From that total, the BNWW region received \$3,297,482 for four projects across three sub-grantee agencies, including Advocates, Pine Street Inn, and The Second Step.

The City of Newton's Emergency Solutions Grant (ESG) funds are awarded to local providers through a competitive Request for Proposals (RFP) process, providing shelter operations/services, homelessness prevention, and rapid re-housing services throughout the BNWW region. On January 3, 2024, Division staff consulted with former BNWW CoC social service providers and representatives from the four municipalities and BoS CoC to determine FY25 (FFY24) ESG funding priorities across its eligible components, outlined below:

- **Emergency Shelter Services** (\$76,620.00 or 46.6%): funds support essential services for individuals and families residing in an emergency shelter; shelter operations and costs such as building maintenance, rent, security, fuel, equipment, and furnishings; and renovations for emergency shelters.
- **Homelessness Prevention** (\$38,234.00 or 23.3%): funds support the stabilization and potential relocation, including short-term and medium-term rental assistance, security deposit, rent arrears, and moving costs, for individuals and families at immediate risk of homelessness.
- **Rapid Re-housing** (\$37,234.00 or 22.7%): funds support homeless individuals and families in moving them out of emergency shelters or places not meant for human habitation into permanent housing.

On January 3, 2024, the FY25 ESG RFP was released alongside the Human Service RFP and proposals were evaluated by a review committee comprised of representatives from the Newton Department of Planning and Development, Department of Health and Human Services, the BoS CoC, and the former BNWW CoC (non-ESG subrecipients). Proposals were ranked on March 1, 2024, based on each project's past performance, staff capacity, target population, availability of other funding sources, and the most pressing needs in the region, which were identified in the FY21-25 Consolidated Plan. Furthermore, the review committee took into consideration the continued impacts of the coronavirus pandemic (COVID-19).

The City received four proposals from three nonprofit agencies, all of which will receive an ESG grant during the FY25 (FFY24) program year, following the recommendations of the ESG RFP Review Committee.

FY25 ESG Allocation Recommendations		
Agency	Program	FY25 ESG Recommendations
<b>Emergency Shelter Services</b>		
Community Day Center of Waltham	CDCW Case Management: Wrap Around Services	\$51,620.00
REACH Beyond Domestic Violence	REACH Emergency Shelter Operations	\$25,000.00
<b>Homelessness Prevention</b>		
Brookline Community Mental Health Center	Homelessness Prevention Program	\$27,000.00
<b>Rapid Re-housing</b>		
Brookline Community Mental Health Center	Rapid Re-Housing Program	\$26,000.00
<b>Program Administration</b>		
City of Newton	Administration	\$12,300.00
<b>TOTAL</b>		<b>\$141,920.00</b>

*\*Brookline Community Mental Health Center was the only applicant that requested ESG funding for its Rapid Re-housing projects. The Second Step did not request funding for its Rapid Re-housing projects, as it has done in prior years.*

### **HOME INVESTMENT PARTNERSHIP PROGRAM**

As the lead entity for the WestMetro HOME Consortium, the City receives and administers HOME funds for the City and twelve other member communities of the WestMetro HOME Consortium – the Towns of Bedford, Belmont, Brookline, Concord, Lexington, Natick, Needham, Sudbury, Watertown, and Wayland and the Cities of Framingham and Waltham. The purpose of the HOME Program is to provide funds for a wide range of housing activities, including developing, acquiring, and rehabilitating affordable housing or providing direct rental assistance to create affordable housing opportunities for low- and moderate-income people.

In FY25, the Consortium will receive a total of \$1,652,605. As part of HUD’s official notice of allocation, the HUD Field Office determines the distribution of funds among each member community of the Consortium. Approximately 70 percent of HOME funds will be available for HOME programs and projects, 10 percent will be allocated toward HOME administrative costs, 5 percent will be allocated for operating expenses of certified Community Housing Development Organizations (CHDOs), and another 15 percent will be set-aside for housing activities to be undertaken specifically by certified CHDOs. CHDOs are nonprofit, community-based

organizations that are certified by HUD and have the capacity to develop affordable housing within the Consortium.

All 13 WestMetro HOME Consortium communities, including Newton, are subject to a 12-month exclusive use period for their annual entitlement of HOME funds. Any HOME entitlement funds that are not committed by the member community to an eligible HOME project after 12 months from the start of the fiscal year shall be transferred to the Consortium's Competitive Funding Pool. The Pool funds are available for use by any member community through an annual Request for Proposals (RFP) process.

The Consortium will focus on three goals in FY25:

- **Tenant Based Rental Assistance for Rental Housing (TBRA)**  
Financial support in the form of security deposits and first/last month's rent will be provided to an estimated 47 income-eligible households through Tenant Based Rental Assistance programs in Bedford, Framingham, Lexington, Natick, Waltham, and Wayland. Waltham and Framingham offer full Tenant Based Rental Assistance programs that provide subsidies as vouchers to landlords to supplement the affordable rent paid by income-eligible households.
- **Rehabilitation of Existing Units**  
The Towns of Belmont, Brookline and the cities of Framingham and Waltham will advance several projects to rehabilitate housing authority units in FY25. Belmont will continue to advance the HOME-funded Sherman Gardens project, a housing authority property. Accessibility improvements at Waltham Housing Authority's Beaverbrook Senior Apartments are expected to be complete by June 2025. Twenty-seven of the 60 units are anticipated to be HOME assisted units. The project scope includes complete kitchen and bath renovations and the conversion of three units into fully accessible ADA units. Framingham is partnering with its local Housing Authority to rehabilitate and redevelop Carlson Crossing, a phased project that will rehabilitate 125 units and produce 7 units, including a total of ten HOME units. Construction on Phase I, which includes the three newly constructed ADA units, began in Fall of 2022 and was complete in April of 2023. Construction on the 68 units (5 HOME assisted) in Phase II began in January 2024 and completion is anticipated in early FY26.
- **Production of Affordable Units**  
In FY25, the Town of Brookline will oversee the completion of Hebrew Senior Life's expansion at 108 Center Street, an 11-unit HOME-assisted senior housing project. Wayland's Saint Ann's Senior Village, a senior rental development at 124 Cochituate Road, is in its pre-development stage. The proposed project calls for the new construction of a three-story building consisting of 60 affordable one-bedroom units to be rented to individuals over the age of 62 with incomes between 30% and 60% of the Area Median Income. This development received \$171,080.25 in Consolidated Pool funding and will utilize Wayland's FY19, FY22 and FY25 HOME project funds. Throughout

the year, progress will continue in Newton’s redevelopment of the West Newton Armory to create 43 units of intergenerational, affordable housing.

### HOME-ARP Allocation

In September of 2021, the WestMetro HOME Consortium was awarded \$5,406,962 through the American Rescue Plan (ARP) Act of 2021. HOME-ARP funds provide individuals or households who are homeless or at risk of homelessness with housing, rental assistance, supportive services, and non-congregate shelter to reduce homelessness and increase housing stability.

The Barrett Planning Group, on behalf of the WestMetro HOME Consortium, prepared the required [HOME-ARP Allocation Plan](#), which outlines the strategy and planned expenditures of federal HOME-ARP funds from the U.S. Department of Housing and Urban Development (HUD). To ensure that the Plan accounted for the most pressing homelessness and housing instability needs, the Consortium conducted broad community outreach to engage stakeholders, advocates, and housing and homelessness service organizations. The Barrett Planning Group held virtual consultations with homelessness providers, housing authorities, fair housing organizations, disability organizations, housing developers, and many more providers and organizations across the Consortium. These consultations were conducted from October through December 2022 to gather data and input on the needs of households experiencing homelessness, at-risk of homelessness, and other vulnerable populations. Additionally, three virtual community meetings were held in December 2022 and a public survey was conducted to garner input from community members who could not attend the virtual meetings. Lastly, the Barrett Planning Group conducted an in-person consultation with the Community Day Center of Waltham to speak to their clients, most of whom are chronically homeless. The resulting analysis informed the HOME Consortium’s recommendation of funding priorities that were included in the HOME-ARP Allocation Plan approved by HUD in June 2023.

### WestMetro HOME-ARP Allocation

Eligible Activities	Funding Amount	Percent of Grant
Acquisition and Development or Rehabilitation of Affordable Rental Housing	\$2,545,918	47%
Acquisition and Development or Rehabilitation of Non-Congregate Shelters	\$1,000,000	18%
Supportive Services	\$750,000	14%
Tenant Based Rental Assistance	\$300,000	6%
Administration of Planning	\$811,044	15%
<b>TOTAL Allocation</b>	<b>\$5,406,962</b>	<b>100%</b>

A total of \$811,044 HOME-ARP funds will be used for grant administration. On November 9, 2023, The WestMetro HOME Consortium released a Request for Proposals (RFP), making the remaining \$4,595,918 available for the following eligible activities:

- \$2,545,918 made available for the Acquisition and Development or Rehabilitation of Affordable Rental Housing
- \$1,000,000 made available for the Acquisition and Development or Rehabilitation of Non-Congregate Shelter
- \$750,000 made available for Supportive Services
- \$300,000 made available for Tenant-Based Rental Assistance

Prior to the February 9, 2024 proposal deadline, Newton staff held eight technical assistance sessions across the four categories of funding. In total, the Consortium received five (5) proposals for rental housing, zero (0) proposals for non-congregate shelter, nine (9) proposals for supportive services, and six (6) proposals for tenant-based rental assistance (TBRA). On March 14, 2024, the WestMetro HOME Consortium met to decide on funding allocations. The Consortium voted to reallocate \$200,000 to rental housing and \$400,000 to both supportive services and TBRA. The Consortium then voted on the following allocations:

<b>HOME-ARP Allocation Recommendations</b>		
<b>Agency</b>	<b>Project</b>	<b>Award</b>
<b>Rental Housing</b>		
Framingham Housing Authority	Carlson Cross East (Framingham)	\$1,050,000
MetroWest Collaborative Development	West Newton Armory (Newton)	\$630,000
Needham Housing Authority	138-188 Linden Street (Needham)	\$565,918
Planning Office of Urban Affairs	Saint Ann’s Senior Village (Wayland)	\$500,000
<b>Subtotal</b>		<b>\$2,745,918</b>

<b>HOME-ARP Allocation Recommendations (con't)</b>		
<b>Agency</b>	<b>Project</b>	<b>Award</b>
<b>Supportive Services</b>		
Family Promise MetroWest	Homelessness Services	\$236,667
RIA, Inc.	Sisters Leading Sisters	\$200,000
MetroWest Mediation Services	Eviction Prevention through Mediation Services in the Courts and Community	\$166,666
WATCH CDC	WATCH Wrap-Around Program	\$146,667
Watertown Housing Authority	Stabilization Assistance Program	\$136,666
Housing Families	Homelessness Prevention & Legal Services	\$136,667
Brookline Center for Community Mental Health	HOME-ARP Supportive Services	\$126,667
<b>Subtotal</b>		<b>\$1,150,000</b>
<b>Tenant-Based Rental Assistance</b>		
RIA, Inc.	Survivor Directed Housing	\$170,000
Family Promise MetroWest	Homelessness Assistance	\$170,000
MetroWest Collaborative Development	Emergency Rental Assistance	\$120,000
Brookline Center for Community Mental Health	HOME-ARP TBRA Program	\$80,000
Brookline Community Development Corporation	Housing Unhoused Students	\$80,000
WATCH CDC	WATCH Tenant Assistance	\$80,000
<b>Subtotal</b>		<b>\$700,000</b>
<b>TOTAL</b>		<b>\$4,595,918</b>

HOME-ARP funds must be expended by September 30, 2030.

**2. Evaluation of past performance**

Following the close of the fiscal year, the City of Newton submits the Consolidated Annual Performance Evaluation Report (CAPER) to HUD on behalf of the City’s CDBG and ESG programs, and the WestMetro HOME Consortium’s HOME programs. This report describes the expenditures and accomplishments of the prior year and evaluates the progress the communities made in advancing the priorities identified in that year’s Annual Action Plan.

The most recent draft Consolidated Annual Performance and Evaluation Report (CAPER) was posted to the City’s website on August 30, 2023. In accordance with the Citizen Participation Plan, the CAPER was presented by Newton staff to the Planning and Development Board at a public hearing. For the FY23 (FFY22) CAPER, this hearing took place before the Planning and Development Board on September 14, 2023. The presentation of the CAPER initiated a 15-day comment period, after which the report was reviewed and certified by the Executive Office and submitted to HUD. The FY23 (FFY22) CAPER was submitted on October 3, 2023. A public notice of the hearing and subsequent comment period was published in MetroWest Daily and the Boston Herald and announced in the City’s digital Friday Report. The public notice and report were made available on the City’s webpage and in the Housing and Community Development Division office ten days in advance of the meeting.

**3. Summary of Citizen Participation Process and consultation process**

The draft FY25 Annual Action Plan was available for public review on Wednesday March 20, 2024, in advance of the hybrid public hearing held by the Planning and Development Board on Monday, April 1, 2024. The meeting location in City Hall as well as instructions for Zoom participation were included in the City’s public hearing notice. The public comment period began April 1, 2023, and will end Tuesday, May 1, 2024.

Please see the appendix to review the Citizen Participation Plan. Please also see the consultation and participation sections of this plan.

**4. Summary of public comments**

TBD

**5. Summary of comments or views not accepted and the reasons for not accepting them**

**1. Agency/entity responsible for preparing/administering the Consolidated Plan**

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

<b>Agency Role</b>	<b>Name</b>	<b>Department/Agency</b>
Lead Agency	City of Newton, MA	Housing and Community Development Division
CDBG Administrator	City of Newton, MA	Housing and Community Development Division
HOME Administrator	City of Newton, MA	Housing and Community Development Division
ESG Administrator	City of Newton, MA	Housing and Community Development Division

**2. Introductory Narrative**

The Housing and Community Development Division (the Division) of the City of Newton’s Department of Planning and Development serves as the lead agency responsible for the preparation and implementation of the Five-Year Consolidated Plan and respective Annual Action Plans. In addition to operating as the lead agency for the city’s CDBG and ESG consolidated planning process, the Division also serves as the lead entity for the HOME Investment Partnerships Program (HOME) on behalf of the WestMetro HOME Consortium. The Consortium is comprised of the Towns of Bedford, Belmont, Brookline, Concord, Lexington, Natick, Needham, Sudbury, Watertown, and Wayland, and the Cities of Framingham, Newton and Waltham.

**3. Consolidated Plan Public Contact Information**

**AP-10 Consultation - 91.100, 91.200(b), 91.215(l)**

- 1. Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).**

The City of Newton Housing and Community Development Division (the Division) of the Department of Planning and Development works collaboratively with municipalities, city departments, housing providers and advocates, and planning, human service and homelessness agencies throughout the community and region. These joint efforts seek to address community needs, inform investment decisions, and ensure the provision of critical services like mental health care, crisis prevention, youth and elderly programming, childcare, family support, affordable housing and employment opportunities for developmentally disabled persons. The Consolidated Planning process, citizen participation and ongoing coordination with the above-mentioned service providers improves communication, leverages resources, reduces duplication, and produces more meaningful projects.

- 2. Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

The former BNWW CoC, previously led by the City of Newton, merged with the (BoS) CoC in December of 2016. The BoS CoC, under the supervision of the Massachusetts Department of Housing and Community Development, implements the continuum's homelessness strategy across 90+ member communities, which includes the recent merge of Somerville-Arlington CoC and Lowell CoC. This encompasses the administration of federal and state resources, submission of the Consolidated Application for McKinney-Vento funds, completion of regional needs assessments, and supervision of projects addressing homelessness assistance and prevention.

HUD awarded the BoS CoC a total of \$31,762,597 in FFY23 funds, an increase of approximately \$7.9 million dollars from the prior year. From that total, the BNWW region received \$3,393,515 for four projects across three sub-grantee agencies, including Advocates, Pine Street Inn, and The Second Step.

The BoS CoC, in coordination with several agencies from former BNWW CoC, completed the 2024 Point-in-Time Count (PITC) in February. PITC data will be published in FY25. The previous BoS PITC conducted on January 25, 2023 reported 2,178 homeless households, of which 441 were unsheltered.

- 3. Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.**

The City coordinates with the BoS CoC concerning projects and activities, performance standards, funding priorities, Coordinated Entry, and policies and procedures for the operation and administration of Homeless Management Information System (HMIS) and ESG. On January 3, 2024, Division staff consulted with the former BNWW CoC local providers and representatives from the BoS CoC and four municipalities to finalize FY25 (FFY24) ESG funding priorities across ESG's eligible components, of which, funding was prioritized for emergency shelter, homelessness prevention, and rapid re-housing. ESG funds were not prioritized for street outreach or HMIS. The Division streamlined planning processes and released the ESG RFP alongside the Human Service RFP. This year's RFPs were available on January 3, 2024, and due on January 31, 2024.

DRAFT

AP-10: Consultation for the City of Newton and the WestMetro HOME Consortium

Agencies/Groups/Organization Type	Type of Organization	Type of Organization (If serving multiple purposes)	What Section of the Plan was addressed by consultation?	How was the organization consulted?	What are the anticipated outcomes of the consultation or areas for improved coordination?
<b>BEDFORD</b>					
Bedford Housing Authority	Public Housing Authority	Public Housing Authority	Public Housing Needs	The BHA executive director was contacted directly to confirm ongoing programs and responses to Public Housing items.	Collaboratively develop community-wide housing goals based on community needs for inclusion in the Annual Action Plan.
Bedford Housing Partnership	Other government - Local		Housing Need Assessment	The BHT held a public meeting to review and provide input on the Annual Action Plan submission.	
Bedford Health and Human Services	Other government - Local		Homelessness Strategy	The Town youth and family services community social worker was consulted to provide information regarding social services available to residents experiencing homelessness or at risk for homelessness and/or with other special needs	
Bedford Housing Trust	Other government - Local		Housing Need Assessment	The Trust attended a Consolidated Plan public meeting comprised of Town Departments and committees to offer input relative to community-wide housing needs and strategic plan goals.	
<b>BELMONT</b>					
Belmont Housing Trust	Other government - Local		Housing Need Assessment	The Trust conducted various public meeting comprised of Town Departments, committees, Town Meeting Members, and interested residents to gather input relative to community-wide housing needs and strategic plan goals.	Collaboratively develop community-wide housing goals based on community needs for inclusion in the Annual Action Plan.
Belmont Housing Authority	Other government - Local		Public Housing Needs		
Belmont Council on Aging	Other government - Local		Housing Need Assessment		
<b>BROOKLINE</b>					
Brookline Age Friendly Committee	Housing	Services-Elderly Persons	Housing Need Assessment	Staff from the Brookline Planning Department met with members of the Brookline Age Friendly Committee, a group of senior Town residents who work to improve the lives of senior citizens in the Town. This consultation discussed issues and needs for seniors in Brookline concerning affordable housing, homelessness and public services. The meeting yielded a better understanding of the priority needs that seniors face in the community and priority projects.	A defined view of the high priority needs that seniors face in the community and an understanding of projects that are most important to their well-being.
Brookline Housing Advisory Board	Housing	Housing	Housing Need Assessment	The Housing Advisory Board is appointed by the Brookline Select Board and charged with making recommendations on housing policy for the Town. Staff from the Brookline Planning Department attended the monthly HAB meetings to consult with members and Town residents on the Town's housing needs.	The anticipated outcome is a better understanding of the housing needs in Brookline
Brookline Commission on Diversity, Inclusion and Community Relation's Fair Housing Subcommittee	Housing	Services-Persons with Disabilities	Housing Need Assessment	Staff from the Brookline Planning Department met with the Fair Housing Subcommittee of the Brookline Commission on Diversity, Inclusion and Community Relation to discuss housing, with a focus on fair housing, and other community development needs.	The information gained will guide the priorities for the CDBG and HOME Annual Action Plan and strengthen the Town's strategy toward housing and community development needs.
Brookline Center for Mental Health	Housing	Services-homeless	Housing Need Assessment	Staff from the Brookline Planning Department attended a group meeting with staff members from the Brookline Center for Community Mental Health to discuss homelessness, affordable housing, and public service needs in the Town. The outcome is a better understanding of the needs of the town's most vulnerable residents. The assessment helped to form the goals and priorities in the Consolidated Plan and will assist the Town identify strategies to overcome needs and issues of the populations the center serves.	A better understanding of affordable housing, homelessness and social services needs which will help guide the development of the Consolidated Plan.
Brookline Council on Aging	Housing	Services-Elderly Persons	Housing Need Assessment	Staff from the Brookline Planning Department met with the Brookline Council on Aging. The focus of the meeting was to understand seniors' needs in the Town which will help decision makers identify priority projects and services in the future.	A defined view of the high priority needs that seniors face in the community and an understanding of projects that are most important to their well-being.

Agencies/Groups/Organization Type	Type of Organization	Type of Organization (If serving multiple purposes)	What Section of the Plan was addressed by consultation?	How was the organization consulted?	What are the anticipated outcomes of the consultation or areas for improved coordination?
Brookline Community Foundation	Housing	Civic Leaders	Housing Need Assessment	Staff from the Brookline Planning Department held a one-on-one meeting with staff from the Brookline Community Foundation to learn more about their programs and priorities for funding. The outcome was a more thorough knowledge of the housing and community development needs in Brookline, a better understanding of organizations in Brookline doing similar work and ideas for future collaboration.	Improved understanding of the housing and community development needs in Brookline; identification of points of collaboration with other organizations in town.
Pine Street Inn	Housing	Services-homeless	Housing Need Assessment	The Brookline Planning Department held a meeting with Pine Street Inn staff to discuss the development of affordable housing needs for individuals who are very low-income and for homeless individuals and families. There was also a discussion on public service needs for homeless individuals. The outcome of the consultation included information on how new development or rehab of existing housing can support the formerly homeless and which public services the Town could focus on to assist the homeless.	An understanding of the existing barriers to create SRO units for formerly homeless individuals and how to improve that process; high priority social services for homeless individuals.
Brookline Improvement Coalition	Housing	Service-Fair Housing	Housing Need Assessment	Staff from the Brookline Planning Department held a one-on-one meeting with members of the board from the Brookline Improvement Coalition.	Improved understanding of affordable housing capital needs in property-owned by BCDC.
Center Communities	Housing	Services-Elderly Persons	Housing Need Assessment	Staff from the Brookline Planning Department attended a group meeting with Center Communities staff, a local senior affordable housing developer. The outcome of the consultation is a better understanding of affordable housing needs in the Town facing seniors, social service needs for seniors, and infrastructure issues in the Town. This information contributed to the assessment of major needs and informed goal-setting for the Consolidated Plan.	Improved understanding of housing issues facing seniors, social services needed for seniors, and infrastructure issues in the Town.
Commission on Disability	Housing	Services-Persons with Disabilities	Housing Need Assessment	Staff from the Department of Planning attended a public meeting hosted by the Town of Brookline Commission on Disability. This group included professionals working in fields that serve the persons with disabilities. The anticipated outcome is a better understanding of the needs of persons with disabilities and how federal funds can be utilized to meet these needs.	Improved understanding of the needs of persons with disabilities and how federal funds and local resources can be utilized to meet these needs.
Town of Brookline Department of Health	Other-Government Agency	Health Services	Lead Paint Based Strategy	The Brookline Planning Department staff consulted with the Town of Brookline Department of Health on lead-paint issues in the Town as well as the housing availability and affordability of housing.	Additional information to educate the public, especially landlords and tenants to identify lead paint and understand their rights.
Brookline Housing Authority	Public Housing Authority	Service-Fair Housing	Public Housing Needs	Staff from the Brookline Planning Department held a one-on-one meeting with staff from the Brookline Housing Authority.	The anticipated outcomes include addressing the needs of BHA residents in regards to both public services and investments in BHA capital projects.
Comcast	Major Employer		Other (broadband access)	Staff from the Brookline Planning Department held a one-on-one meeting with a government relations representative from Comcast on October 3, 2019.	Improved understanding of broadband access in Brookline, including the Internet Essential Program for low-income residents. The Town will collaborate with Comcast to share information about this program.
RCN Cable	Major Employer		Other (broadband access)	Staff from the Brookline Planning Department contacted a government relations representative from RCN Cable	Improved understanding of broadband access in Brookline. RCN is the Brookline Housing Authority high-speed internet provider.
<b>CONCORD</b>					
Concord Housing Development Corp.	Community Development Financial Institution		Housing Need Assessment	The CHDC held a public meeting to review and provide input on the Annual Action Plan submission.	The anticipated outcomes of the consultation are improved coordination and the inclusion of the organization's input in the Action Plan.
Concord Housing Authority	Public Housing Authority	Public Housing Authority	Public Housing Needs	The CHA was consulted to confirm ongoing programs and responses to Public Housing items.	

Agencies/Groups/Organization Type	Type of Organization	Type of Organization (If serving multiple purposes)	What Section of the Plan was addressed by consultation?	How was the organization consulted?	What are the anticipated outcomes of the consultation or areas for improved coordination?

DRAFT

**AP-12 Participation - 91.401, 91.105, 91.200(c)****1. Summary of citizen participation process/Efforts made to broaden citizen participation  
Summarize citizen participation process and how it impacted goal-setting**

During the Consolidated Planning process, Division staff employed a number of methods to solicit citizen and agency input, including three Community Needs Assessment Meetings open to the public; a series of inter-departmental needs assessment sessions including representatives from Health and Human Services, Economic Development, Conservation, Public Works, Senior Services, Engineering, Parks and Recreation, and Transportation; a number of presentations and discussions with city boards and commissions including the Commission on Disability, the Fair Housing Committee, and the Newton Housing Partnership; a series of brown bag lunches / discussions with Newton's Human Service and ESG subrecipients; and other focused meetings and phone calls with other relevant agencies and stakeholders, such the City's Continuum of Care partners at the Balance of State (DHCD).

In an effort to reach a broad base of stakeholders, particularly low- to moderate-income individuals, the three Community Needs Assessment Meetings were held in three locations in different parts of the City, and at various times of the day. The Newton Community Development Foundation (NCDF) and FamilyAccess, both human service subrecipients, hosted the first two meetings. The events were held at Weeks House, NCDF's mixed-income housing development and the gymnasium at FamilyAccess. Many of the participants at the Weeks House event were low-income elderly residents of the site, and the participants at the Family Access event included several low- to moderate-income individuals actively engaged in a search for affordable housing in Newton.

Staff also discussed the Annual Action Plan at various boards and commissions meetings from December through February, including the following: the Fair Housing Committee; Newton Housing Partnership; Newton Commission on Disability; and local providers of the former Brookline-Newton-Waltham-Watertown Homelessness Continuum of Care. In accordance with HUD guidance and the City's Citizen Participation Plan, a hybrid public hearing will be held for a review of the Plan by the City's Planning and Development Board on April 1, 2024. For those opting to participate in the hearing via Zoom, instructions were detailed in the City's public notice advertising the hearing. An accessible draft of the document was made available on the City's website a week in advance of the hearing and copies of the Annual Action Plan are available in other languages upon request.

In addition, notice of the draft Annual Action Plan's availability and the date of the public hearing was included in the Planning and Development Department's weekly report that is distributed digitally to several hundred recipients, including local nonprofits and other organizations serving low- and moderate-income individuals and minorities. A notice for the public hearing was published in the MetroWest Daily as well as the Boston Herald during the week of March 17, 2024. The notice provided contact information for the City's ADA coordinator

and telecommunications relay service, for anyone seeking to request reasonable accommodation.

As previously mentioned, the Barrett Planning Group, on behalf of the WestMetro HOME Consortium, prepared the required [HOME-ARP Allocation Plan](#), which outlines the strategy and planned expenditures of federal HOME-ARP funds from the U.S. Department of Housing and Urban Development (HUD). To ensure that the Plan accounted for the most pressing homelessness and housing instability needs, the Consortium conducted broad community outreach to engage stakeholders, advocates, and housing and homelessness service organizations. The Barrett Planning Group held virtual consultations with homelessness providers, housing authorities, fair housing organizations, disability organizations, housing developers, and many more providers and organizations across the Consortium. These consultations were conducted from October through December 2022 to gather data and input on the needs of households experiencing homelessness, at-risk of homelessness, and other vulnerable populations. Additionally, three virtual community meetings were held in December 2022 and a public survey was conducted to garner input from community members who could not attend the virtual meetings. Lastly, the Barrett Planning Group conducted an in-person consultation with the Community Day Center of Waltham to speak to their clients, most of whom are chronically homeless. The resulting analysis informed the HOME Consortium's recommendation of funding priorities that were included in the HOME-ARP Allocation Plan approved by HUD in June 2023.

#### *Consortium Communities*

The Towns of Bedford, Belmont, Concord, Lexington, Natick, Sudbury and Wayland use public hearings at the Board of Selectmen/Select Board meetings when broad public input is needed and/or public hearings are required. The local Boards (Bedford Municipal Affordable Housing Trust, Bedford Housing Partnership, Belmont Housing Trust, Concord Housing Development Corporation, Concord Municipal Affordable Housing Trust, Lexington Housing Partnership, Natick Affordable Housing Trust, Sudbury Housing Trust, and Wayland Housing Trust) hold monthly meetings to review and deliberate on all proposed or ongoing affordable housing projects.

In Brookline, the Housing Division staffs the Brookline Housing Advisory Board (HAB), which holds monthly meetings to review and issue recommendations on affordable housing projects being undertaken or considered by the Town. All final funding commitments for affordable housing projects are approved by the Board of Selectmen as part of the public hearing process. All HAB meetings are open to the public and advertised on the Town's website and blog. The Brookline Housing Division reached out to an extensive network of affordable housing advocates including Brookline's boards, commissions, staff, nonprofits, social services agencies, affordable housing developers, and human and health services providers, to participate in the formulation of the FY25 (FFY24) Annual Action Plan. In 2022, Brookline released an updated five-year Housing Production Plan. The Plan builds on housing, social, economic, and real estate data, a robust community engagement process, a housing needs assessment, housing production goals and other local and regional planning studies.

The City of Framingham's Community Development Committee (CDC) holds a series of meetings and public hearings during the fall and winter of each year to determine allocation priorities for the following fiscal year. As part of the planning process, Community Development Program (CD) staff recommended a budget to the mayor that is ratified by the City Council.

The Needham Affordable Housing Trust conducts meetings to discuss housing initiatives and other housing-related issues, including those related to the HOME Consortium. The Trust holds meetings at least twice a year with special meetings as needed. The public is notified of and encouraged to attend. To boost citizen participation in housing-related initiatives the town endorsed the Needham Housing Coalition, an open and informal coalition of residents striving to help implement many of the recommendations in the 2022 Housing Plan. With the Town's support, the Needham Housing Coalition received CHAPA approval for participation in the Municipal Engagement Initiative (MEI). The Coalition will continue to hold a wide variety of special meetings on housing issues in FY25 (FFY24).

The Watertown Affordable Housing Trust uses email to announce its meetings and agendas. The Watertown components of the FY25 (FFY24) Annual Action Plan were reviewed and approved by the Trust on January 17, 2024.

The Waltham Housing Division and Planning Departments hold meetings and discussions with social service agencies, affordable housing advocates, and City Boards and Commissions to provide input on the 2024-2025 Annual Action Plan. Housing Division staff attend Waltham Affordable Housing Trust meetings quarterly to supply information on emergency housing needs of City residents and data on the number of residents applying for emergency funding to prevent eviction. From September through December 2022, Waltham conducted seven city council special committee public input meetings for the update of the City's Master Plan. Meetings were conducted in each of the City's wards to solicit input on community development goals, including housing creation and barriers to affordable housing. In addition, targeted master plan input sessions were held with city departments, Waltham senior citizens, local veterans, and social service/non-profit organizations. Additional meetings were held in 2023 and will continue in 2024.

## EXPECTED RESOURCES

### AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

#### 1. Introduction

The City of Newton anticipates receiving \$3,681,296.00 in CDBG, HOME and ESG funds, plus an additional \$251,000 in program income, during the July 1, 2024- June 30, 2025 program year. Investments are targeted to a myriad of community needs and priorities identified in the FY21-25 Consolidated Plan and include the acquisition, development, rehabilitation, and preservation of affordable housing; homelessness assistance and prevention; human services; architectural access and program administration. To maximize the impact of these HUD entitlement funds, the City strategically leverages additional funds and partnerships whenever possible.

See AP-15: Anticipated Resources at the end of this section.

#### 2. Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied.

The City will use federal funds to leverage additional resources in several ways. With respect to affordable housing projects, Community Preservation Act (CPA) funding, allocated to Newton's Affordable Housing Trust, will supplement federal HOME and CDBG funds, to produce and preserve affordable units wherever possible. CPA funding provides the flexibility to generate mixed-income developments, because it can be used to support households earning up to 99% of the Area Median Income (AMI). Inclusionary Zoning (IZ) funds, which are paid to the City by developers of multi-family housing projects in lieu of providing affordable on-site units, further complement these resources. A combination of public investments using CDBG, HOME, CPA and IZ funding, in addition to other state investments (such as tax credits, etc.) and private financing, facilitates affordable housing development in Newton.

Relative to CDBG Human Services and ESG program, respondents to the City's Request for Proposals (RFP) must detail complete program costs and resources to be utilized in conjunction with the CDBG and ESG funds. ESG funds are required to be matched by 100 percent. Leveraged funds include fundraised dollars, McKinney-Vento funds, housing vouchers, community foundations and trusts, and state grant allocations. In FY24 (FFY23), the ESG program exceeded its requirement and leveraged approximately \$894,923 in matching funds with a combination of state and private funds. While the Human Services program does not have a matching requirement, in FY24 (FFY23), the program leveraged approximately \$5,249,146 from private foundations, organizational fundraising, state agencies, the City, and program fees.

HOME communities support housing projects by leveraging HOME funds with State, Community Preservation Act, Inclusionary Zoning and other town funds. Communities additionally report forgone taxes from HOME match-eligible affordable housing units and State and local Tenant Based Rental Assistance program funds as contributions toward HOME's 25 percent match requirement.

In 2021, Brookline residents voted to adopt the Community Preservation Act and the Town is working on adopting policy for its Community Preservation Fund. Brookline finances the CPA program, in part, through a one-percent surcharge on residential and commercial property tax bills. The CPA surcharge collection took effect in 2022 and the Brookline Planning Department hired a CPA planner for the administration of these funds.

In FY25, the Town of Brookline will oversee the completion of Hebrew Senior Life (HSL) expansion at 108 Center Street, a HOME assisted age restricted housing development project. The Town also anticipates working with the Brookline Community Development Corporation (BCDC) on the 154-156 Boylston Street project. This rehabilitation project will serve six extremely low to low-income households. A combination of CDBG, HOME, ARPA and the State funds will be used in this project.

In the fall of 2023, the Framingham Community Development office applied for \$360,000 in CPA funds to create a new rental assistance program. The program will benefit up to 30 Framingham families with a year of rental assistance at \$1,000 per month. This request was presented at the Community Preservation Committee's public hearing on February 1, 2024.

A total of \$400,000 in municipal funds (\$80,000 per year) have been allocated to the Natick Affordable Housing Trust (AHT) to develop affordable housing. These funds will be augmented by fees paid to the Natick AHT by housing developers under Natick's new inclusionary requirements for affordable housing. In 2022, the Natick Planning Board voted to allow payment in-lieu of the construction of affordable units under inclusionary zoning.

In 2023, Waltham allocated an additional \$200,000 in City American Rescue Plan Act (ARPA) funds for emergency rental assistance to leverage existing HOME funds. These additional ARPA funds supplemented the \$200,000 in ARPA funds previously allocated and the \$2.2M in funds distributed during COVID for emergency rental assistance.

In FY23, Waltham allocated \$400,000 in HOME funds towards accessibility improvements at Beaverbrook Apartments, a 60-unit elderly apartment development owned by the Waltham Housing Authority. This project is also utilizing \$400,000 in CDBG and \$800,000 in DHCD funding. Waltham Housing Authority estimates project completion by June 2025. Twenty-seven units are anticipated to be HOME assisted.

**3. If appropriate, describe public owned land or property located within the jurisdiction**

**that may be used to address the needs identified in the plan**

Newton will continue to push forward the redevelopment of the West Newton Armory site on Washington Street into 100% affordable housing. As an awardee of a \$200,000 Housing Choice Grant from the Department of Housing & Community Development (DHCD), the City hired an affordable housing consultant in FY21 to conduct a predevelopment feasibility study on the site. Concurrently, as part of the City's Real Property Reuse process, the West Newton Armory Joint Advisory Planning Group (JAPG), consisting of nine community members, analyzed the property and its redevelopment potential over the course of eleven months. Following the completion of the consultant's study and the JAPG's report, the City Council unanimously recommended to the Mayor that the City purchase the Armory for \$1 from the State to redevelop it into 100% affordable housing. Newton took ownership of the Armory in the Fall of 2021 and selected Metro West Collaborative Development/Civico Development, through an RFP process, to partner with the City in the redevelopment of the site. The Metro West/Civico proposal includes 43 units of intergenerational housing that are affordable to households earning 30-60% of the Area Median Income. At a public hearing in April of FY23, the Planning and Development Board voted to approve a pre-commitment of FY24 and FY25 CDBG funds (total of \$930,000) and FY24 HOME funds (\$132,023.50), and the City's Inclusionary Zoning funds, to develop the Armory into affordable housing with supportive services. The Armory project received its Chapter 40B Comprehensive Permit from the Newton Zoning Board of Appeals and submitted a One Stop Application to the Massachusetts Executive Office of Housing and Livable Communities (EOHLC). In May of 2023, the West Newton Armory was one of 27 projects awarded state and federal tax credits, subsidy funds, and ARPA funds by the Healey-Driscoll Administration. Project construction is expected to begin in FY25 and be completed in FY26, according to Civco's timeline.

Following a substantial amendment in mid-FY24, Newton committed financial resources to redevelop the Chetwynde Nursing Home, at 1650 Washington Street, into the West Newton Family Navigation Center. Upon completion, the Center will include 42 units of transitional housing for single parents and their children. This property will be leased by FamilyAid, an organization committed to preventing family homelessness by empowering parents and caregivers to secure and sustain housing. After completing the City's Administrative Site Plan Review process in early FY24, Newton's Affordable Housing Trust awarded \$500,000 to the project and the Planning & Development Board approved the substantial amendment request to allocate \$750,000 in local CDBG funding to create an accessible pathway from the street to the entrance of the building. The former nursing home will be renovated to provide group and individual educational spaces, kitchen and dining areas, study lounges, indoor and outdoor play areas, alongside 42 units of transitional housing. Family Aid plans to start construction in the latter half of FY24 and open the Navigation Center in August of 2024.

Finally, the City will continue exploring the feasibility of redeveloping a parcel of land, recently acquired by Newton, into affordable housing. The site contains three existing homes and was purchased by the City through its one-time allocation of ARPA Funds. In FY23, Newton was awarded a \$235,000 Housing Choice Grant from DHCD to hire a consultant to assess the

feasibility of redeveloping the site. Weston & Sampson was selected by the City, through an RFP process, to complete the feasibility study in FY25. In preparation for the study, the Planning and Development Department, with the help of the consulting team, commenced the City's Real Property Reuse process in FY24.

#### *Consortium Communities*

The 2022 Brookline Housing Production Plan identified two town-owned sites through location-based testing for future affordable housing development purposes: the Babcock Street parking lot and the Newbury West Site. Those sites might be candidates for potential redevelopment but will require further analysis and testing.

The Concord Housing Development Corporation (CHDC) owns two separate parcels of land on which to create affordable housing. The CHDC is beginning to solicit indications of interest for each of the properties – the 1-acre Assabet River Bluff property and the 12-acre Junction Village property. In FY23, plans to develop an affordable assisted living development on the Junction Village property were terminated due to financial and political reasons.

Natick has awarded the development of the former school property located at 5 Auburn Street to Metrowest Collaborative Development, with support from the Natick Affordable Housing Trust. The development is planned to create 32 high-quality affordable units for households earning at and below 60% of the Area Median Income (AMI) and 30% of the AMI. The project may utilize HOME funds.

Needham continues to support the Needham Housing Authority plans to modernize its federally sponsored developments at Seabeds Way, Captain Robert Cook Drive, and High Rock as well as improve its state developments of Linden and Chambers. The funding of these future projects will likely include local HOME and CPA funds in addition to a wide array of other housing financing programs.

AP-15 Anticipated Resources for City of Newton & WestMetro HOME Consortium for FY25

## ANNUAL GOALS AND OBJECTIVES

### AP-20 Annual Goals and Objectives - 91.420, 91.220(c)(3)&(e)

#### 1. Goals Summary Information

The City of Newton receives Community Development Block Grant (CDBG), HOME Investment Partnership (HOME) and Emergency Solutions Grant (ESG) funds from the U.S. Department of Housing and Urban Development (HUD). These funds are utilized to address housing and community development needs in the City of Newton and housing needs in the WestMetro HOME Consortium communities. The FY25 (FFY24) Annual Action Plan identifies eight goals for the City of Newton and three for the WestMetro HOME Consortium.

#### **Goal: Production of New Affordable Housing Units**

In FY25 (FFY24), CDBG and HOME funding allocated to the City of Newton will continue to be used for a variety of programs and activities to preserve and expand affordable opportunities across the City. In alignment with the FY21-FY25 Consolidated Plan, the Division will seek to fund affordable housing projects near amenities, village centers, and public transportation options to promote housing equality and economic and demographic diversity. The Division will also look to support projects that provide Newton seniors the opportunity to remain in the community as they age, as well as providing opportunities for affordable housing for families. Additionally, the Division will identify projects that expand the stock of accessible and visitable housing.

Newton will continue to push forward the redevelopment of the West Newton Armory site on Washington Street into 100% affordable housing. As an awardee of a \$200,000 Housing Choice Grant from the Department of Housing & Community Development (DHCD), the City hired an affordable housing consultant in FY21 to conduct a predevelopment feasibility study on the site. Concurrently, as part of the City's Real Property Reuse process, the West Newton Armory Joint Advisory Planning Group (JAPG), consisting of nine community members, analyzed the property and its redevelopment potential over the course of eleven months. Following the completion of the consultant's study and the JAPG's report, the City Council unanimously recommended to the Mayor that the City purchase the Armory for \$1 from the State to redevelop it into 100% affordable housing. Newton took ownership of the Armory in the Fall of 2021 and selected Metro West Collaborative Development/Civico Development, through an RFP process, to partner with the City in the redevelopment of the site. The Metro West/Civico proposal includes 43 units of intergenerational housing that are affordable to households earning 30-60% of the Area Median Income. At a public hearing in April of FY23, the Planning and Development Board voted to approve a pre-commitment of FY24 and FY25 CDBG funds (total of \$930,000) and FY24 HOME funds (\$132,023.50), and the City's Inclusionary Zoning funds, to develop the Armory into affordable housing with supportive services. The Armory project received its Chapter 40B Comprehensive Permit from the Newton Zoning Board of Appeals and submitted a One Stop

Application to the Massachusetts Executive Office of Housing and Livable Communities (EOHLC). In May of 2023, the West Newton Armory was one of 27 projects awarded state and federal tax credits, subsidy funds, and ARPA funds by the Healey-Driscoll Administration. Civico estimates that construction will begin in the Spring of 2025 and the project is expected to be completed in FY26.

Following a substantial amendment in mid-FY24, Newton committed financial resources to redevelop the Chetwynde Nursing Home, at 1650 Washington Street, into the West Newton Family Navigation Center. Upon completion, the Center will include 42 units of transitional housing for single parents and their children. This property will be leased by FamilyAid, an organization committed to preventing family homelessness by empowering parents and caregivers to secure and sustain housing. After completing the City's Administrative Site Plan Review process in early FY24, Newton's Affordable Housing Trust awarded \$500,000 to the project and the Planning & Development Board approved the substantial amendment request to allocate \$750,000 in local CDBG funding to create an accessible pathway from the street to the entrance of the building. The former nursing home will be renovated to provide group and individual educational spaces, kitchen and dining areas, study lounges, indoor and outdoor play areas, alongside 42 units of transitional housing. Family Aid plans to start construction in the latter half of FY24 and open the Center in August of 2024.

Finally, the City will continue exploring the feasibility of redeveloping a parcel of land, recently acquired by Newton, into affordable housing. The site contains three existing homes and was purchased by the City through its one-time allocation of ARPA Funds. In FY23, Newton was awarded a \$235,000 Housing Choice Grant from DHCD to hire a consultant to assess the feasibility of redeveloping the site. Weston & Sampson was selected by the City, through an RFP process, to complete the feasibility study in FY25. In preparation for the study, the Planning and Development Department, with the help of the consulting team, commenced the City's Real Property Reuse process in FY24.

***Goal: Preservation of Affordable Units***

The City is actively preserving 146 units of deeply affordable senior housing at 2Life Communities' Coleman House with FY21 CDBG and FY22 HOME funds. These funds are being used to conduct a comprehensive rehabilitation of the building's mechanical systems and infrastructure, as well as accessibility design upgrades to each of the 146 units. The improvements will make the project more efficient and environmentally sustainable for the next several decades and will improve the quality of life for senior residents. Construction began in the Summer of 2021. Contractors ran into some unanticipated problems with the existing conditions, coupled with new fire and electric code requirements, that have pushed back the project timeline. In November 2023, \$1,500,000 in Newton Affordable Housing Trust funding was committed to assist with construction cost overruns generated by the extensive rehabilitation.

***Goal: Support Affordable Homeownership***

Newton's CDBG-funded Downpayment/Closing Cost Assistance program supports and expands sustainable homeownership among low- and moderate-income households in Newton. The program will target first-time homebuyers of new and existing deed restricted homeownership units. Seven income-eligible homebuyers are expected to be assisted through the CDBG Downpayment/ Closing Cost Assistance program in FY25.

***Goal: Rehabilitation of housing***

Staff will continue to market and administer the Housing Rehabilitation program on a rolling basis, which provides homeowners and qualifying nonprofit organizations with deferred payment loans for repairs and improvements aimed at addressing issues related to health, safety, and building code violations. The Rehabilitation program was expanded to include existing accessory apartments and lodging houses that require repairs to ensure resident health, safety, and building code compliance. Through FY25 and prior year funding, it is anticipated that approximately three units of homeowner housing and 30 rental units will be rehabilitated through CDBG assistance.

In addition to its state and federal developments, the Housing Authority maintains 57 units of low-income rental housing, across 13 developments, known as its Management Program (93 units in total, including the 36 recently acquired CAN-DO units). Unlike the NHA's public housing, this portfolio does not receive any subsidy or capital funds from HUD or DHCD. The NHA has used its own operating funds and occasional grants to maintain these properties throughout Newton. In 2019, the NHA commissioned a capital needs assessment of the Management Program portfolio. The assessment revealed significant needs at several properties, totaling \$2,924,044 in recommended Year 1 expenditures alone. The NHA undertook some of the recommended improvements but does not have adequate resources to address all the recommendations in the capital needs assessment. In FY25, the City will continue to work with the NHA to identify CDBG- and HOME-eligible rehabilitation projects to support the preservation of these essential affordable units.

***Goal: Provision of supportive services to the homeless and at-risk of homeless***

With respect to the ESG program, \$164,388 was allocated through a competitive RFP process for local providers to provide emergency shelter, homelessness prevention, and rapid rehousing assistance to homeless and at-risk individuals and families in the Brookline-Newton-Waltham-Watertown region. The City of Newton, BoS CoC, and the BNWW representatives balanced consideration of the population's greatest needs in the immediate region, continued impacts of the coronavirus pandemic, and HUD's increased emphasis on funding for homelessness prevention and rapid re-housing assistance. During FY25 (FFY24), ESG funding will support four projects across three sub-grantees.

***Goal: Increase awareness of fair housing policies and practices***

Fair Housing will be a focus for the City of Newton and WestMetro HOME Consortium in recognition that continued education around fair housing laws, regulations and enforcement are critical to ensure every person has equal opportunity and access to affordable housing. The City

and the WestMetro HOME Consortium, with the support of the Fair Housing Committee, intend to lead three fair housing education events in FY25.

In FY25, the Consortium will focus on fair housing testing, one of the recommended actions in the recently updated [Analysis of Impediments to Fair Housing Choice report \(AI\)](#). In FY23, the Consortium contracted with the Housing Discrimination Testing Program (HDTP) at Suffolk University Law School to conduct a two-year Fair Housing testing study throughout the 13 HOME communities. The study, which will include 130 tests, is designed to assess the level of race (black) and voucher-based discrimination in the rental housing market. Of the 57 tests that have been completed to date, 16 tests indicate discrimination. Through the HDTP, Suffolk University Law program, has begun the complaint process with the Massachusetts Commission Against Discrimination. The goal of this process is to notify the housing providers of the discriminatory action, and work with them to implement actions to prevent any reoccurrence.

The parking cost associated with development was also identified as a potential barrier to affordable housing in the Consortium's AI. To determine the existence of this barrier, the Consortium partnered with MAPC to complete a parking utilization study of over 40 large multi-family, mixed-income and affordable developments built since 2000. MAPC drew upon an analysis of property surveys and overnight parking counts to determine parking demand per unit. The WestMetro Parking Utilization Study Perfect Fit Parking Initiative Phase 4 memorandum, presented to the Consortium in July 2023, cited an oversupply of parking at the research sites. MAPC's policy recommendations include shifting parking minimums to maximums, reducing parking ratios, unbundling parking from housing costs, and exploring strategies for shared parking. These recommendations will continue to be discussed by the WestMetro HOME Consortium in FY25.

***Goal: Provision of human services***

Human service grants will support 14 public service agencies and organizations during FY25 (FFY24). An estimated total of \$305,600 was distributed through a competitive process held in conjunction with the ESG RFP. Selected projects will cover a wide range of services that will address the needs of vulnerable populations and the City's three priority areas: 1.) Enrichment and Care for Vulnerable Youth; 2.) Stability and Self-Sufficiency for Vulnerable Adults; and 3.) Promoting Economic Security and Vitality for Older Adults. These projects will directly benefit low- to-moderate- income youth, adults, seniors, as well as persons with disabilities and move these individuals and families toward economic mobility and/or stability.

***Goal: Implementation of architectural accessibility improvements for persons with disabilities***

Approximately 5 percent of CDBG funding (\$90,210) will be allocated toward the removal of material and architectural barriers restricting mobility and accessibility of elderly or severely disabled persons, through public thoroughfares, public buildings, parks and recreational facilities, and nonprofit agencies. In FY25, these funds will support pedestrian access improvements at the five-way intersection of Langley Road, Sumner Street and Beacon Street. The scope of work includes curb cut extension and reconstruction as well as crosswalk

realignment. In addition to FY25 access funds, this project will utilize \$48,000 in FY24 CDBG access funds and \$190,000 in ARPA funds.

### **HOME Consortium Goals**

#### ***Goal: Tenant Based Assistance for Rental Housing***

In FY25, 47 households will be assisted through Tenant Based Rental Assistance (TBRA) programs in Bedford, Framingham, Lexington, Natick, Waltham and Wayland. The upfront costs required to access affordable rental housing in the Consortium present a barrier for many lower income households. A limited rental stock and rising rents in the region, problems that mushroomed during the COVID-19 pandemic, have also caused an increase in the security deposit fees and first/last month rent. These conditions continue to place demand on rental assistance programs.

#### ***Goal: Rehabilitation of Existing Units***

Accessibility improvements at Waltham Housing Authority's Beaverbrook Senior Apartments are expected to be complete by June 2025. Twenty-seven of the 60 units are anticipated to be HOME assisted units. The project scope includes complete kitchen and bath renovations and the conversion of three units into fully accessible ADA units.

#### ***Ongoing progress***

The Towns of Belmont, Brookline, Lexington, Needham and the City of Waltham will focus on rehabilitation of housing authority units in FY25. Belmont will continue to advance the HOME-funded Sherman Gardens project, a housing authority property. Brookline will continue to work with the Brookline Housing Authority to rehabilitate additional federal properties under the Rental Assistance Demonstration Program and the Capital Improvement Plan. Framingham is partnering with its local Housing Authority to rehabilitate and redevelop Carlson Crossing, a phased project that will rehabilitate 125 units and produce 7 units, including a total of ten HOME units. Construction on Phase I, which includes the three newly constructed ADA units, began in Fall of 2022 and was complete in April of 2023. Phase II construction, which includes 86 units (5 HOME) began in January 2024 and is expected to be completed in early FY26. In FY25, Brookline will explore support to the Brookline Community Development Corporation (formerly Brookline Improvement Coalition) to assist with HOME funds in the rehabilitation of a six unit building at 154-156 Boylston Street.

Needham continues to work with the Needham Housing Authority on potential modernization and/or redevelopment efforts through its Preservation and Redevelopment Initiative (PRI). With CPA funding support from the Town, NHA has brought on the Cambridge Housing Authority as consultants to determine the most appropriate funding sources to refinance and reposition its inventory of units. The overall goals include completing improvements, producing new units, and enhancing its operations. Needham expects to allocate additional CPA and request HOME funds to support these efforts.

***Goal: Production of Affordable Units***

*Ongoing progress*

In FY25, the Town of Brookline will oversee the completion of Hebrew Senior Life's expansion at 108 Center Street, an 11-unit HOME-assisted senior housing project. Wayland's Saint Ann's Senior Village, a senior rental development at 124 Cochituate Road, is in its pre-development stage. The proposed project calls for the new construction of a three-story building consisting of 60 affordable one-bedroom units to be rented to individuals over the age of 62 with incomes between 30% and 60% of the Area Median Income. This development received \$171,080.25 in Consolidated Pool funding and will utilize Wayland's FY25 HOME project funds. Throughout the year, progress will continue in Newton's redevelopment of the West Newton Armory to create 43 units of intergenerational, affordable housing.

DRAFT

AP-20 FY25 GOALS FOR NEWTON AND THE WESTMETRO HOME CONSORTIUM

Name of Goal	Funding	Description of Goal	Priority Needs Addressed	Category of Goal	Start Year	End Year	Outcome	Objective	Goal Outcome Indicator	Quantity	GOI Unit of Measurement
<b>NEWTON</b>											
Administration	CDBG: \$412,860	Administration of the CDBG program	Affordable housing, production of units; affordable housing, rehab.; affordable housing, acquisition of existing units; non-housing community development, public services; architectural access; fair housing	Affordable housing; Non-homeless special needs; Non-housing community development	2021	2025	Availability/Accessibility	Create suitable living environments	23- Other (Organization)	1	23- Other (Organization)
Production of New Affordable Units	CDBG: \$1,042,881.30 HOME: \$316,455	Create affordable rental and ownership housing near amenities, village centers, and public transportation options to promote housing equality and economic and demographic diversity. Support older adults to allow them to remain in Newton as they age.	Affordable housing, production of units	Affordable housing	2021	2025	Affordability	Provide decent affordable housing	7-Rental units constructed 9-Homeowner housing added	0 0	7-Household housing unit 9-Household housing unit
Support Affordable Homeownership	\$0	Financial support for low- and moderate-income first-time homebuyers purchasing deed-restricted affordable units.	Affordable housing, rehab of existing units	Affordable housing	2021	2025	Affordability	Provide decent affordable housing	11-Direct financial assistance to homebuyers	7	11-Households assisted
Rehabilitation of Existing Units	CDBG: \$242,808.70	Continued funding for the housing rehab program for income-eligible residents, including improvements for accessibility and safety, especially for seniors to encourage aging in place.	Affordable housing; acquisition of existing units	Affordable housing	2021	2025	Sustainability	Create suitable living environments	8-Rental units rehabilitated 10-Homeowner housing rehabilitated	30 3	8-Household housing unit 10-Household housing unit
Preservation of Affordable Units	\$0	Preserve the affordability of deed-restricted units to support successful tenancy of low- to moderate-income residents of Newton.	Affordable housing; acquisition of existing units	Affordable housing	2021	2025	Sustainability	Provide decent affordable housing	23-Other - please specify	0	23-Other - please specify
Fair Housing	\$0	Meet the need for more fair housing education, enforcement, and obligations.	Fair Housing	Affordable housing	2021	2025	Availability/accessibility	Provide decent affordable housing	23-Other - please specify	3	23-Other - please specify
Supportive Services for Homeless and At-Risk of Homelessness	ESG: \$164,388	Provide supportive services for individuals and families that are homeless or at-risk of homelessness, including financial support for existing emergency and transitional housing.	Homeless, emergency shelter/transitional housing; homeless, prevention; homeless, rapid re-housing	Homeless	2021	2025	Availability/accessibility	Create suitable living environments	23-Other - please specify	230	23-Other - please specify
Human Services	CDBG: \$305,600	Financial support for programs that directly benefit low- and moderate-income youth, families, seniors, and persons with disabilities.	Non-housing community development, public services	Non-homeless special needs	2021	2025	Availability/accessibility	Create suitable living environments	3-Public service activities other than Low/Moderate Income Housing benefit	2,536	3-Persons assisted
Architectural Access	CDBG: \$90,210	Remove architectural barriers and increase access and mobility throughout the City to public thoroughfares, public buildings, parks and recreational facilities.	Architectural Access	Non-housing community development	2021	2025	Availability/accessibility	Create suitable living environments	1-Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit	1,072	1-Persons Assisted
<b>HOME CONSORTIUM</b>											
HOME Administration	HOME: \$165,260.50	Administration of the HOME program	Tenant Based Assistance; Housing Rehab; Production of Rental Units	Affordable housing	2021	2025	Affordability	Provide decent affordable housing	23- Other (Organization)	9	23-Other (Organizations)
Tenant Based Assistance for Rental Housing	HOME: \$1,483,530.65	HOME funds will be used for local TBRA programs to assist eligible households with security deposit assistance to move-in to affordable rental housing. CHDO Operations	HOME: \$165,260.50	HOME funds for the operation of Community Housing Organizations in the WestMetro HOME Consortium.	Production of Rental Units; Housing Rehab	Affordable housing	2021	2025	Affordability	Provide decent affordable housing	23- Other (Organization)	1	23- Other (Organization)

## AP-35 Projects - 91.420, 91.220(d)

### 1. Introduction

During the fifth and final year of the 2021-2025 Consolidated Plan, funding will address unmet community needs and continuing commitments to priority multi-year initiatives. Proposed projects and activities remain consistent with HUD priorities, seeking to primarily assist vulnerable low-to-moderate income residents through the creation and preservation of decent housing, suitable living environments and expanded economic opportunity.

See sheet [AP-35: Projects](#) at the end of this section.

### 2. Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Division staff allocated CDBG funding to four general categories: Affordable Housing, Human Services/Public Services, Architectural Access, and Program Administration. These categories are funded based on the priorities and needs detailed in the FY21-25 Consolidated Plan.

#### Affordable Housing

Approximately 60 percent of CDBG funds, \$895,690 combined with \$160,000 in estimated FY25 (FFY24) program income, for a total of \$1,055,690, will be allocated to affordable housing projects to be identified during the FY25 (FFY24) program year. This funding will be used to facilitate housing rehabilitation and acquisition of units for low- and moderate-income households. A total of \$230,000 of these funds were specifically earmarked for the West Armory Affordable Housing Development project.

#### Human Services/Public Services

The Human Service Grants will fund 14 public service agencies and organizations during FY25 (FFY24). These programs directly benefit low-to-moderate income residents, offering a critical network of supports to provide essential services for low-to-moderate income children, youth, families, adults, seniors and persons with disabilities and assist in stabilizing vulnerable families across the lifespan. The City intends to allocate 15 percent of CDBG funds to these programs, approximately \$275,543, the maximum allowed by regulation. These funds will be combined with \$30,057 in prior year program income for a total of \$305,600 to be made available for the FY25 Human Service program.

#### Architectural Access

Approximately 5 percent of CDBG funding (\$90,210) will be allocated toward the removal of material and architectural barriers restricting mobility and accessibility of elderly or severely disabled persons, through public thoroughfares, public buildings, parks and recreational facilities, and nonprofit agencies. In FY25, these funds will support pedestrian access improvements at the five-way intersection of Langley Road, Sumner Street and Beacon Street.

The scope of work includes curb cut extension and reconstruction as well as crosswalk realignment. In addition to FY25 access funds, this project will utilize \$48,000 in FY24 CDBG access funds and \$190,000 in ARPA funds.

**Program Administration**

Staff intends to allocate the maximum allowable amount of 20 percent for program administration, or \$372,860 combined with \$40,000 in anticipated FY24 (FFY23) program income, for a total of \$412,860.

Federal funds will be used to assist the greatest number of families and households possible, however, the primary obstacle to addressing underserved needs in the categories listed above continues to be limited funding. Neighborhood opposition to affordable housing projects and increasing land costs and market values, further spurred by the COVID crisis, present additional challenges to increasing housing opportunities for low-income households.

DRAFT

**AP-50 Geographic Distribution - 91.420, 91.220(f)****1. Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

As the Community Development Block Grant (CDBG) is intended to predominantly serve low- to moderate-income residents, CDBG funding is allocated to projects that are either within CDBG eligible areas or to those that directly impact low-to-moderate income beneficiaries. However, in the FY21-25 Consolidated Plan, geography was not used to determine funding allocation priorities, nor were target areas identified in the City's Strategic Plan.

The City anticipates continuing to focus its investment in housing rehabilitation and development over the next program year to better address the escalating need for safe, decent and affordable housing. Affordable housing rehabilitation and development will directly benefit low-to-moderate income households, and accordingly, can be distributed city-wide. Approximately \$1,055,690 will be available to allocate on a rolling basis toward FY25 affordable housing projects.

**2. Rationale for the priorities for allocating investments geographically**

Given the increasing need for affordable housing, the City will be allocating the majority of its CDBG funds towards housing rehabilitation and affordable housing development during the July 1, 2024 - June 30, 2025, program year. These investments can be made city-wide to benefit low-to-moderate income households throughout Newton, rather than directed geographically towards specific target areas.

## AFFORDABLE HOUSING

### AP-55 Affordable Housing - 91.420, 91.220(g)

#### 1. Introduction

Newton will continue to push forward the redevelopment of the West Newton Armory site on Washington Street into 100% affordable housing. As an awardee of a \$200,000 Housing Choice Grant from the Department of Housing & Community Development (DHCD), the City hired an affordable housing consultant in FY21 to conduct a predevelopment feasibility study on the site. Concurrently, as part of the City's Real Property Reuse process, the West Newton Armory Joint Advisory Planning Group (JAPG), consisting of nine community members, analyzed the property and its redevelopment potential over the course of eleven months. Following the completion of the consultant's study and the JAPG's report, the City Council unanimously recommended to the Mayor that the City purchase the Armory for \$1 from the State to redevelop it into 100% affordable housing. Newton took ownership of the Armory in the Fall of 2021 and selected Metro West Collaborative Development/Civico Development, through an RFP process, to partner with the City in the redevelopment of the site. The Metro West/Civico proposal includes 43 units of intergenerational housing that are affordable to households earning 30-60% of the Area Median Income. At a public hearing in April of FY23, the Planning and Development Board voted to approve a pre-commitment of FY24 and FY25 CDBG funds (total of \$930,000) and FY24 HOME funds (\$132,023.50), and the City's Inclusionary Zoning funds, to develop the Armory into affordable housing with supportive services. The Armory project received its Chapter 40B Comprehensive Permit from the Newton Zoning Board of Appeals and submitted a One Stop Application to the Massachusetts Executive Office of Housing and Livable Communities (EOHLC). In May of 2023, the West Newton Armory was one of 27 projects awarded state and federal tax credits, subsidy funds, and ARPA funds by the Healey-Driscoll Administration. Construction on the project is expected to begin in Spring 2025 and reach completion in FY26.

Following a substantial amendment in mid-FY24, Newton committed resources to the redevelopment of the Chetwynde Nursing Home, at 1650 Washington Street, to create the West Newton Family Navigation Center with 42 units of transitional housing for single parents and their children. This property will be leased by FamilyAid, an organization committed to preventing family homelessness by empowering parents and caregivers to secure and sustain housing. After completing the City's Administrative Site Plan Review process in early FY24, Newton's Affordable Housing Trust awarded \$500,000 to the project and the Planning & Development Board approved the substantial amendment request to allocate \$750,000 in local CDBG funding to create an accessible pathway from the street to the entrance of the building. The former nursing home will be renovated to provide group and individual educational spaces, kitchen and dining areas, study lounges, indoor and outdoor play areas, along with the 42 units

of transitional housing. Family Aid plans to start construction in the latter half of FY24 and open the Center in August of 2024.

The City is actively preserving affordable senior housing at 2Life Communities' Coleman House with FY21 CDBG and FY22 HOME funds. These funds are being used to conduct a comprehensive rehabilitation of the building's mechanical systems and infrastructure, as well as accessibility design upgrades to each of the 146 units. The improvements will make the project more efficient and environmentally sustainable for the next several decades and will improve the quality of life for senior residents. Construction began in the Summer of 2021. Contractors ran into unanticipated problems with the existing conditions, coupled with new fire and electric code requirements, that have pushed back the project timeline. In November 2023, \$1,500,000 in Newton Affordable Housing Trust funding was committed to assist with construction cost overruns generated by the extensive rehabilitation.

Finally, the City will continue exploring the feasibility of redeveloping a parcel of land, recently acquired by Newton, into affordable housing. The site contains three existing homes and was purchased by the City through its one-time allocation of ARPA Funds. In FY23, Newton was awarded a \$235,000 Housing Choice Grant from DHCD to hire a consultant to assess the feasibility of redeveloping the site. Weston & Sampson was selected by the City, through an RFP process, to complete the feasibility study in FY25. In preparation for this study, the Planning and Development Department, with the help of the consulting team, commenced the City's Real Property Reuse process in FY24.

### *Consortium*

The Town of Brookline actively supports the production and preservation of affordable housing projects through the following initiatives:

- Brookline continues to process a significant number of 40B Comprehensive Permit projects, which will add to the town's affordable housing stock. In 2022, the Town exceeded the 10 percent statutory minimum under Chapter 40B. Since the last Housing Production Plan (2016), Brookline has added 656 Chapter 40B-eligible units to the Subsidized Housing Inventory (SHI).
- Brookline's Public Housing Authority continues its multi-year strategic preservation initiative that will rehabilitate and preserve its six federal housing developments (containing 438 affordable units) through the HUD Rental Assistance Demonstration program, with state and local support.
- Brookline Regulatory Planning Division is preparing a study on barriers to multifamily/mixed-use development targeted to a potential overlay district in Harvard Street. This study, alongside compliance with the MBTA Communities regulation, will identify opportunities to lift barriers to multifamily/mixed-use development in pivotal areas.
- Brookline continues to support the development of affordable housing through nonprofit partnerships with Hebrew Senior Life, the Brookline Community Development Corporation, and the Brookline Housing Authority.

- The Community Preservation Act will activate and provide a significant stream of funds for the production and preservation of new affordable housing projects.
- Brookline is exploring a study to determine how financial contributions from commercial developers may be used to offset the cost of an unmet need for affordable housing generated by commercial projects. The Town is in the process of establishing a working group, conducting a nexus study through a consultant, and then proceeding to the adoption of linkage fee by-law.
- Finally, the Town of Brookline continues to administer its Inclusionary Zoning Bylaw which applies to any project containing four or more newly constructed dwelling units.

In FY25, the City of Framingham's Community Development Department will continue its partnerships and initiatives that support the development and preservation of affordable housing. The Department maintains this practice to remove barriers for residents unable to afford the rising costs of market rate units. For the next year, the City plans to prioritize HOME funds for projects that provide service-enriched housing as well as decrease homelessness for families and individuals. Through this approach, the City addresses the needs of low- and moderate-income residents coping with food insecurity, lack of transportation access, health care system entry challenges, and other issues. Framingham is continuing to work with the Framingham Housing Authority to redevelop 132 units in the Carlson Crossing project.

The Needham Select Board and Planning Board approved the local Housing Plan in January 2023. The Housing Plan includes 17 major actions and eight additional recommendations for further study to better promote housing affordability and diversity in the community. Among these strategies are the adoption of new zoning in compliance with Section 3A of the Massachusetts Zoning Act, the implementation of the Needham Housing Authority's Preservation and Redevelopment Initiative (PRI) to improve and expand their housing developments, and the eventual redevelopment of the Town-owned Stephen Palmer Building that includes affordable rentals. It is anticipated that the MBTA Guidelines will result in new affordable units that might require subsidies, potentially including HOME funds. The Town has hired development consultants to help analyze options and prepare the new zoning, including a feasibility analysis and recommendations regarding the required level of affordable units to be included in new preservation and production projects.

In 2020 the Waltham City Council passed a new municipal ordinance that requires developers building residential projects with more than 18 units to set aside 20% of the units as affordable housing to households earning less 80% of the Area Median Income (AMI). These new units will remain affordable in perpetuity. A new development at 185 Willow Street (at 80% AMI), is now complete and awaiting state Local Action Unit approval. Two 40B projects are currently in construction, 79 Pond Street (210 units) and 305 Winter Street (315 units). From FY21 to FY24, approximately \$2.6M emergency rental assistance (CARES, CPC, ARPA, and Housing Trust) funding was provided to prevent eviction for tenants. Waltham will continue to offer emergency rental assistance with City ARPA funds. In addition, the Waltham Affordable Housing Trust will continue to fund projects that create new units of affordable housing.

The Watertown City Council adopted a five-year housing plan in March 2021. The Plan contains goals and strategies to create and preserve affordable housing for various income levels (below 80% area median income and below 60% area median income) and for seniors and individuals with a disability. One of the plan's themes is creating a pipeline of 100% affordable or mixed-income projects since nearly all the City's new affordable units have been generated by its inclusionary zoning requirements and production of substantial amounts of multifamily housing. Since September 2022, when the Affordable Housing Trust officially replaced the Housing Partnership, its focus has been on creating this channel. The Trust has been in contact with the several potential property owners and is continuing to look for its first affordable housing site.

Watertown adopted an affordable housing "linkage fee" on new commercial development in April 2023. However, since payments are made when buildings are ready for occupancy, the benefit of this funding will be realized in future fiscal years.

In December 2023, the City of Watertown approved the use of \$84,428 to assist an elevator replacement project for CASCAP Inc.'s Marshall Place, with 11 elderly affordable housing units. The replacement is likely to be completed in FY25.

<b>One Year Goals for the Number of Households to be Supported (By Population Type)</b>	
<b>Population Type</b>	<b>Number of Households</b>
Homeless (units reserved for homeless individuals and/or households):	0
Non-Homeless (for all units NOT reserved for homeless individuals and/or households):	87
Special-Needs (units reserved for households that are not homeless but require specialized housing or supportive services)	38
<b>Total (Consortium-wide) &gt;&gt;&gt;&gt;</b>	<b>125</b>

<b>One Year Goals for the Number of Households Supported Through (By Program Type)</b>	
<b>Program Type</b>	<b>Number of Households</b>
Rental Assistance (for programs such as TBRA and one-time payments to prevent homelessness):	47
The Production of New Units (construction of new units, including conversion of non-residential properties):	11
Rehab of Existing Units (including reconstruction):	60
Acquisition of Existing Units (for programs such as downpayment assistance):	7
<b>Total (Consortium-wide)&gt;&gt;&gt;&gt;</b>	<b>125</b>

## AP-60 Public Housing - 91.420, 91.220(h)

### 1. Actions planned during the next year to address the needs to public housing

Throughout all housing programs, the NHA strives to provide tenants with resident services and social programming to meet their needs, using available grant funds and donations. In FY25, the NHA will continue to complete capital improvements to its properties according to its long-term capital plan, focusing first on health and safety improvements, building systems, and building envelopes.

In FY21, the Newton Housing Authority (NHA) acquired 36 additional units of affordable housing. The NHA is focused on providing robust resident services to the existing residents of these properties. CDBG funds are also being utilized to complete capital improvements to the units in partnership with the City of Newton Department of Planning and Development.

In addition to its federal and state properties, the Housing Authority maintains 57 units of rental housing known as its Management Program (93 units in total, including the 36 recently acquired CAN-DO units), which are all managed as affordable housing for individuals and families with low incomes. Unlike the NHA's public housing, this portfolio does not receive any subsidy or capital funds from HUD or DHCD. The NHA has used its own operating funds and occasional grants to maintain these properties throughout Newton. In 2019, the NHA commissioned a capital needs assessment of its 57 Management Program rental units at 13 properties. The assessment revealed significant needs at several properties, totaling \$2,924,044 in recommended first year expenditures alone. The NHA has undertaken some of the recommended improvements but does not have adequate resources to address all the recommendations in the capital needs assessment. In FY25, the City will work with the NHA to identify CDBG and HOME eligible rehabilitation projects to support the preservation of these important affordable units.

#### *Consortium Communities*

In FY25 (FFY24), the Bedford Housing Authority will continue its social service program to connect families to the resources necessary to stabilize their living situation and improve their quality of life. The program will provide financial literacy education, skill training, career coaching, and other support services to low-income households currently residing in Bedford Housing Authority units.

In FY25, the Town of Brookline will work with the Brookline Housing Authority (BHA) on its multi-year Strategic Preservation Initiative. This project will take advantage of HUD's Rental Assistance Demonstration Program as well as federal and state tax credits and state and local subsidies, to rehabilitate and modernize 497 units of affordable public housing units in six different properties. In FY20 the BHA began construction on Phase 1, a 99-unit property (O'Shea) serving low- and extremely low-income seniors which was completed in FY2024. The Town will continue to work with the BHA in FY25 to permit and fund a third and final project, located at 32 Marion Street. This 40B project, started in 2024, by demolishing the old site to

build, modernize and expand a 60-unit development into a 139-unit project that will be built over two phases.

In FY20, the Framingham Housing Authority (FHA) announced plans for a major overhaul of its housing portfolio. Since then, the agency has been working to secure the necessary financing for the project. Some FHA sites are in Opportunity Zones, which allows the potential use of traditional and non-traditional investment streams for financing. HOME funds will be among the many sources used to support this major rehabilitation initiative. In June of 2022, the City of Framingham approved a substantial amendment to commit \$400,000 in HOME program income for the Carlson Crossing project. Carlson Crossing is a tri-phased rehabilitation of the FHA's 125-unit federal development in an Opportunity Zone. Construction on Phase I, which includes the construction of three ADA units, began in Fall of 2022 and was complete in April of 2023. Phase II, which includes 68 units (5 HOME-assisted units) will begin in January of 2024 and is expected to be complete in August of 2025.

In FY25 the Lexington Housing Authority will continue construction on its extensive, \$5 million, modernization project at Vynebrook Village, a development of 48 units. The rehabilitation project includes accessibility improvements and will yield three ADA units.

The Town of Needham continues to work with the Needham Housing Authority (NHA) on its Preservation and Redevelopment Initiative (PRI). A phased project at Linden-Chambers will be undertaken as part of the PRI. Phase I includes a one-to-one replacement of 72 housing units and Phase II is the creation of 64 new affordable housing units on the property. A proposal for new zoning for the redevelopment will be considered at the annual Town Meeting this spring. Proposed housing resources to finance the project include Low Income Housing Tax Credits, ARPA funds, potential HOME funds, and almost \$7 million in local Community Preservation Funds, among other sources.

The Needham Housing Authority PRI also includes the repositioning of federal public housing properties at Seabeds Way and Captain Robert Cook Drive. "Repositioning" involves moving the properties' subsidy stream from the original Section 9 public housing program to the Section 8 program. This effort can proceed effectively as-of-right under HUD regulations, so long as NHA can demonstrate that the Seabeds/Cook properties meet a minimum threshold of capital needs. It is scheduled to occur prior to the Linden-Chambers project as the repositioning generates incremental financial resources that can cross-subsidize the Linden-Chambers project proforma.

In FY23, Waltham allocated \$400,000 in HOME funds towards accessibility improvements at Beaverbrook Apartments, a 60-unit elderly apartment development owned by the Waltham Housing Authority. This project is also utilizing \$400,000 in CDBG and \$800,000 in DHCD funding. Waltham Housing Authority estimates the accessibility upgrades at Beaverbrook to be complete by June 2025. Twenty-seven units are anticipated to be HOME assisted.

The Watertown Housing Authority is in the middle of a two-phase project to make building additions and site improvements to the McSherry Gardens 40-unit complex. Construction

relating to Phase I started in July 2023. Building improvements include providing ADA accessible living and community spaces and new kitchens and floors in one building (eight units). Site improvements include underground utilities, grading, paving, landscaping, site lighting and stormwater management. The total development cost is estimated to be around \$5 million. In December 2023, the WHA received an ARPA award from the City (\$1.6 million) for Phase II. This phase, which would replace the kitchens and floors in the remaining 32 units, will start in FY25. With rising construction costs, the WHA may require additional funds for this phase.

The WHA expects to complete predevelopment work on a five-bedroom group home for individuals with developmental disabilities. A total of \$175,000 in CPA funds were awarded last fiscal year for engineering and architectural design work needed to produce construction and bid documents. To facilitate this development, the vacant land was conveyed in November 2023 to the 103 Nichols LLC, to which the WHA is sole shareholder.

The WHA also expects to be undertaking predevelopment work on a major revitalization of Willow Park, a 60-unit development comprised of six three-story buildings. The WHA issued an RFP in November 2023 for a development partner to help plan, design, and finance the project and lead a zoning, construction, and delivery strategy. The intent is to replace the 60 existing units at the same affordability levels and construct additional units.

In FY25, the Wayland Housing Authority, working with Town, will continue to be an active partner in administering the HOME-funded TBRA program, providing security deposit assistance to income eligible households.

## **2. Update actions to encourage public housing residents to become more involved in management and participate in homeownership.**

The Newton Housing Authority's Resident Advisory Board includes tenants from each of the NHA's housing programs. These residents meet monthly to discuss the resident experience and to provide feedback to the NHA. In FY23, the Resident Service Department conducted a survey to gather feedback from residents, including their suggestions for future programming and improvements. In FY24 and going forward, the NHA will utilize this tenant feedback in its planning processes and will continue to engage residents. In FY22, the NHA expanded its Resident Service Department by hiring a licensed social Worker to serve its family public housing residents and voucher holders. The licensed social worker is bilingual and can work with residents in both English and Spanish.

The Newton Housing Authority does not participate in any homeownership programs. However, information about new homeownership opportunities created through the City of Newton Homebuyer Assistance program will be disseminated to NHA tenants.

*Consortium Communities*

The Bedford, Concord, Lexington, Natick, Needham, Sudbury Housing Authorities engage tenant groups to provide feedback on general administration issues and policy decisions. A current tenant participates on the board, in accordance with new EOHLC regulations.

In Brookline, as an affordable homeownership unit becomes available through turnover, the Housing Division administers the resale process through lotteries and engages underserved communities, minorities, and residents of the housing authority through extensive outreach. Public housing tenants interested in homeownership opportunities are notified through the Brookline Housing Authority or by signing up for the Town's affordable housing listserv. There is a successful track record of public housing tenants taking advantage of these opportunities.

The Framingham Housing Authority (FHA) offers various opportunities for its residents to become homeowners or participate in management that the City's Community Development program fully supports. An example is FHA's Family Self-Sufficiency (FSS) program, which is a voluntary service that encourages FHA residents, both Section 8 and Public Housing, to work towards becoming financially independent by maintaining a savings account for five years. FSS diverts funds from rent increases into an account for the participant household. At the five-year mark, residents use the funds to accomplish a long-term goal, such as purchasing a home, paying for school, or becoming debt free. The Community Development program supports FSS participating residents and other FHA residents by notifying them of homeownership, rental, employment, Section 3 and community development opportunities as well as committee meetings.

Resident input has been a critical component in the Needham Housing Authority's Preservation and Redevelopment Initiative (PRI). The new tenant association at the Seabeds Way and Captain Robert Cook developments have bolstered tenant participation. The NHA is reviving its Tenants Association at Linden-Chambers and ensuring tenant involvement in the redevelopment process.

Waltham residents are invited to participate in the management and operations of the Waltham Housing Authority (WHA). The WHA is required to have one of its residents sit on its Board of Governors. That person has one of five votes to determine policy and procedures for the Housing Authority and represents residents' interests in the decision-making process. Additionally, the Waltham Housing Authority maintains a Resident Advisory Board, comprised of federal public housing residents and Section 8 participants. This Board meets twice a year to discuss proposed capital improvement projects and the application of federal funds. At these meetings, the residents have an opportunity to make proposals regarding the use of funds for the needs of the residents. Finally, the Board of Governors provides an opportunity for residents to address the Board at monthly meetings by setting aside time on the agenda for discussion of resident issues. Resident associations are encouraged to attend the meetings and bring forward

any residential community issues.

The Watertown Housing Authority has an active Local Tenant Association (LTO) and Resident Advisory Boards (RABs) in the family and elderly developments. The Authority communicates all capital needs and operational issues to all the resident groups. In 2022, the Authority completed a state-of-the-art learning center located at Lexington Gardens for its family residents. During FY25, the WHA will continue to use the learning center to offer educational enrichment and training to help families move-out of public housing.

The Wayland Housing Authority (WHA) works to facilitate tenant participation in WHA operations. The WHA continues to encourage tenant participation in newsletters and the tenant handbook. Staff meet with tenant groups on a regular basis or as needed, and tenants serve on the WHA board.

**3. If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

N/A

DRAFT

## AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

### 1. Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Annually, the City of Newton convenes the representatives of the former BNWW CoC, including local providers and municipal staff, and representatives from the BoS CoC to discuss the needs of the homeless population and how ESG funds can be best allocated to address those needs. On January 3, 2024, the cohort finalized FY25 (FFY2024) ESG funding priorities across the five eligible components, including street outreach, emergency shelter, homelessness prevention, rapid re-housing, and HMIS.

Consistent with existing needs and the impacts of the coronavirus pandemic, HUD priorities, evaluation of ongoing programming, and recommendations from the CoC and local providers, Division staff allocated 23.3% and 22.7% of FY25 ESG funds towards homelessness prevention and rapid re-housing activities respectively. Homelessness prevention activities have proven to be a successful and effective method to avert homelessness. With a combination of financial assistance and case management, not only do individuals and families stay housed but they are moving towards stability in the long term. Furthermore, rapid re-housing activities provide the much-needed assistance to close the gap and break down barriers that prevent homeless individuals and families from moving into permanent housing. The City's ESG funds will be supplemented with other state and federal resources, including the Residential Assistance for Families in Transition (RAFT) and Emergency Rental and Mortgage Assistance (ERMA) programs. Brookline Community Mental Health Center will implement homelessness prevention and rapid re-housing activities for FY25.

While Division staff did not allocate FY25 ESG funds towards street outreach activities, the City of Newton and neighboring communities continue to build a strong network of resources to collaborate and ensure unsheltered individuals and families are engaged and connected to the services that they need. As a result, the City of Newton will continue to partner with the Community Day Center of Waltham (CDCW) to engage these unsheltered individuals. Under the emergency shelter component, the CDCW is awarded FY25 ESG funds to continue the operation of its day center and winter warming center, which provide a gathering space for individuals to receive a hot lunch, basic hygienic and medical needs, access to computers, case management, counseling, and referrals to detox facilities and other appropriate service providers.

### 2. Addressing the emergency shelter and transitional housing needs of homeless persons

The United States Interagency Council on Homelessness and the BoS CoC have established strategic goals to end and prevent homelessness, particularly among the veteran, family, youth, and chronically homeless populations. Division staff utilizes ESG funds to support various shelter

services, including those for survivors of domestic violence and men's and women's emergency shelters.

The Second Step, REACH Beyond Domestic Violence, and the Middlesex Human Service Agency provide critical emergency and transitional housing for the BNWW region. ESG funds are also awarded to the only day shelter in Waltham, Community Day Center of Waltham. As previously mentioned, the Community Day Center of Waltham provides a gathering space for individuals to receive a hot lunch, basic hygiene and medical supplies, access to computers, case management, counseling, and referrals to detox facilities and other appropriate service providers.

The ESG funding source serves as a valuable resource for these emergency shelter providers, especially since these types of projects are not eligible to receive McKinney-Vento Act funds. In addition, it is critical to support these emergency and transitional shelters as few exist in the BNWW region. Most other shelters are in Boston, which is a far travel for many homeless individuals and families. Without these emergency shelter providers in the BNWW region, many homeless individuals and families would be otherwise unsheltered. As a result, In FY21 (FFY20), as a direct response to the coronavirus pandemic, the Community Day Center of Waltham acquired the building adjacent to its Day Center and with the City of Newton's ESG-CV funds to renovate the building to serve as a winter warming center and an extension of the Center. Due to the coronavirus pandemic, the emergency shelters in the region reduced capacity to 50 percent to adhere to social distancing guidelines, leaving many more homeless individuals unsheltered. The Community Day Center of Waltham's winter warming center will add much-needed beds in the region. Finally, the Pine Street Inn, though not funded by ESG, also operates several projects within the BoS CoC and manages an experienced outreach team that engages those unable or unwilling to enter a shelter. Pine Street Inn staff provides these individuals with referral information, food, clothing, hygiene products, and blankets.

The BoS CoC, in coordination with several agencies from former BNWW CoC, completed the 2024 Point-in-Time Count (PITC) in February. PITC data will be published in FY25. The previous BoS PITC conducted on January 25, 2023 reported 2,178 homeless households, of which 441 were unsheltered.

Although there is a clear need and benefit of providing shelter services, particularly amid the coronavirus pandemic, Division staff continues to strike a balance in allocating ESG funds between emergency shelter, homelessness prevention, and rapid re-housing activities, which can help reduce the number of individuals and families experiencing homelessness and the duration of the homelessness. The BoS CoC must strive for permanent housing stability to effectively end homelessness.

The City of Framingham has a memorandum of understanding with Family Promise MetroWest in Natick to provide HOME funded TBRA rental vouchers to their clients who want to live in Framingham. Family Promise MetroWest is a family homeless provider working with families who are not always eligible for shelter placement through DHCD. This successful partnership

provides a year's worth of rental subsidies to families who are referred by Family Promise MetroWest, in exchange for extensive case management services from Family Promise.

The City of Waltham focuses resources on providing rapid rehousing services to decrease the number of unsheltered people who are unable to reside in the current transitional shelter beds in the city, due to substance abuse and or criminal behavior. The HOME TBRA program bridges homeless individuals into public housing with a rental subsidy based on the Waltham Housing Authority rent standard. The Community Day Center, the Waltham Police Homeless Task Force and the Middlesex Human Service Agency collaborate to refer homeless individuals to the TBRA Program and maintain a proactive approach in providing continued support for clients.

**3. Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

ESG funds continue to be allocated toward homelessness prevention and rapid re-housing activities to assist homeless individuals and families and those who are at-risk of homelessness in the BNWW region. Homelessness prevention and rapid re-housing activities stabilize individuals and move them towards permanent housing and independent living. Activities include rental assistance (short- and medium-term rental assistance), financial assistance (rental application fees, security deposits, last month's rent, utility deposits, utility payments, moving costs), and services (housing search and placement, housing stability case management, mediation, legal services, and credit repair).

In July 2019, the City of Newton's City Council passed the updated Inclusionary Zoning Ordinance, which includes the Extremely Low-Income (ELI) Alternative Compliance Option. The ELI option allows a developer to seek a special permit to reduce its total percentage of required Inclusionary Units. Under the new Inclusionary Zoning Ordinance, any project that includes the construction of twenty-one or more new rental units must set aside 17.5% of its total units as affordable units (including 2.5% middle-income units). However, the developer may seek a special permit to alternatively set aside 12.5% of its total units as affordable units under the ELI option.

To undertake the ELI option, the developer must provide and cover all costs associated with offering ongoing, regular on-site support services for households residing in the ELI units, which are set at 30% AMI. The ELI option is a result of the City of Newton's emphasis on creating permanent affordable housing with supportive services to ensure the City's most vulnerable population is stably housed, has increased economic security, and improved health.

The following table details the breakdown of the 12.5% affordability requirement under this ELI option:

Extremely Low-Income Alternative Compliance Option: Number of Inclusionary Units Required	
Tier Level	21+ UNITS
ELI Tier: 30% AMI	2.5%
Tier 1: 50%-80% AMI	7.5%
Tier 2: 110% AMI	2.5%
Total	12.5%

Source: City of Newton's Zoning Ordinance, Chapter 30

The Town of Brookline continues to work with the Brookline Community Foundation, the Brookline Center for Community Mental Health (BCCMH) and the Brookline Housing Authority to provide services to Brookline residents who are at risk of becoming homeless. BCCMH and the Community Foundation use funding and programmatic services to assist residents who are at risk of becoming homeless with financial and/or other services. In FY25, the Brookline Community Development Cooperation (BCDC) expects to start Emergency rental assistance program for residents who are at risk of becoming homeless.

The City of Framingham continues to work with Family Promise MetroWest to provide services to Framingham residents who are at risk of becoming homeless. Family Promise MetroWest has a diversion program to assist residents who are at risk of becoming homeless with financial and/or other services.

- 4. Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

In FY25 Bedford, Lexington, and Natick will continue administering rent relief programs, to assist low -income households with temporary monthly rental assistance in the form of a grant. Sudbury will continue to assist income eligible owners with temporary mortgage assistance through the Town's mortgage assistance program.

In FY25 the City of Framingham will provide eligible homeless families, who were referred to Family Promise MetroWest, a rental assistance voucher. In exchange, Family Promise provides intensive case management. The Community Development Program coordinates with the Southern Middlesex Opportunity Council to refer clients for Residential Assistance for Families

in Transition (RAFT). The program includes collaborations with the MetroWest Health Foundation, Framingham Community Partners, MetroWest Legal Services, MetroWest Mediation Services and MetroWest Housing Coalition.

The Natick Service Council helps low-income families through eviction prevention services, emergency utility assistance, and financial assistance for school, camp, and other children's programs.

In Waltham, current ARPA funds will go towards rental assistance to help low-income households avoid homelessness. Homeless and near-homeless individuals are referred to a local service agency (Community Day Center) for housing opportunities, food resources, and supportive services. The Waltham Senior Center assists at-risk seniors to apply for public housing and other services.

The City of Watertown approved the use of \$233,750 in ARPA funding for a Direct Assistance program led by Metro West Collaborative. The program will provide one-time rental and other cash assistance to households at/below 60% of area median income; it estimates that 80 households will receive \$1,000/person (with a \$3,000 cap per household). Applicants would provide documentation of their bills and directly receive the required assistance. The City also approved use of \$317,466 in ARPA funding, to hire a full-time social service resource specialist for three years, to assist clients with mental health, housing, and homelessness issues.

In FY25 the City will support several affordable housing projects that target the special needs population. This fiscal year, construction will take place on the conversion of Chetwynde Nursing Home West into the Newton Navigation Center, leased by Family Aid. The Center will include 42 units of transitional housing for single parents and their children alongside supportive services. The preservation of 146 units of deeply affordable senior housing at 2Life Communities' Coleman House will continue in FY25. HOME and CDBG funds are being used to conduct a comprehensive rehabilitation of the building's mechanical systems and infrastructure, as well as accessibility design upgrades to each of the 146 units. The improvements will make the project more efficient and environmentally sustainable for the next several decades and will improve the quality of life for senior residents. The City will also continue to work with the Newton Housing Authority to identify eligible rehabilitation projects to support the preservation of these units. Finally, deferred payment loans offered by the Housing Rehabilitation program in Newton enable homeowners to complete health and safety repairs and improvements, which provides an opportunity for many elderly residents to age in place.

Across the Consortium, Tenant-Based Rental assistance and housing rehabilitation programs will target non-homeless special needs households. It is anticipated that 47 households will be assisted through Tenant Based Rental Assistance programs in Bedford, Framingham, Lexington, Natick, Waltham, and Wayland. In FY25, HOME funds will be used to advance several projects to rehabilitate housing authority units. Accessibility improvements at the Waltham Housing Authority's Beaverbrook Apartments, a 60-unit elderly development, are expected to be complete in FY25. This project will yield 27 HOME-assisted units. Framingham is partnering with

its local Housing Authority to rehabilitate and redevelop Carlson Crossing, a phased project that will rehabilitate 125 units and produce 7 units, including a total of ten HOME units. The project will also add three new buildings with seven accessible units. Phase I, construction of the seven ADA accessible units was complete in April 2023 and Phase II (rehabilitation of 68 units) commenced in January 2024. Belmont will continue to advance the HOME-funded Sherman Gardens project, a housing authority property.

DRAFT

## AP-75 Barriers to affordable housing - 91.420, 91.220(j)

1. **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

The City of Newton continues the practice of closely examining its ordinances for potential obstacles to affordable housing development. Local and regional policies that have the potential to limit affordable housing include the following:

- Procurement policies. The City's procurement policy for affordable housing projects that utilize CDBG and HOME funds can increase overall project costs and the upfront time required to develop plans and specifications. The City may explore changes to the policy that could mitigate this barrier while ensuring fair and open competition.
- Safe harbor status. Chapter 40B is a state statute, which enables local Zoning Boards of Appeals (ZBAs) to approve affordable housing developments under flexible rules if at least 20-25% of the units have long-term affordability restrictions. In January 2024 Newton reached a new threshold for affordable housing - approximately 10% of the City's year-round housing inventory is now listed on the Subsidized Housing Inventory with the State of Massachusetts. With this benchmark, Newton has "safe harbor" for the purposes of Chapter 40B. This means a decision made by the ZBA to deny, approve, or approve a comprehensive permit with conditions cannot be overturned by the Massachusetts Housing Advisory Committee.

In recognition of these existing barriers to the development of affordable housing, Housing and Community Development Division staff, along with staff in the Long Range Planning Division, intend to focus on the following programs and topic areas in the upcoming year.

### **Zoning Reform**

The City continued to seek additional regulatory changes in FY24 (FFY23) through its Zoning Redesign Project, an effort led by the City Council Zoning and Planning Committee, the Planning and Development Board, with support from the Department of Planning and Development staff. Zoning Redesign was initiated in 2011 and Phase One of the project was completed in 2015. The initial phase successfully reorganized the existing ordinance, making it easier to understand and interpret.

Phase Two of the Zoning Redesign Project sought to create a new, context-based zoning ordinance that provides guidance and rules for the development and redevelopment of land in Newton. Context-based means the new zoning will sustain the City's existing development forms, reflect the building patterns of Newton's different neighborhoods and village centers, and allow new growth to occur in appropriate places and at appropriate scales. Bringing more predictability to land use regulation and the permitting process has been an underlining goal of the project.

In FY21 (FFY20), the City extensively reviewed possible updates to its zoning ordinance in order to increase permitting flexibility and development incentives for affordable housing. Potential zoning revisions included: adopting controls which are less reliant on special permits or 40B approvals; facilitating both new development and the adaptation of existing housing to better serve needs of older and disabled residents; rewarding the provision of more affordable housing than the required share of affordable units or rewarding developments incorporating such provisions as “accessibility” and “visitability.”

In the past three fiscal years (FY22, FY23, and FY24), the Zoning Redesign Project progressed to the City’s consideration of zoning frameworks for village centers. This process included the presentation of proposed changes to existing village center boundaries for public feedback. These discussions focus on using zoning to encourage more diverse housing options near transit, and within and adjacent to business districts. Housing integrated in this way will achieve a structurally sustainable long term development pattern, which also supports greater opportunity for affordable housing in Newton.

Overall objectives of this project as they relate to housing include incorporating fair housing requirements, definitions, and standards; directing multi-family and mixed-use development to transit and job-oriented locations; permitting a range of neighborhood scaled, multi-family building types; and strengthening the ordinance to better meet the vast and diverse housing needs of Newton today, including encouraging and supporting the development of more affordable units throughout the City.

On December 4, 2023, City Council passed the Village Center Overlay District (VCOD) zoning reform. The VCOD is designed to allow for the concentration of housing and commercial opportunities near transit, amenities, and places to gather. The new zoning is designed with three distinct districts for commercial cores (VC3), smaller commercial areas (VC2), and Multi-Residence Transfer (MRT) to gently transition to existing residential areas. As an overlay district, property owners have the option to build under existing zoning or the VCOD. The final VCOD is the result of extensive City Council discussions and public listening events attended by hundreds of residents across a three-year span.

### Consortium

The Towns of Bedford, Concord, Lexington, Sudbury, and Wayland encourage local affordable housing initiatives through zoning changes and the adoption of inclusionary zoning provisions. The ability to access other local funds such as Community Preservation Act (CPA) and Housing Trust funds helps overcome the high cost of development. In addition, these communities support local housing authorities in their efforts to expand their portfolios with additional units. In FY24, Sudbury is planning to complete their Housing Production Plan, and Lexington will commence a Housing Needs Assessment. These plans provide an opportunity for the communities to assess current housing needs and outline goals and strategies to increase the supply of housing for low and moderate-income households.

The Town of Brookline seeks to remove barriers to affordable housing through regulatory provisions and resource allocation:

- Brookline will continue to require, through its zoning bylaws, the provision of affordable housing from all new developments of four or more units. In FY21, the Town amended its inclusionary bylaw to lower the threshold of applicability from 6 to 4 units and revised the cash payment formula to ensure the amount of funding paid to the housing trust in lieu of on-site units reflect the current housing market. Further changes to the Inclusionary zoning bylaw in FY23 will expand the income levels served to 50 - 80% of area median income (AMI) for rental units and for 80 - 120% of AMI for homeownership units.
- Brookline Regulatory Planning Division is conducted a study on barriers to multifamily/mixed-use development targeted to a potential overlay district in Harvard Street. This study, along with compliance with the MBTA Communities regulation, will identify opportunities to lift barriers to mixed-use development in pivotal areas.
- Brookline is exploring a study to determine how financial contributions from developers may be used to offset the cost of an unmet need for affordable housing generated by commercial projects. The Town is in the process of establishing a working group, conducting a nexus study through a consultant, and then proceeding to the adoption of linkage fee by-law.
- Brookline continues to experience strong market demand for housing and consequent development proposals that utilize the comprehensive permitting process established by Massachusetts General Law, Chapter 40B. It is important for the Town to continue using the 40B mechanism to facilitate and expedite mixed-income housing proposals. Town departments will continue to provide organized input and administration when these proposals occur, with the intent to produce housing that effectively meets the needs of all Town residents and remains permanently affordable.
- The Town will continue to support the Brookline Housing Authority. This support includes addressing capital needs and partnering on redevelopment opportunities where the BHA can modernize and/or increase the Town's supply of affordable housing units. In FY25, Brookline will continue to work with the BHA on its multi-year Strategic Preservation Initiative. This project will take advantage of HUD's Rental Assistance Demonstration Program (RAD) as well as federal and state tax credits and state and local subsidies to rehabilitate and preserve nearly 500 units of affordable public housing in six different properties.

Over the past 15 years, Framingham enacted several laws to increase the affordable housing stock with an inclusionary zoning bylaw and redefinition of the Central Business District to include multi-family housing and transit orientated development. In FY22, Framingham residents passed the Community Preservation Act (CPA). As a result, the department anticipates forming partnerships that will leverage HOME, CDBG, CPA and other funding to expand community affordable housing development. In January of 2023 a new bylaw was passed that all new multifamily construction must include affordable units (13% of total units) with 2% of these units available to those who are at or below 60% AMI. In October of 2023, City Council

approved an ordinance to allow the construction of Accessory Dwelling Units (ADUs).

Natick is active in addressing issues of affordable housing and fair housing in the Town. *Natick 2030+ Comprehensive Plan* calls for regulatory changes to increase housing production with a greater diversity of housing choices and more affordable housing. Many of these recommended actions are already at work addressing issues, these include:

- Inclusionary Zoning: The Natick Planning Board is currently reviewing the Inclusionary Zoning bylaw as part of a comprehensive update to its cluster housing bylaw.
- Natick Affordable Housing Trust (AHT) Strategic Plan: The Natick AHT partnered with JM Goldson to completed a strategic plan, which provides direction to the Natick AHT in their work to maintain and provide new housing, including the provision of resources.
- REMAP: The Town is one of six municipalities in greater Boston selected to participate in the new Racial Equity Municipal Action Plan program created by the Metropolitan Area Planning Council (MAPC) and working with the Government Alliance for Racial Equity (GARE). This yearlong process will conclude with an action plan with recommendations to respond to housing challenges.

Although Needham is over the 10 percent state affordability goal under Chapter 40B (at 12.76%), the Town has continued to promote greater housing diversity and affordability. Needham completed a Housing Plan in 2023 that includes 17 major recommendations as well as eight additional strategies for further study. The Town is moving forward in implementing the Plan, including the approval of an amended Accessory Dwelling Unit (ADU) bylaw to better promote these units. It is also working on the rezoning of public housing properties to allow for the redevelopment of its Linden-Chambers development. Moreover, the Town is making progress in adopting new zoning in compliance with Section 3A of the Zoning Act to promote by-right multi-family development with a mandate for including affordable units.

The City of Waltham's Municipal Housing Trust Fund is used to help finance projects that will create affordable units. Community Preservation Act funds are also used to create, maintain, and improve affordable housing. Recent projects financed by these funding streams include the Hardy Senior Apartments, the Leland Home, and the upcoming Cardinal Cottage renovation project. In April 2023, \$100,000 in CPA funds were allocated to the Arthur Clark Apartments, a Waltham Housing Authority Property for a window replacement design.

Waltham is in the process of updating the City's Master Plan. As part of this effort, the City conducted seven City Council special committee public input meetings in each of the City's Wards to solicit input on community development goals, including housing creation and barriers to affordable housing. In addition, targeted Master Plan input sessions were held with municipal departments, senior citizens, veterans, and social service organizations. The goal of the updated master plan is to identify and address barriers to affordable housing in addition to recommending best practice land use, tax policies, zoning ordinances, building codes, and other community development topics. These meetings will continue in FY25.

The five-year housing plan approved by the Watertown City Council in March 2021 recommended that the City examine and change zoning that might serve as a barrier to affordable housing. To this end, the City began a planning process for Watertown Square in September 2023. The consultant team assisting with this effort, is expected to recommend zoning changes, including by right multifamily zoning that complies with the State's MBTA Communities law. The 2021 plan also included the creation of an accessory dwelling unit (ADU) ordinance. During 2022, the Watertown Housing Partnership crafted language to allow ADUs by right in single and two-family structures. The Affordable Housing Trust will likely revisit this discussion in FY25.

DRAFT

## AP-85 Other Actions - 91.220(k)

### 1. Actions planned to address obstacles to meeting underserved needs

Please refer to section AP-35: Projects.

#### *Consortium Communities*

Many of the Consortium communities will continue to work with staff, developers, consultants, and property owners to look for affordable housing development opportunities.

Brookline will continue to require the provision of affordable housing from all new developments of four or more units; support the Brookline Housing Authority; and expedite permitting of mixed-income housing through the comprehensive permitting process.

The Town of Needham recently completed a Housing Production Plan that recommends actions to preserve existing affordable housing, including but not limited to the Needham Housing Authority's Preservation and Redevelopment Initiative (PRI); plans for the redevelopment of the Stephen Palmer municipal property; and additional efforts to better control teardown activity.

The City of Waltham will continue to support the Waltham Housing Authority (WHA) with HOME funding to provide a resource for rehabilitation of aging units. By leveraging state, CDBG, and HOME funds, the City and the WHA can make substantial improvements to housing authority units with an emphasis on improving ADA accessibility.

### 2. Actions planned to foster and maintain affordable housing

In FY23 (FFY22), Newton will pursue a number of strategies to preserve and maintain existing affordable housing units, including administering a Downpayment/Closing Cost Assistance Program to support the resale of existing deed-restricted homeownership units to low- to moderate-income households; ensuring that rehabilitation and development funds are available to nonprofit owners of affordable housing to preserve the physical integrity of the City's affordable housing resources; and strengthening partnerships and collaborations with community organizations and nonprofit housing developers.

Brookline is a strategic partner in pursuing public-private partnerships that foster affordable housing development in key strategic locations town-wide. The Town assists the Brookline Housing Authority in numerous projects involving construction or repairs, major construction, and renovation efforts as well as smaller repairs and replacements. Many other affordable housing development projects are funded with state programs, and the Town usually matches fiscal resources and technical assistance to facilitate new affordable housing development.

The City of Framingham will continue to work with the MetroWest Housing Coalition. The Coalition plans to create a housing toolkit, attend listening sessions, and foster relationships

with the city's landlords to create more opportunities and fewer barriers for affordable housing.

For over a decade, the City of Framingham bolstered affordable housing development and preservation through legislation and partnerships. Next year, the City will continue to use a mix of tools, such as municipal funding, inclusionary zoning, Community Preservation Act funding, as well as HOME and CDBG funds, to foster and maintain affordable housing. The Department will tap into the resources of Mass Housing, Mass Development, the Massachusetts Housing Investment Corporation, the Massachusetts Housing Partnership Fund and the Community Economic Development Assistance Corporation to apply new ways of contributing specialized equity, lending and/or technical assistance to new-sponsored projects.

The City of Waltham will continue to support the Waltham Housing Authority with HOME and CDBG funds to provide a resource for sustaining their aging units. By leveraging additional Community Preservation funds, the City and the WHA can make substantial improvements to Housing Authority units with an emphasis on improving ADA accessibility.

### 3. Actions planned to reduce the number of poverty-level families

One of the priorities of the Housing and Community Development Division is to fund programs and services for poverty-level individuals and families. According to the 2015-2019 ACS, the City of Newton had 4.3% of its population living below the poverty level, representing 3,522 individuals. Compared to the 2010-2014 American Community Survey (ACS) 5-Year Estimates, when 5.6% of individuals in Newton were living below the poverty level, representing 4,463 individuals.

This figure is a 1.3% decrease from the prior year's data. The following is a breakdown of individuals living below the poverty level by age group and the 2021 and 2023 poverty guideline.

<b>Newton Population by Age Group</b>	<b>2010-2014 ACS Estimate Below Poverty Level</b>	<b>2015-2019 ACS Estimate Below Poverty Level</b>
Under 18 years	1,244	542
18 to 64 years	2,344	2,115
65 years and over	875	865
<b>Total</b>	<b>4,463</b>	<b>3,522</b>

*Source: American Census Survey, 5-Year Estimate*

Household Size	Poverty Guideline (for 48 Continuous States and the District of Columbia)	
	2022	2024
<b>1</b>	\$14,580	\$15,060
<b>2</b>	\$19,720	\$20,440
<b>3</b>	\$24,860	\$25,820
<b>4</b>	\$30,000	\$31,200
<b>5</b>	\$35,140	\$36,580
<b>6</b>	\$40,280	\$41,960
<b>7</b>	\$45,420	\$47,340
<b>8</b>	\$50,560	\$52,720
<b>For each additional person, add</b>	\$5,140	\$5,380

Source: Office of the Assistant Secretary for Planning and Evaluation, U.S. Department of Health and Human Services

Through the Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG), the City of Newton targets its federal funds to support programs that, to the maximum extent possible, service extremely low- and moderate-income persons.

The City of Newton's CDBG Public Services and ESG program provide grants to support programs that serve poverty-level and low-income households in Newton and surrounding communities, including Brookline, Waltham, and Watertown.

Across the Consortium, there are an estimated 30,659 individuals living below the poverty level (2019 five-year American Community Survey). HOME-funded Tenant Based Rental Assistance and HOME-assisted units hold the potential to transition these individuals out of poverty and prevent other households from slipping below the poverty level. The highest poverty rates in the Consortium are found in Brookline, Framingham, and Waltham. These entitlement communities also provide the maximum allowable CDBG funding for public service activities, which primarily serve low to moderate income persons and households. In many of the smaller Consortium communities, such as Bedford, Concord, Lexington, Needham Sudbury and

Wayland, the housing authorities are the primary resource for assisting poverty-level households.

In FY25 Bedford, Lexington, and Natick will continue administering rent relief programs, to assist low-income households with temporary monthly rental assistance in the form of a grant. To assist income eligible owners with temporary mortgage assistance, Sudbury will continue the Town's mortgage assistance program.

Brookline strives to consistently offer programs through municipal agencies that help families to improve their housing situation and standard of living. The Town also partners with nonprofits to provide social service programs to a diverse, changing, and ever-increasing population. As many low-income households fell into poverty through job loss due to the pandemic, the Town shifted support to the Brookline Safety Net, which provides up to \$3,000 in emergency assistance for housing costs, utilities, food, or other essential household expenses.

The Town of Natick annually appropriates \$80,000 in local revenues to the Natick Affordable Housing Trust for developing and preserving affordable housing for low-income households in the Town.

The Needham Housing Authority is the largest provider of low-income affordable housing in the Town of Needham, providing almost half of the 754 affordable SHI housing units in Needham. The Town continues to support NHA's efforts to address problems associated with its existing developments due to antiquated and inaccessible design issues and potential construction deficiencies.

Waltham will continue to award federal funds to social service agencies that are providing ESL classes and job training to low-income non-English speaking households; assistance to very low-income families, services to at risk youth; and emergency utility assistance to income eligible families in financial stress. Waltham will also continue to offer emergency rental assistance in FY25. In addition, Waltham assists the food pantry organization, Healthy Waltham, by supplying space for food distribution events and food storage.

#### **4. Actions planned to reduce lead-based paint hazards**

Newton's Housing Rehabilitation program currently uses CDBG funding to provide grants to income-eligible homeowners to remove lead-based paint, asbestos, and other health hazards. The program also offers these homeowners zero-interest deferred payment loans to fix building and safety code violations. This successful program will be continued in FY25 (FFY24).

As noted in the Needs Assessment and Market Analysis and the Strategic Plan Chapters of the FY21-25 Consolidated Plan, the reported incidence of lead poisoning is low in Newton and surrounding communities. However, over 80% of housing in the Consortium was built before 1980, therefore a majority of those units are presumed to have lead hazards. As a result, the

City will continue to make lead paint abatement and the removal of asbestos and other such health hazards a priority in the Housing Rehabilitation program.

These specific lead-based paint hazard prevention and remediation activities are incorporated into the City's housing policies and procedures. The City's Housing Rehabilitation program is marketed to income-eligible homeowners and/or landlords with more than 50% income-eligible tenants to ensure suitable safe living conditions, which is one of the primary tenets of the CDBG program. In addition, once a rehabilitation application is accepted, the City's housing rehabilitation and construction manager walks through the entire house with the homeowner, not just the area identified by the applicant as needing repair. In this way, staff can identify and remediate all unsafe or unhealthy living conditions. Often the issues identified are mental health related (i.e. hoarding, dementia etc.) as well as general physical disrepair. In these cases, the homeowner can be referred to a social service agency whose staff can appropriately address those other needs as well.

The Regional Housing Service Office ensures that all HOME funded projects and programs in Bedford, Concord, Lexington, Sudbury, and Wayland comply with the applicable lead laws and regulations. This includes measures to verify that households receiving Tenant Based Rental Assistance funds meet applicable requirements and development or renovation projects have completed environmental reviews prior to committing funds.

Lead-based paint and other hazards are enforced by the Brookline's Health Department through the Division of Environmental Health. The Health Department is tasked with the enforcement of regulations and requirements for lead removal, abatement, and containment as they are treated as public health hazards. Construction contractors are required to comply with the State's requirements of safe practices for renovation, rehabilitation, and lead abatement. The Town refers property owners and renters in need of lead abatement to State agencies in charge of administering lead abatement programs such as the Get the Lead Out Program. Those referrals are coordinated with the agency Urban Edge. Households with a child under 6 years of age can request an inspection by the Brookline Health Department. In Brookline projects funded with CDBG and HOME funds, are required by law to assess environmental impacts through an environmental review. Projects are required to disclose and mitigate the presence of toxic substances such as lead and/or asbestos, and in most cases, HUD requires a mitigation plan if the proposed activity poses a risk for humans.

Framingham addresses lead hazards through the City's rehabilitation program. If there is a child under 6 years of age living in the household and the project meets the funding threshold, the city will conduct a lead inspection. If lead hazards are found, lead remediation will be included in the scope of work. Lead safe work practices are required for all projects, even those that do not involve lead remediation.

The Waltham Housing Division administers the CDBG-funded lead paint deferred loan program to income eligible homeowners and or to landlords who have low- to moderate-income tenants. Owners or tenants must be within the HUD income guideline at or below 80% of the AMI.

## **5. Actions planned to develop institutional structure**

For many of the Consortium communities, the biggest gap in institutional structure results from limited departmental capacity due to larger workloads, staff turnover, and small numbers of staff.

The Towns of Bedford, Concord, Lexington, Natick, Sudbury and Wayland are members of the RHSO, a municipal regional collaborative providing technical assistance to the municipal boards, committees and staff. This has served to increase municipal capacity for affordable housing.

Needham's updated Housing Plan includes recommendations for building local and regional support and collaboration on housing, including expanding the membership and role of the Affordable Housing Trust. The Town, through the Needham Housing Coalition, is participating in CHAPA's Municipal Engagement Initiative (MEI) that will build coalitions and collaborations for the implementation of Housing Plan recommendations. Needham will also revisit the composition and agenda for the local Affordable Housing Trust with the potential of expanding membership and Housing Trust activities.

To achieve seamless management of community development programs, the City of Waltham will be combining the Housing Division and Planning Departments into the Department of Housing and Community Development. CDBG, HOME, and construction project management will be conducted within this new larger department, while the revised Planning Department will be responsible for zoning and special permitting matters.

### **1. Actions planned to enhance coordination between public and private housing and social service agencies**

Please refer to section AP-10: Consultation at the beginning of this plan.

# PROGRAM SPECIFIC REQUIREMENTS

## AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)

### HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(I)(2)

- 1. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

For those communities that have utilized HOME funds for homebuyer and homeownership activities, program participants are required to occupy the property acquired with assistance through the program as their principal residence for the duration of the Affordability Period, in accordance with **24 CFR 92.254(a)(4)**. The Affordability Period is determined by the amount of HOME financial assistance provided to the program participant, as detailed in the table below.

Downpayment/Homebuyer	Affordability Period
Less than \$15,000	Five (5) Years
\$15,000 - \$40,000	Ten (10) Years
Over \$40,000	Fifteen (15) Years

Period of Affordability Chart

#### ***Bedford, Belmont, Concord, Lexington, Needham, Sudbury and Wayland***

These communities are unable to utilize HOME funds for ownership units of new construction due to the conflicts between the State’s affordable housing deed riders and the HOME Program rule, with respect to the resale and recapture provisions. These communities understand that if a HOME-assisted homeownership project or program is put forward, the recapture/resale provision will have to be submitted to HUD (through the Consortium Administrator) for approval prior to HOME funds being used for such assistance. This guideline has not changed since the submission of the FY16-20 Consolidated Plan.

#### ***Brookline***

When providing homebuyer assistance, that is, funding directly to a homebuyer to purchase an existing unit at a market price, the town will continue to pursue two different strategies.

- (1) If the unit is located in a property with fewer than six units, at the time of resale, the seller will repay to the town the down payment assistance provided plus that portion of the net appreciation, if any (current market price minus original sales price, appraisal fee, if any, brokerage fee up to five percent of resale price, and the depreciated cost of approved capital improvements) which reflects the proportion of public subsidy to total equity invested. Total equity consists of town homebuyer

assistance, owner down payment, owner pay-down of principal and, for consistency with HUD requirements, the cost of capital improvements referenced earlier. In no case will the owner be required to repay the town more than the net proceeds for the sale, that is, the sales price minus non-HOME loan repayment and sale-related and closing costs.

- (2) If the unit is in a property with six or more units, the town will have a right of first refusal at a price which represents the original purchase price, minus the subsidy, adjusted by changes in AMI or 80 percent of median income, whichever is lower, plus compensation for the depreciated cost of approved capital improvements, plus the amount in the condominium association's segregated capital replacement account attributable to the unit. In the event that the town cannot exercise its rights, the seller will be free to sell on the market and repay the loan with shared appreciation in accordance with (1), above.

It should be noted that the town has not operated this type of Housing Assistance Program for a number of years due to the high price of market-rate units. For example, median condo prices in Brookline for 2019 are over \$900,000 and single families are even more expensive. Even with generous subsidies, most market-rate units are unaffordable to households earning less than 80% of AMI. At this time, the town prefers to use all locally-controlled resources to support affordable housing projects that can leverage state, federal, and private funding resources.

The town will continue to use the Commonwealth of Massachusetts' Affordable Housing Deed Rider as a resale restriction for units which are offered – through inclusionary zoning, the State Chapter 40B program and/or various non-HOME subsidies. According to this deed rider, resale price is based upon increases over time in Area Median Income, adjusted by the commercially reasonable cost of approved capital improvements, depreciated over the remaining years of the owner's occupancy, as long as the price at resale is neither more than what a range of income-eligible buyers can afford nor less than the owner's initial purchase price.

However, where HOME funds are provided to a developer in order to acquire and rehab or build new units for sale at affordable prices, the town will use a resale agreement running with the land that will provide the owner with a fair return on investment, while assuring that the unit will be affordable to a range of income-eligible buyers at least through the HOME period of affordability. Resale price will be the initial sales price plus the commercially reasonable cost of approved capital improvements depreciated over the remaining years of the owner's occupancy, plus return on investment. Investment will be defined as the original downpayment, annual contributions to principal, and commercially reasonable cost of approved capital improvements. Return on investment will be calculated as the sum of the annual interest on the owner's cumulative investment (without compounding), based on the interest rate of ten-year bond obligations of the United States Treasury.

With regard to repayment for capital improvements, capital improvements must be approved beforehand, and be of function and quality (or be so valued) consistent with the use of the

housing as affordable housing. The capital improvements are those owned by the condominium owner (and not part of common space) and might include, for example, the replacement, due to damage or long term wear and tear, of windows, heating or hot water systems, and stove, refrigerator or dishwasher.

The Town understands that, to the extent that resale price for a HOME-subsidized unit during the HUD period of affordability exceeds what a range of income-eligible buyers can afford, it may be obligated to fund the difference. A resale price is within the range of income-eligible buyers if it is based upon what a household with a size which equals the number of bedrooms plus one and an income 10 percent below the relevant income limit can afford when spending no more than 30 percent of gross income on housing costs (mortgage, real estate taxes, home and private mortgage insurance, and condo fees), assuming current interest rates offered plus one quarter percent for a 30 year, no point fixed-rate loan with a down payment of five percent of total costs. Units that come up for resale will be targeted to low-income first-time homebuyers earning up to 80 percent of the Boston-Cambridge-Quincy MA-NH Area Median Income (AMI), as published by the U.S. Department of Housing and Urban Development, for the duration of the HOME Period of Affordability (*see affordability period chart at the beginning of Section 1*) and as consistent with the number of bedrooms in the unit.

With regard to the preservation of affordable rental housing, when providing funding to developers/owners of rental properties, the town will continue to structure the subsidy as a long-term deferred interest loan, which may be extended if required for continued affordability, and to reserve for the town a right of first refusal to purchase the property should the owner seek to sell.

### **Framingham**

The City of Framingham employs a deed restriction to serve as a recapture mechanism for its HOME-funded downpayment assistance and housing rehabilitation programs. The Period of Affordability Chart identified in the beginning of Section 1 will apply. For both types of assistance, if the premises are sold, cease to be the mortgagor's primary residence or there is any change in the title during the term of the promissory note, which commences upon the completion date, or the mortgagor is not in substantial compliance with the promissory note and mortgage, the town will recapture the full HOME loan or the net proceeds, if the net proceeds are less than the full amount of the HOME loan and the Mortgagor's investment.

### **Natick**

The Town of Natick will use the recapture provisions for those housing units that are not intended to be listed on the DHCD Subsidized Housing Inventory (SHI), or do not qualify for the DHCD Local Initiative Program and/or Local Action Units. In these cases, the amount subject to recapture is the amount of the direct subsidy provided to the homeowner, and/or the difference between the fair market value of the property and a reduced sales price attributable to HOME development assistance. The HOME assistance will be recaptured in the full amount of the direct subsidy based on the availability of net proceeds which is defined as the sales price minus superior loan repayment (other than HOME funds) and any closing costs.

For those housing units that are intended to be listed on the DHCD SHI and/or qualify for the DHCD Local Initiative Program or Local Action Unit, the Town of Natick will use the resale provisions to ensure long term affordability. The Period of Affordability outlined at the beginning of Section 1 will apply. In these cases during the HOME period of affordability, the property must remain affordable to low income homebuyers spending no more than 30 percent of gross income on mortgage payments (PITI) and condo fees; and be sold at a price that provides the owner a fair return on investment. The sale of the property is limited to a credit-worthy eligible purchaser earning between seventy and eighty percent (70-80%) of the Area Median Income for an appropriate size household. During the initial 90 days of marketing, the town will have a Right of First Refusal to purchase the property.

The basis for a fair return on investment includes the homebuyer's original investment and capital improvements and is dependent on a maximum sales price based on the change in Area Median Income (AMI) over the period of ownership. The maximum sales price is determined by taking the ratio of the original HOME assisted unit sales price over the purchase year AMI, and multiplying this number by the current AMI to get the current base sales price, to which is added closing costs and capital improvements. Capital improvements must be approved by the town to be considered and are defined as a necessary improvement, not covered by a condo or homeowner fee, that if not done would compromise the structural or functional integrity of the original property. The value of capital improvements at the time of resale will be based on a depreciation schedule. The town understands that, to the extent that resale price for a HOME-subsidized unit during the HUD period of affordability exceeds what a range of income-eligible buyers can afford, it may be obligated to fund the difference.

### **Newton**

The City of Newton utilizes HOME Program funds for new construction and rehabilitation of affordable rental housing, as projects arise. Direct downpayment assistance is provided through CDBG funds. In the past, when HOME funds were used to support affordable homeownership, Newton used a resale provision incorporated into an affordable housing covenants running with the land. The terms of the resale provision, which apply during the HOME Period of Affordability, are as follows:

*Long-Term Affordability.* All HOME-assisted units must be sold only to a buyer whose family qualifies as a low-income family earning up to 80 percent of the Boston-Cambridge-Quincy MA-NH Area Median Income (AMI), as published by the U.S. Department of Housing and Urban Development, for the duration of the HOME Period of Affordability. If an eligible buyer is not identified within the allotted resale timeframe, the City may exercise a purchase option to ensure that the HOME-assisted unit is resold to a low-income family.

*Principal Residence Requirement.* The initial purchaser, and all subsequent buyers of a HOME-assisted unit, must use the property as his/her/their principal residence. Newton conducts annual monitoring to ensure this requirement is met.

*Resale Price & Fair Return on Investment.* If the HOME-assisted unit is sold by the owner during the HOME Period of Affordability, the resale price is calculated as the percentage change of 80 percent of the AMI, as published by HUD, during the term of ownership by the homeowner, plus approved Capital Improvements depreciated over the course of their usual life.

*Calculating Fair Return on Investment.* Fair Return on Investment is calculated by multiplying the initial purchase price of the HOME-assisted unit by a fraction, the numerator of which is 80 percent of the AMI as published by HUD as of the date of receipt of the owner's notice to sell the affordable unit (Conveyance Notice) and the denominator of which is 80 percent of the AMI as published by HUD as of the date of the initial closing, plus approved Capital Improvements, depreciated over the course of their useful life. The original homeowner's investment (e.g. any downpayment) is included as part of the initial purchase price.

*Capital Improvements.* Capital Improvements are elements which may add to the value of the unit or prolong its useful life, are of function and quality consistent with comparable affordable housing units, and are owned solely by the owner (not part of any common areas). Maintenance is not considered a capital improvement. The City must approve all capital improvements prior to costs being incurred. These approved capital improvements are subject to depreciation based on the remaining useful life of the element at time of resale. Improvements that are funded by federal, state or local grant programs are not eligible. Some examples of capital improvements include the replacement of non-operational heating or hot water systems, built-in appliances, installation of energy-efficient windows, and insulation.

*Continued Affordability to Homebuyers.* In accordance with the HOME regulations, Newton is obligated to ensure that the owner of a HOME-assisted unit receives a Fair Return on Investment and that the unit remains affordable to a range of income eligible households upon resale. To maintain continued affordability, the City will target subsequent purchase to appropriately-sized households earning between 70 and 80 percent of the AMI spending no more than 35 percent of gross household income on fixed housing costs (principal, interest, property taxes, condominium fees, if applicable, and insurance), assuming current interest rates offered plus one quarter percent for a 30-year, fixed rate loan and a downpayment of 5 percent. If the resale price exceeds what an eligible household can afford, the City may choose to subsidize the difference with downpayment assistance, mortgage buydown, or other subsidy, as appropriate. To be considered eligible, homebuyers will also be subject to an asset limit of \$75,000. However, any assets up to \$200,000 from the sale of a Newton residence shall be excluded from that determination (but still considered in determination of income eligibility) provided that:

- (a) the sellers must have been no less than 62 years old at the time of that sale; and
- (b) the sale of the residence must be an arms-length transaction.

### **Waltham**

The City of Waltham enforces a recapture provision on all Down Payment assistance loans that it has provided through the WestMetro HOME Consortium. If the premises are sold, cease to be the Mortgagor's primary residence or there is any change in the title during the term of the

Promissory Note, which commences upon the Completion Date, or the Mortgagor is not in substantial compliance with the Promissory Note and Mortgage, the City will recapture the full HOME loan or the net proceeds, if the net proceeds are less than the full amount of the HOME loan and the Mortgagor's investment. The City specifically reserves the right to require full repayment, notwithstanding any deficiency in the amount of the net proceeds, in the event that repayment is triggered by a willful violation by the Borrower of the terms of the Note, or the Mortgage or any applicable HOME regulations. This recapture provision conforms to HUD HOME regulation 24 CFR 92.254 (a)(5)(ii). HUD defines the net proceeds as the sales price minus non-HOME loan repayments and closing costs. If the net proceeds are sufficient to repay both the HOME loan and the Borrower's investment (HUD defines Borrower's investment as the Borrower's down payment and any capital improvement investment), the City must recapture the full HOME loan. Please note, however, that when the net proceeds are insufficient to repay the full HOME assistance, the City will not permit the Borrower to recover more than his/her investment.

The Principal sum may be deferred annually by the City based upon annual review by the Lender of the Borrower's compliance with the terms of this Mortgage, the HOME Program and HOME Project funding agreement and the Promissory Note. The City of Waltham defines capital improvements as a necessary maintenance improvement, not covered by a condominium or homeowners association fee, that if not done would compromise the structural integrity of the property. To be considered a capital improvement, work should meet the following criteria:

- It is not a repair to keep your home in good operating condition.
- It is a new element or replacement of a permanent component of the home, which has reached the end of its useful life.
- It is not part of a common area nor covered by the condominium association fee. This applies to all condo-developed property. (If the condominium or homeowner's association has a special assessment, the City will take into consideration the cost to the homeowner on a case-by-case basis. Additional documentation will be necessary to provide proof of the special assessment.)

Repairs funded by any federal or state or local Grant Programs are not counted or approved. Improvements such as installation of outdoor decks, additions, garages, and landscaping are luxury improvements and will not be considered as capital improvements.

### ***Watertown***

Watertown, on any new projects using HOME funds, through the Watertown Housing Partnership, uses the Massachusetts Department of Community Development and Housing's Capital Improvements Policy and Procedures. Watertown uses a recapture provision which requires the HOME loan recipient to repay the loan, and, in some cases, a pre-payment penalty and a share in the appreciation in the project from the proceeds of the sale. The Period of Affordability Chart identified in the beginning of Section 1 will apply.

**2. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:**

For those communities that have utilized HOME funds for homebuyer and homeownership activities, program participants are required to occupy the property acquired with assistance through the program as their principal residence for the duration of the Affordability Period, in accordance with **24 CFR 92.254(a)(4)**. The Affordability Period is determined by the amount of HOME financial assistance provided to the program participant, as detailed in the table below.

<b>Downpayment/Homebuyer</b>	<b>Affordability Period</b>
Less than \$15,000	Five (5) Years
\$15,000 - \$40,000	Ten (10) Years
Over \$40,000	Fifteen (15) Years

Period of Affordability Chart

***Bedford, Concord, Lexington, Needham, Sudbury, and Wayland***

These communities choose not to utilize HOME funds for newly constructed ownership units due to the conflicts between the State’s affordable housing deed riders and the HOME Program rule, with respect to the resale and recapture provisions. This guideline has not changed since the submission of the FY16-20 Consolidated Plan.

***Brookline***

When providing homebuyer assistance, that is, funding directly to a homebuyer to purchase an existing unit at a market price, the town will continue to pursue two different strategies.

- (1) If the unit is located in a property with fewer than six units, at the time of resale, the seller will repay to the town the down payment assistance provided plus that portion of the net appreciation, if any (current market price minus original sales price, appraisal fee, if any, brokerage fee up to five percent of resale price, and the depreciated cost of approved capital improvements) which reflects the proportion of public subsidy to total equity invested. Total equity consists of town homebuyer assistance, owner down payment, owner pay-down of principal and, for consistency with HUD requirements, the cost of capital improvements referenced earlier. In no case will the owner be required to repay the town more than the net proceeds for the sale, that is, the sales price minus non-HOME loan repayment and sale-related and closing costs.
- (2) If the unit is in a property with six or more units, the town will have a right of first refusal at a price which represents the original purchase price, minus the subsidy, adjusted by changes in AMI or 80 percent of median income, whichever is lower, plus compensation for the depreciated cost of approved capital improvements, plus the amount in the condominium

association's segregated capital replacement account attributable to the unit. In the event that the town cannot exercise its rights, the seller will be free to sell on the market and repay the loan with shared appreciation in accordance with (1), above.

The town will continue to use the Commonwealth of Massachusetts' Affordable Housing Deed Rider as a resale restriction for units which are offered – through inclusionary zoning, the State Chapter 40B program and/or various non-HOME subsidies. According to this deed rider, resale price is based upon increases over time in Area Median Income, adjusted by the commercially reasonable cost of approved capital improvements, depreciated over the remaining years of the owner's occupancy, as long as the price at resale is neither more than what a range of income-eligible buyers can afford nor less than the owner's initial purchase price.

However, where HOME funds are provided to a developer in order to acquire and rehabilitate or build new units for sale at affordable prices, the town will use a resale agreement running with the land that will provide the owner with a fair return on investment, while assuring that the unit will be affordable to a range of income-eligible buyers at least through the HOME period of affordability. Resale price will be the initial sales price plus the commercially reasonable cost of approved capital improvements depreciated over the remaining years of the owner's occupancy, plus return on investment. Investment will be defined as the original downpayment, annual contributions to principal, and commercially reasonable cost of approved capital improvements. Return on investment will be calculated as the sum of the annual interest on the owner's cumulative investment (without compounding), based on the interest rate of ten-year bond obligations of the United States Treasury.

With regard to repayment for capital improvements, capital improvements must be approved beforehand, and be of function and quality (or be so valued) consistent with the use of the housing as affordable housing. The capital improvements are those owned by the condominium owner (and not part of common space) and might include, for example, the replacement, due to damage or long term wear and tear, of windows, heating or hot water systems, and stove, refrigerator or dishwasher.

The town understands that, to the extent that resale price for a HOME-subsidized unit during the HUD period of affordability exceeds what a range of income-eligible buyers can afford, it may be obligated to fund the difference. A resale price is within the range of income-eligible buyers if it is based upon what a household with a size which equals the number of bedrooms plus one and an income 10 percent below the relevant income limit can afford when spending no more than 30 percent of gross income on housing costs (mortgage, real estate taxes, home and private mortgage insurance, and condo fees), assuming current interest rates offered plus one quarter percent for a 30 year, no point fixed-rate loan with a down payment of five percent of total costs. Units that come up for resale will be targeted to low-income first-time homebuyers earning up to 80 percent of the Boston-Cambridge-Quincy MA-NH Area Median Income (AMI), as published by the U.S. Department of Housing and Urban Development, for the duration of the HOME Period of Affordability (*see affordability period chart outlined above*) and as consistent with the number of bedrooms in the unit.

With regard to the preservation of affordable rental housing, when providing funding to developers/owners of rental properties, the town will continue to structure the subsidy as a long-term deferred interest loan, which may be extended if required for continued affordability, and to reserve for the town a right of first refusal to purchase the property should the owner seek to sell.

### **Framingham**

In Framingham, HOME-assisted units must meet the affordability requirements of five to 20 years beginning after project completion (*Please see affordability period chart outlined above*). The affordability requirements apply without regard to the term of any loan or mortgage or the transfer of ownership. They are imposed by deed restrictions approved by HUD. The deeds are structured to recapture funds when the following circumstances occur:

- If the premises are sold
- Cease to be the client's primary residence
- Any change in the title during the term of the promissory note, which commences upon the completion date
- Substantial non-compliance with the promissory note and mortgage by the client

When triggered, recaptures take back the full HOME loan or the net proceeds, if the net proceeds are less than the full amount of the HOME loan and the client's investment.

### **Natick**

The Town of Natick will use the recapture provisions for those housing units that are not intended to be listed on the DHCD Subsidized Housing Inventory (SHI), or do not qualify for the DHCD Local Initiative Program and/or Local Action Units. In these cases, the amount subject to recapture is the amount of the direct subsidy provided to the homeowner, and/or the difference between the fair market value of the property and a reduced sales price attributable to HOME development assistance. The HOME assistance will be recaptured in the full amount of the direct subsidy based on the availability of net proceeds which is defined as the sales price minus superior loan repayment (other than HOME funds) and any closing costs.

For those housing units that are intended to be listed on the DHCD SHI and/or qualify for the DHCD Local Initiative Program or Local Action Unit, the Town of Natick will use the resale provisions to ensure long term affordability. The Period of Affordability outlined at the beginning of Section 1 will apply. In these cases during the HOME period of affordability, the property must remain affordable to low income homebuyers spending no more than 30 percent of gross income on mortgage payments (PITI) and condo fees; and be sold at a price that provides the owner a fair return on investment. The sale of the property is limited to a credit-worthy eligible purchaser earning between seventy and eighty percent (70-80%) of the Area Median Income for an appropriate size household. During the initial 90 days of marketing, the town will have a Right of First Refusal to purchase the property.

The basis for a fair return on investment includes the homebuyer's original investment and capital improvements and is dependent on a maximum sales price based on the change in Area

Median Income (AMI) over the period of ownership. The maximum sales price is determined by taking the ratio of the original HOME assisted unit sales price over the purchase year AMI, and multiplying this number by the current AMI to get the current base sales price, to which is added closing costs and capital improvements. Capital improvements must be approved by the town to be considered and are defined as a necessary improvement, not covered by a condo or homeowner fee, that if not done would compromise the structural or functional integrity of the original property. The value of capital improvements at the time of resale will be based on a depreciation schedule. The town understands that, to the extent that resale price for a HOME-subsidized unit during the HUD period of affordability exceeds what a range of income-eligible buyers can afford, it may be obligated to fund the difference.

**Newton**

Under resale provisions, all properties acquired through a development subsidy or receiving direct homebuyer assistance with HOME funds will have a recorded deed restriction stating the affordability period and the process for calculating the resale amount to ensure long term affordability to an income-eligible household during the affordability period. Additionally, any loan issued by the City is secured by a mortgage and promissory note.

**Waltham**

Under recapture provisions, all properties receiving direct homebuyer assistance and/or rehabilitated with HOME funds will have a recorded mortgage stating the affordability period (*outlined above*) and the process for calculating the recapture amounts.

**Watertown**

Under recapture provisions, all properties receiving direct homebuyer assistance with HOME funds will have a recorded mortgage stating the affordability period (*outlined above*) and the process for calculating the recapture amounts.

**3. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:**

No communities have plans to refinance existing debt secured by properties that have HOME funds in FY24 (FFY23).

**Emergency Solutions Grant (ESG)  
Reference 91.220(l)(4)**

- 1. Include written standards for providing ESG assistance (may include as attachment) In accordance with federal regulations set forth in 24 CFR Part 567, the City of Newton's Department of Planning and Development has developed written standards guiding the provision and prioritization of Emergency Solutions Grant (ESG) funding.**

Service providers contracted with the City of Newton to provide services in conjunction with the Emergency Solutions Grant must become thoroughly familiar with all regulations promulgated by the United States Department of Housing and Urban Development (HUD) governing the Emergency Solutions Grant Program and the City of Newton's written standards. All sub-grantees are responsible for implementing the service in accordance with these regulations.

*(Please also see Written Standards for the Provision of ESG Assistance in the appendix)*

- 2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.**

Coordinated Entry refers to the process used to assess and assist in meeting the housing needs of people experiencing homelessness. This process is intended to serve people experiencing homelessness with ties to the communities of the Balance of State (BoS) Continuum of Care (CoC). BoS Coordinated Entry aims to allocate assistance as effectively as possible to meet consumer housing needs including, fostering increased collaboration between service providers, avoiding duplication of services, assessing and prioritizing based on vulnerability, and reducing the amount of time individuals experiencing homelessness must wait before accessing assistance. All individuals identified as homeless are evaluated, regardless of initial residency, by outreach workers and service providers through centralized intake. CE staff then work to connect individual(s) to appropriate services and programming.

In January 2020, the BoS CoC updated its Coordinated Entry scoring process to place a priority and emphasis on homeless youth. Updated materials have been included in the City's written standards.

- 3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).**

The distribution of ESG funds to sub-recipients is determined through a competitive, annual RFP process. Division staff also consult with sub-recipients regarding their projects and funding needs. The RFP requires the respondents to indicate how their programs will assist

homeless individuals and families or those at risk of homelessness in each of these areas, as well as how the projects will help clients achieve housing stability.

In advance of the release of the FY25 (FFY24) RFP, the representatives of the BNWW CoC, including local providers and municipal staff, and BoS CoC met to prioritize funding allocation percentages across eligible program components helping homeless individuals and families and those at-risk of becoming homeless. These components include Street Outreach, Shelter Operations/Services, Homelessness Prevention, Rapid Re-housing, and HMIS. After discussion and deliberation, the cohort recommended not to allocate ESG funding for street outreach or HMIS. This decision was based on ESG providers' identification of other, existing resources for serving unsheltered homeless individuals and families. As a result, given the impacts of the coronavirus pandemic, the cohort recommended allocating the full amount allowable (60% of the total award) to the shelter service activities and focusing the remaining resources on HUD's long-term priorities of homelessness prevention and rapid re-housing. These principles align with the BoS CoC' and United States Interagency Council on Homelessness' Strategic Plans to End Homelessness.

**4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.**

To the extent possible, outreach is done to residents who have experienced homelessness. The Point-In-Time Count (sheltered and unsheltered) and the Housing Inventory Count are managed by the BoS CoC. The BoS CoC develops a survey to determine demographic information about this vulnerable population, as well as specific reasons for why someone is homeless and/or, whenever possible, what services may be needed to improve his/her situation in the future.

In addition, the representatives of the four municipalities and local social service providers meet annually to determine the percentage allocation for each category of eligible services: Street Outreach, Shelter Operations/Services, Rapid Re-housing, Homelessness Prevention, and HMIS. Agency staff have direct contact with potential beneficiaries, as well as a long track record of providing services directly to the homeless and at-risk homelessness populations, and their work specifically informs this allocation.

**5. Describe performance standards for evaluating ESG.**

As part of the FY25 RFP review process, the review committee members, consisting of representatives from the City of Newton Planning and Development Department, Newton Health and Human Service Department, Newton Executive Office, BoS CoC, City of Waltham, City of Watertown, City of Brookline, and Pine Street Inn, a local provider, evaluate the uses and outcomes of existing ESG-funded projects from FY22, FY23, and FY24, should the providers choose to re-apply for funds for the upcoming fiscal year. This is accomplished

through the analysis of reports of monitored projects, as well as a review of quarterly performance reports that are submitted during the program year. The RFP is also evaluated with the assistance of a quantitative scoring sheet.

As allocations are becoming increasingly more data driven, ESG and CoC service providers must navigate the VESTA HMIS system, or the DV equivalents, to input client intake/exit information and ensure accurate data compilation and reporting. Beginning in October 2017, ESG recipients were required to submit this accomplishment data into the Sage HMIS Reporting Repository. The ESG-CAPER Annual Reporting Tool (eCart), used in prior years, is no longer used for this process. In addition, the BoS CoC continues to offer on-going technical assistance and training for providers to enhance their knowledge and understanding of the HMIS system.

# APPENDIX

## CITIZEN PARTICIPATION PLAN

### CITY OF NEWTON HOUSING AND COMMUNITY DEVELOPMENT PROGRAM

---

The City of Newton annually receives Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME) and Emergency Solutions Grant (ESG) funds from the U.S. Department of Housing and Community Development (HUD), which it administers through the Housing and Community Development Division of the Planning and Development Department. The primary purpose of these formula grant programs is to develop viable communities through the provision of decent housing, a suitable living environment and expanding economic opportunities for low- and moderate-income persons. As a recipient of these entitlement program funds, the City is required to produce the following documents:

- **Consolidated Plan** – a five-year plan that documents Newton’s housing and community development needs, outlines strategies to address those needs, and identifies proposed program accomplishments
- **Annual Action Plan** – an annual plan that describes specific CDBG-, HOME- and ESG-funded projects that will be undertaken over the course of the upcoming fiscal year
- **Consolidated Annual Performance and Evaluation Report (CAPER)** – an annual report that evaluates the use of CDBG, HOME and ESG funds following the close of the fiscal year
- **Analysis of Impediments to Fair Housing Choice** – a five-year plan that analyzes disparities in access to housing opportunities in the City and identifies priorities and goals to address these issues.

This Citizen Participation Plan has been developed to provide citizens and other interested parties with opportunities to participate in an advisory role in the planning, implementation and evaluation of the CDBG, HOME and ESG programs which primarily benefit Newton’s low- and moderate-income residents, and to review and comment on each of the documents listed above.

Citizen participation in CDBG, HOME and ESG program activities ranges from conducting needs assessments and strategic planning to providing input on project selection, development, implementation and evaluation. The Citizen Participation Plan outlines the City’s responsibility to solicit active citizen participation. The goals of the Citizen Participation Plan are to:

- Encourage citizen participation by all Newton residents, emphasizing the involvement of low- and moderate-income residents, persons with disabilities, minorities, non-English speaking persons and residents of assisted housing;
- Inform citizens of the Newton Consolidated Plan, CAPER, the Analysis of Impediments to Fair Housing Choice and the Annual Action Plan, including funds available from CDBG, HOME, ESG and other Continuum of Care Homeless Programs and eligible activities under these programs;
- Give all citizens an opportunity to identify and respond to priority needs;
- Give all citizens an opportunity to identify and respond to proposed projects, actions, policies and the use of funds; and
- Give all citizens an opportunity to review and comment on program performance.

## **1. Process for Citizen Participation**

Opportunities for citizen participation in the planning and development of the Newton Consolidated Plan, Analysis of Impediments to Fair Housing Choice, the Annual Action Plan, and the CAPER will be provided through several levels of community involvement and outreach, including:

### Individual Citizens

The participation of individual citizens is critical to the City of Newton's Housing and Community Development Program. Reasonable efforts will be employed to make all citizens aware of the Program-related meetings and events in their neighborhoods, as well as public hearings and citywide events that are related to the development of the Consolidated Plan, the Analysis of Impediments to Fair Housing Choice, the Annual Action Plan and the CAPER. It is the goal of the Program to create opportunities for participation for all interested citizens, including, but not limited to, low- and moderate-income residents, persons with disabilities, minorities, non-English speaking persons and residents of assisted housing.

### Newton Housing Partnership

While the Newton Housing Partnership plays a critical role in the review and evaluation of CDBG- and HOME-funded projects, it is also instrumental in shaping housing policy for the city as a whole. The Partnership's mission is to foster, support and initiate land use, planning and fiscal policies and actions that ensure the development and preservation of housing to serve a socially and economically diverse community. In order to fulfill its mission, the Partnership acts in an advisory capacity to the Mayor, the City Council and its committees, the Planning and Development Board, the Zoning Board of Appeals, the Community Preservation Committee and city staff. Consisting of up to 9 members, the Newton Housing Partnership represents Newton residents, organizations, businesses and institutions which are based in Newton or which serve the housing needs of Newton residents.

### Fair Housing Committee

The Fair Housing Committee works with the Mayor and City staff to promote, support and affirmatively further Newton's efforts to be a diverse and welcoming community with housing choices and opportunities free from housing discrimination. Acting in an advisory capacity to the Mayor, the City Council, and all applicable City departments, boards, and committees, this Committee aims to assure that policies and practices relating to fair housing are incorporated into City operations and community activities, as well as facilitate public education and outreach. The committee collaborates with City staff to spearhead the community participation process for the Analysis of Impediments to Fair Housing Choice, which will be completed once every five years. The Committee's bylaws allow the Mayor to appoint up to 11 members and residents, who represent Newton-based institutions, organizations, and businesses that serve the housing needs of Newton residents. The membership shall reflect the diversity of persons who are protected by civil rights laws, and shall include one or more persons with expertise in fair housing and civil rights laws.

### Commission on Disability

The mission of the Commission on Disability (COD) is to foster equal access to community life and activities for people with disabilities. Through education and advocacy, the Commission works with the Mayor and City staff to raise awareness about the needs of people with disabilities and the importance of increased accessibility to programs, housing and facilities in municipal and commercial

buildings, and other public entities. The COD informs project priorities and provides recommendations for use of Community Development Block Grant (CDBG) funds in projects that remove architectural barriers and increase accessibility throughout the City of Newton. Commission members are a diverse representation of Newton's disability population and include residents, representatives of organizations, as well as businesses and institutions, which are based in Newton and serve the needs of Newton residents. The COD consists of not less than 5 but no more than 9 members appointed by the Mayor.

#### Organizations, Agencies and the Newton Housing Authority

In developing a plan for the best use of CDBG, HOME and ESG funds, the Newton Housing and Community Development Program relies heavily on the input of other agencies involved in the development and implementation of projects to assist low- and moderate-income citizens, including the Newton Housing Authority, the Balance of State (BoS) Continuum of Care (CoC), many area nonprofit organizations and state housing and community development agencies. These agencies and organizations are encouraged to participate in the development of the Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan, and CAPER and are asked to review and comment on the proposed documents.

#### Planning and Development Board

The Planning and Development Board, acting as the Community Development Board, is the governing citizen body that considers the recommendations made by Division staff and City departments, other Newton agencies and organizations and citizens related to the CDBG, HOME and ESG Programs. Following a public hearing to allow for open discussion, the Planning and Development Board forwards their recommendations to the Mayor for final review and approval. When funding requests are made to the Planning and Development Board (while acting as the Community Development Board), representatives of the party requesting project funding and/or Division staff will present the proposal to the Board. The Public Hearing is held open during the 15- or 30-day comment period to ensure that public comments made during that timeframe are adequately considered by the Board before a final funding decision is made by the Mayor.

Public hearings on the proposed Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan and CAPER are conducted by the Board, as well as public hearings for proposed substantial amendments to the Consolidated Plan and/or Annual Action Plan. The Board is composed of residents of the City of Newton and is comprised of six full members (one of which is appointed by the state Secretary of Housing and Community Development), the Planning and Development Department Director (*ex officio*), and up to five alternate members. Unless their schedule is disrupted by a holiday or inclement weather, the Planning and Development Board meets on the first Monday of every month at Newton City Hall.

#### City Council

The City Council is the final citizen policy body that reviews and takes action on the Consolidated Plan and the Annual Action Plan. After receiving the plan from the Mayor, the City Council considers and then votes on approval of the submission of the proposed Plan and on acceptance of the CDBG, HOME and ESG grants from HUD. After the City Council votes, the Plan can be formally submitted to HUD.

## **2. Public Meetings and Public Hearings**

Committees including, but not limited to, the Fair Housing Committee, COD and local meetings of the BoS CoC, conduct public meetings to solicit public input on the Housing and Community Development Program. All meetings are open to the public and participation is encouraged.

Public hearings are required by law to obtain the public's views and to provide the public with the City's responses to public questions and proposals. As stated earlier, the entity responsible for conducting public hearings for the Newton Housing and Community Development Program is the Planning and Development Board. As required by law, the Planning and Development Board holds at least two public hearings each year to solicit input on housing and community needs, to review proposed uses of funds and to assess how funds were spent during the previous program year.

The two public hearings are:

- Proposed Annual Action Plan public hearing (generally held in March or April)
- Annual performance public hearing for the proposed CAPER (generally held in September)

During the development of the Consolidated Plan and the Analysis of Impediments to Fair Housing Choice additional public hearings will be held.

The public hearings for the Consolidated Plan will cover:

- Proposed Citizen Participation Plan public hearing, where staff present proposed revisions to the existing Citizen Participation Plan;
- Needs Assessment public hearing for the Consolidated Plan, where staff describe the housing and community development needs that were identified through data analysis and community participation;
- Proposed Consolidated Plan public hearing, where staff reviews the content of the draft Consolidated Plan, including the amount of financial assistance the City expects to receive, the proposed projects that will be undertaken and the activities that will benefit low- and moderate income persons.

The public hearing for the Analysis of Fair Housing to Fair Housing Choice will cover:

- Disparities in housing opportunity that were identified through data analysis and community participation.
- Content, goals and strategies of the draft Analysis of Impediments to Fair Housing Choice.

In addition to the public hearings listed above, the Planning and Development Board will conduct a public hearing whenever a substantial change is proposed to the use of CDBG, HOME or ESG Program funds from that which was listed in the Consolidated Plan or Annual Action Plan.

A substantial Amendment is defined, in accordance with 24 CFR 91.505(a), as:

- A substantial change in allocation priorities (any change greater than 25 percent in an individual project's total budget) or a substantial change in the method of distribution of funds;
- A new activity (including those funded exclusively with program income) not previously covered by the Newton Consolidated Plan or Annual Action Plan; or a

- Substantial change in the purpose, scope, location or beneficiaries of an activity.

Public hearings are generally held at Newton City Hall and in locations that meets ADA accessibility standards. Reasonable accommodations will be made for people with disabilities upon request. Language interpreters will also be provided for non-English speaking participants upon advance notice.

Citizens and other interested parties may present oral comments at the time of the hearing and/or submit written comments for 30 days after the public hearing for the proposed Consolidated Plan, Annual Action Plan, Analysis of Impediments to Fair Housing Choice and any substantial or material changes and for 15 days after public hearings for the proposed Citizen Participation Plan and the CAPER. The City will consider the views of all citizens, organizations and agencies, and other interested groups in preparing the final Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan and CAPER.

Following the public comment period, staff must submit a formal notification of the substantial amendment to the Mayor for approval. Once the Mayor certifies the notification, it is submitted to HUD.

### **3. Modified Citizen Participation Process for Substantial Amendments Related to Emergency or Disaster Response**

As specified above, the City may amend the approved Annual Action Plan and Consolidated Plan, in accordance to 24 CFR 91.505. Substantial amendments to these plans will be subject to the citizen participation process, and the City must provide citizens with 30 days to comment on the substantial amendments.

- **Comment Period:** In the event there is an emergency or disaster, in which a state of emergency is declared either at the federal, state, or local level, the City will allowed to engage in a modified citizen participation process in which a public hearing will be conducted with a shortened comment period of 5 days. The shortened comment period will allow the City to respond to an emergency or disaster in a timely manner
- **Virtual Public Hearing and Public Meetings:** In the event there is an emergency or disaster, in which a state of emergency is declared either at the federal, state, or local level, the City will conduct public meetings and public hearings virtually to ensure public safety. Virtual public hearings and public meetings will allow for questions in real time, with answers coming directly from the elected representatives to all “attendees”, via a virtual hearing method or platform that provides for accessibility for persons with disabilities and LEP to participate.

### **4. Notice of Meetings**

All public meetings and public hearings are open to the public. Participation is encouraged. The following paragraphs describe the efforts that will be made to notify the public of public meetings and public hearings.

Public Meetings

Meeting notices are mailed or e-mailed to appointed members at least seven calendar days prior to meeting date. All meeting notices are posted on the Electronic Posting Board and Public Notice Board on the first floor of Newton City Hall within 48 hours of the scheduled meeting, and are listed in the Planning and Development Department’s weekly “Friday Report,” which is e-mailed or mailed to City officials, agency/organization representatives and residents.

Public Hearings of the Planning and Development Board

- Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan and CAPER

Public notices for public hearings for the proposed Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan, and CAPER will be advertised in a newspaper with regional circulation the at least ten calendar days prior to each hearing. Meeting notices for the Consolidated Plan, Annual Action Plan, and CAPER will be e-mailed or mailed to Board members and posted on the Electronic Posting Board, the City webpage relevant to the subject matter (i.e. <http://www.newtonma.gov/fairhousing> ), and the Public Notice Board, and broadcast on the television monitor, both located on the first floor of City Hall. Notice will also be provided on the City’s website in the City Calendar and listed in the Planning and Development Department’s weekly “Friday Report” which is e-mailed or mailed to City officials, agency/organization representatives and residents.

- Amendments to the Proposed Use of Funds

Notices for public hearings for amendments to the use of funds proposed in the Consolidated Plan and/or Annual Action Plan will be e-mailed or mailed to Board members. Notice will also be posted on the Electronic Posting Board, the Public Notice Board and broadcast on the television monitor on the first floor of City Hall. Notice will also be provided on the City’s website in the City Calendar and listed in the Planning and Development Department’s weekly “Friday Report” which is e-mailed or mailed to City officials, agency/organization representatives and residents.

**5. Availability of the proposed Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan, and CAPER**

Notice of the availability of the proposed Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan, and CAPER will be published in a newspaper of regional circulation at least ten calendar days prior to the public hearing. The notice will summarize the content and purpose of these proposed documents and will include a list of locations where copies of the documents may be examined. At a minimum, copies of the proposed Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan, and CAPER will be available in the Newton Housing and Community Development Office and on the Housing and Community Development Division’s section of the Planning and Development Department’s web page, located at <http://www.newtonma.gov/cdbg> and on the Planning and Development Department’s Special Reports and Studies web page:

[http://www.newtonma.gov/gov/planning/resources/special\\_reports n studies.asp](http://www.newtonma.gov/gov/planning/resources/special_reports_n_studies.asp).

**6. Access to Information**

In addition to opportunities to make oral comments at public meetings and/or public hearings before the Planning and Development Board, any citizen, organization, agency or other interested party may submit written requests for information and submit written comments regarding the proposed Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan, and CAPER, and/or amendments to each, including the proposed use of funds and the benefit to low- and moderate-income residents. Copies of documents will be made available in other languages and/or in other formats (i.e. larger print) upon request. Documents from prior years will also be available upon request for at least the preceding five years.

Additionally, plans to minimize displacement and assist those displaced as a result of the activities in the Consolidated Plan and the Annual Action Plan are attached to this document.

**7. Comments**

Citizens, organizations, agencies and other interested parties are encouraged to submit their comments on the proposed Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan and CAPER. All comment periods will begin the day of the public hearing held by the Planning and Development Board. Minimum comment periods are listed below:

Type of Public Hearing	Comment Period
Consolidated Plan	30 calendar days
Annual Action Plan	30 calendar days
CAPER	15 calendar days
Analysis of Impediments to Fair Housing Choice	30 calendar days
Substantial Amendments to Consolidated Plans and Annual Action Plans	30 calendar days

The City of Newton will consider all comments in preparing its final Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan and CAPER for submission to HUD, and will include a summary of all comments received and the actions taken to address each comment.

Comments may be submitted via mail, e-mail or fax to:

Housing and Community Development Division  
 Newton Planning and Development Department  
 1000 Commonwealth Avenue  
 Newton, MA 02459  
 Fax: 617-796-1142  
 Phone: 617.796.1120, TDD/TTY 617-796-1089

**8. Timely Response**

The City of Newton will respond in writing within 15 calendar days to any written comments, questions or complaints received regarding the Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan, CAPER or the Newton Housing and Community Development Program in general.

#### **9. Technical Assistance**

Upon request, Newton Housing and Community Development Division staff will provide technical assistance to groups representing low- and moderate-income persons to develop funding requests for CDBG-, HOME- or ESG-eligible activities.

#### **10. Use of the Citizen Participation Plan**

The City of Newton will be required to adhere to this Citizen Participation Plan, once adopted, as the official mechanism for obtaining citizen input into the Consolidated Plan process and during the administration of the programs covered by this Plan.

#### **11. Jurisdiction Responsibility**

The requirements for citizen participation shall not restrict the responsibility or authority of the jurisdiction for the development and execution of its Consolidated Plan. The sole and final responsibility and authority to make determinations regarding the City's CDBG, HOME and ESG funding rests exclusively with the Mayor.

#### **12. HUD Waivers Related to CARES Act**

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136. As authorized by the CARES Act, the City will receive FY20 Community Development Block Grant Coronavirus (CDBG-CV) funds and Emergency Solutions Grant Coronavirus (ESG-CV) funds to prevent, prepare for, and respond to the coronavirus (COVID-19). In addition, the CARES Act adds additional flexibility for the use of FY20 CDBG-CV funds and as it relates to the annual FY21 (FFY20) CDBG funds during these unprecedented times.

Waivers provided by HUD related to the Citizen Participation Plan and the Consolidated Plan are detailed below. Newton submitted a formal request to HUD on April 9, 2020 for the use of these two waivers:

##### **a. Citizen Participation Public Comment Period for Consolidated Plan and Annual Action Plan Amendments**

A HUD CPD grantee may amend an approved consolidated and annual action plan in accordance with 24 CFR 91.505. Substantial amendments to these plans are subject to the citizen participation process in the grantee's citizen participation plan (CPP). The citizen participation plan must provide citizens with 30 days to comment on substantial amendments.

Given the need to expedite actions to respond to COVID-19, HUD has waived this requirement in order to balance the need to respond quickly to the growing spread and effects of COVID-19 with the statutory requirements to provide reasonable notice and opportunity for citizens to comment on substantial amendments concerning the proposed uses of CDBG, HOME or ESG funds.

**Waiver:** This 30-day minimum for the required public comment period is waived for substantial amendments, provided that no less than 5 days are provided for public comments on each substantial amendment.

**Timeframe:** This waiver is available from April 13, 2020 through the end of the recipient's 2020 program year (June 30, 2021).

#### **b. Citizen Participation Reasonable Notice and Opportunity to Comment**

For substantial amendments to the consolidated and annual action plan, HUD's regulations require the recipient to follow its citizen participation plan (CPP) to provide citizens with reasonable notice and opportunity to comment, and must also state how reasonable notice and opportunity to comment will be given.

Given governmental orders to limit public gatherings, HUD has provided waivers to allow grantees to determine what constitutes reasonable notice and opportunity to comment given their circumstances.

**Waiver:** This waiver provides that grantees may amend citizen participation plans to establish expedited procedures to draft, propose, or amend consolidated plans. Expedited procedures must include notice and reasonable opportunity to comment of no less than 5 days. The 5-day period can run concurrently for comments on the consolidated plan and annual action plan amendment and amended citizen participation plans.

In-person public hearings are not required. Grantees may meet public hearing requirements with virtual public hearings if: 1) national/local health authorities recommend social distancing and limiting public gatherings for public health reasons; and 2) virtual hearings provide reasonable notification and access for citizens in accordance with the grantee's certifications, timely responses from local officials to all citizen questions and issues, and public access to all questions and responses.

**Timeframe:** This waiver is in effect from April 13, 2020 through the end of the recipient's 2020 program year (June 30, 2021).

Given governmental orders to limit public gatherings and the need for expedited decision making related to the use of CDBG-CV funds, the following paragraph describes the efforts to notify the public of the public meetings and public hearings during this time:

- Notices for public hearings for amendments to the use of funds proposed in the Consolidated Plan and/or Annual Action Plan will be e-mailed to Board members.
- Notice will be posted on the Electronic Posting Board.
- Notice will be provided on the City's website in the City Calendar
- Notice will be listed in the Planning and Development Department's weekly "Friday Report" which is e-mailed to City officials, agency/organization representatives and residents.

During this time, public meetings and public hearings shall be conducted virtually to ensure public safety. Public hearings will allow for questions in real time, with answers coming directly from the elected representatives to all "attendees", via a virtual hearing method or platform that provides for accessibility for persons with disabilities and LEP to participate.

Copies of the proposed Consolidated Plan, Analysis of Impediments to Fair Housing, CAPER, Annual Action Plan will only be made available on the City's website, [www.newton.com/CDBG](http://www.newton.com/CDBG).

**ANTI-DISPLACEMENT AND RELOCATION PLAN**

(attached to the Citizen Participation Plan)

**Permanent Relocation**

It is the policy of the City of Newton Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) programs and the WestMetro HOME Consortium to take all reasonable steps to minimize displacement as a result of CDBG- and HOME-assisted projects, including:

- Considering whether displacement will occur during feasibility determinations
- Identifying potential relocation workload and resources early
- Assuring, whenever possible, that residential occupants of buildings rehabilitated are offered an opportunity to return
- Planning rehabilitation projects to include “staging” where this would eliminate temporary displacement
- Following notification procedures carefully so that families do not leave because they are not informed about planned projects or their rights

When a project does require relocation, in order to ensure the timely issuance of information notices to displaced households, etc., staff of the City of Newton Housing and Community Development Division or of the WestMetro HOME Consortium member communities will ensure that all notices are sent in compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA).

**Temporary Relocation**

Temporary relocation often occurs as the result of lead abatement and other rehabilitation activities in renter- and owner-occupied units. Although the City of Newton Housing and Community Development Division is not required to, in most cases it pays for the temporary relocation of displaced renters and/or homeowners whose residences are being rehabilitated.

## CITIZEN PARTICIPATION PLAN

### WESTMETRO HOME CONSORTIUM CITIZEN PARTICIPATION PLAN

---

The City of Newton, the lead entity for the WestMetro HOME Consortium, annually receives HOME Investment Partnerships Program (HOME) funds from U.S. Department of Housing and Community Development (HUD), which it administers on behalf of the WestMetro HOME Consortium member communities. The purpose of the HOME Program is to provide funds for a wide range of activities that create affordable housing opportunities for low- and moderate- income people. As a recipient of these formula grant funds, the HOME Consortium is required to produce the following documents:

- Consolidated Plan – a five-year plan that documents each community’s housing needs, outlines strategies to address those needs, and identifies proposed program accomplishments
- Annual Action Plan – an annual plan that describes specific HOME-funded projects that will be undertaken over the course of the upcoming fiscal year
- Consolidated Annual Performance and Evaluation Report (CAPER) – an annual report that evaluates the use of HOME funds
- Analysis of Impediments to Fair Housing Choice – a five-year plan that analyzes disparities in access to housing opportunities and identifies priorities and goals to address these issues.

This Citizen Participation Plan has been developed to provide citizens and other interested parties with opportunities to participate in an advisory role in the planning, implementation and evaluation of the HOME program and to review and comment on each of the documents listed above.

Citizen participation ranges from conducting needs assessments and strategic planning to project selection, development, implementation and evaluation. The Citizen Participation Plan outlines the City’s responsibility for providing opportunities for active citizen participation. The goals of the Citizen Participation Plan are to:

- Encourage citizen participation by all residents of the Consortium-member communities, emphasizing the involvement of low- and moderate-income residents, people with disabilities, minorities and residents of assisted housing;
- Inform citizens of the Consolidated Plan, Analysis of Impediments to Fair Housing Choice, and the Annual Action Plan, including funds available from the HOME program and eligible activities under the program;
- Give all citizens an opportunity to identify and respond to priority needs;
- Give all citizens an opportunity to identify and respond to priority proposed projects and the use of funds; and
- Give all citizens an opportunity to review and comment on program performance.

This is the overall Citizen Participation Plan for the WestMetro HOME Consortium. Member communities must meet the minimum requirements set forth herein. However, members are free to add opportunities for citizen participation beyond those required here.

Please note that the Consortium’s Consolidated Plan and subsequent Annual Action Plans will cover *only* housing planning and HOME programming for the Consortium member communities. The plans will also include Newton’s Community Development Block Grant (CDBG) and Emergency Solutions Grant (ESG)

programs, as well as planning and programming for other programs. The other Consortium members will develop separate *non-housing plans*, as appropriate, and these will be submitted to HUD with the Consortium Plan, but will be separate documents.

## **1. Process for Citizen Participation**

Participation by citizens, agencies and other interested parties in the process of developing the Consortium's Citizen Participation Plan, Consolidated Plan, the Analysis of Impediments to Fair Housing Choice, Annual Action Plan, and CAPER and will be encouraged by both the Consortium and by individual member communities. All meetings and draft public documents will receive the broadest possible circulation and notice to encourage participation, especially by residents in the lowest income brackets, by minorities and non-English speaking persons, as well as persons with mobility, visual or hearing impairments. Each member will work with its local public housing authority to encourage the participation of public and assisted housing residents.

Reasonable accommodations will be made for people with disabilities upon request. Language interpreters will be provided for non-English speaking participants upon advance request.

## **2. Public Hearings**

Public participation will be provided at the following public hearings to be held by the Consortium before the Newton Planning and Development Board at Newton City Hall in an accessible location. Hearings may be combined; however, no less than two public hearings will be conducted during the program year.

- Proposed Citizen Participation Plan public hearing
- Proposed Housing Needs public hearing
- Proposed Housing Strategies public hearing
- Proposed Consolidated Plan/Annual Action Plan public hearing
- Annual Performance Public Hearing for the proposed CAPER
- Proposed Analysis of Impediments to Fair Housing Choice public hearing

In addition to the public hearings listed above, member communities will also conduct public hearings in their own community whenever a substantial change is proposed to the use of HOME Program funds from that which was listed in the Consolidated Plan or Annual Action Plan. Member communities shall give notice of the proposed change to the City of Newton, which will submit the required notification to HUD once the hearing has been held and the change has been approved.

A substantial change is defined, in accordance with 24 CFR 91.505(a), as:

- A substantial change in allocation priorities (any change greater than 25 percent in an individual project budget) or a substantial change in the method of distribution of funds;
- An activity (including those funded exclusively with program income) not previously covered by the Consolidated Plan or Annual Action Plan; or a
- Substantial change in the purpose, scope, location or beneficiaries of an activity.

In addition to public hearings for a substantial change, additional hearings may be held by Consortium member communities to solicit input on proposed Plans.

Citizens and other interested parties may present oral comments at the time of the hearing and/or

submit written comments for 30 days after the public hearing for the proposed Consolidated Plan, Analysis to Fair Housing Choice, Annual Action Plan, and any substantial amendments, and for 15 days after public hearings for the proposed Citizen Participation Plan and CAPER. The Consortium will consider the views of all citizens, organizations and agencies, and other interested groups in preparing the final Citizen Participation Plan, Consolidated Plan, Annual Action Plan and CAPER.

### **3. Notice of Meetings**

Public notices for public hearings for the proposed Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan, and CAPER and will be advertised in a newspaper with regional circulation at least ten days prior to each hearing.

Public notices for substantial changes will be advertised at least seven days prior to the hearing.

Additionally, at a minimum, meeting notices for public hearings for the proposed Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan and CAPER will be e-mailed or mailed to Planning and Development Board members and posted on the Electronic Posting Board and Public Notice Board, on the first floor of Newton City Hall within 48 hours of the scheduled meeting. Notice will also be provided on the front page of the City of Newton's website and listed in the Newton Planning and Development Department's weekly "Friday Report" which is e-mailed or mailed to City officials, agency/organization representatives and residents. Consortium member communities may supplement these outreach efforts.

### **4. Availability of the proposed Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan and CAPER**

Notice of the availability of the proposed Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan, and CAPER will be published in a newspaper with regional circulation at least ten days prior to the public hearing. The notice will summarize the purpose of these proposed documents and will include a list of locations where copies of the documents may be examined. At a minimum, copies of the proposed Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan and CAPER will be available in the Newton Housing and Community Development Office and on the Housing and on the Community Development Division's section of the Newton Planning and Development Department's web page, located at <http://www.newtonma.gov/gov/planning/hcd/default.asp>

### **5. Access to Information**

In addition to opportunities to make oral comments at public hearings before the Newton Planning and Development Board, any citizen, organization, agency or other interested party may submit written requests for information and submit written comments regarding the proposed Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice,, Annual Action Plan and CAPER, and amendments to each, including the proposed use of funds and the benefit to low- and moderate-income residents. Copies of documents will be made available in other languages and/or in other formats (i.e. larger print) upon request. Documents from prior years will also be available upon request for at least the preceding five years.

Additionally, plans to minimize displacement and assist those displaced as a result of the activities in the Consolidated Plan and the Annual Action Plan are attached to this document.

**6. Comments**

Citizens, organizations, agencies and other interested parties are encouraged to submit their comments on the proposed Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan and CAPER. All comment periods will begin the day of the public hearing held by the Newton Planning and Development Board. Minimum comment periods are listed below:

<b>TYPE OF PUBLIC HEARING</b>	<b>COMMENT PERIOD</b>
Consolidated Plan	30 calendar days
Analysis of Impediments to Fair Housing	30 calendar days
Annual Action Plan	30 calendar days
CAPER	15 calendar days
Substantial Changes	30 calendar days

The City of Newton, on behalf of the Consortium and working with member communities, will consider all comments in preparing its final Citizen Participation Plan, Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan and CAPER for submission to HUD, and will include a summary of all comments received and the actions taken to address each comment.

Comments may be submitted via mail, e-mail or fax to:

Housing and Community Development Division  
Newton Planning and Development Department  
1000 Commonwealth Avenue  
Newton, MA 02459  
Fax: 617-796-1142  
Phone: 617.796.1120, TDD/TTY 617-796-1089

**7. Timely Response**

The City of Newton, on behalf of the Consortium and working with member communities, will respond in writing within 15 days to any written comments, questions or complaints received regarding the Consolidated Plan, Analysis of Impediments to Fair Housing Choice, Annual Action Plan, CAPER or the HOME Program in general.

**8. Technical Assistance**

Upon request, Consortium staff will provide technical assistance to groups representing low- and moderate-income persons to develop funding requests for HOME-eligible activities.

**9. Use of the Citizen Participation Plan**

The City of Newton and the HOME Consortium member communities will be required to adhere to this Citizen Participation Plan, once adopted, as the official mechanism for obtaining citizen input into the Consolidated Plan process and during the administration of the HOME Program covered by this Plan.

**10. Jurisdiction Responsibility**

The requirements for citizen participation shall not restrict the responsibility or authority of the City of Newton or the HOME Consortium member communities for the development and execution of the Consolidated Plan for the WestMetro HOME Consortium.

**WESTMETRO HOME CONSORTIUM ANTI-DISPLACEMENT AND RELOCATION PLAN****Permanent Relocation**

It is the policy of the City of Newton Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) programs and the WestMetro HOME Consortium to take all reasonable steps to minimize displacement as a result of CDBG- and HOME-assisted projects, including:

- Considering whether displacement will occur during feasibility determinations
- Identifying potential relocation workload and resources early
- Assuring, whenever possible, that residential occupants of buildings rehabilitated are offered an opportunity to return
- Planning rehabilitation projects to include “staging” where this would eliminate temporary displacement
- Following notification procedures carefully so that families do not leave because they are not informed about planned projects or their rights

When a project does require relocation, in order to ensure the timely issuance of information notices to displaced households, etc., staff of the City of Newton Housing and Community Development Division or of the WestMetro HOME Consortium member communities will ensure that all notices are sent in compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA).

**Temporary Relocation**

Temporary relocation often occurs as the result of lead abatement and other rehabilitation activities in renter- and owner-occupied units. Although the City of Newton Housing and Community Development Division is not required to, in most cases it pays for the temporary relocation of displaced renters and/or homeowners whose residences are being rehabilitated.

# City of Newton Emergency Solutions Grant

---

## WRITTEN STANDARDS FOR PROVISION OF ESG ASSISTANCE

### OVERVIEW

In accordance with federal regulations set forth in 24 CFR Part 567, the City of Newton's Department of Planning and Development has developed the following written standards guiding the provision and prioritization of Emergency Solutions Grant (ESG) funding.

The City of Newton receives ESG funds annually from the U.S. Department of Housing and Urban Development (HUD) under the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act), enacted into law on May 20, 2009. The ESG program supports eligible activities that enable communities to prevent homelessness, identify sheltered and unsheltered homeless persons, as well as those at-risk of homelessness, and provide the supportive services necessary to ensure that homeless individuals and families are rapidly rehoused and move toward independent living.

ESG provides funding to: (1) engage homeless individuals and families living on the street; (2) improve the number and quality of emergency shelters for homeless individuals and families; (3) help operate these shelters; (4) provide essential services to shelter residents, (5) rapidly re-house homeless individuals and families, and (6) prevent families/individuals from becoming homeless.

Newton's ESG funds may be used for the following eligible program components:

- **Emergency Shelter Services –**
  - Essential Services for individuals and families currently residing in an emergency shelter;
  - Shelter Operations generally include operating costs, such as maintenance, rent security, fuel, equipment, insurance utilities, and furnishings;
  - Renovation of a building to serve or that currently serves as an emergency shelter.
- **Homelessness Prevention - Housing relocation and stabilization services and/or short-and/or medium-term rental assistance** as necessary to prevent an individual or family from moving into an emergency shelter or meeting HUD's homeless definition.
- **Rapid Re-housing - Housing relocation and stabilization services and short-and/or medium-term rental assistance** as necessary to help individuals and families currently living in an emergency shelter or other places not meant for human habitation move as quickly as possible into permanent housing and achieve stability in that housing.
- **Street Outreach - Essential Services** necessary to reach out to **unsheltered** homeless individuals and families, connect them with emergency shelter, housing, or critical services, and provide them with urgent, non-facility-based care.

Service providers contracted with the City of Newton to provide services in conjunction with the ESG must become thoroughly familiar with all regulations promulgated by the United States Department of Housing and Urban Development (HUD) governing the ESG program and the enclosed written standards. *[See, in particular, 24 CFR Part 576 – Emergency Solutions Grant Program.]* The provider is responsible for implementing the service in accordance with these regulations. The following standards are essential but are not exhaustive of HUD requirements.

## **I. Standard Policies and Procedures for Evaluating Individuals' and Families' Eligibility for Assistance under ESG**

The Massachusetts [Balance of State Continuum of Care](#) (BoS CoC) has developed and implemented a Coordinated Entry System, to facilitate the process of assessing the housing needs of individuals experiencing homelessness and meeting those housing needs. All applicants are processed through this standard centralized or coordinated assessment system, as required by HUD in 24 CFR 576.400(d). *(Note: A victim service provider may choose not to use the Continuum of Care's centralized or coordinated assessment system.)* The goal of the Coordinated Entry process is to provide each consumer with adequate services and support to meet their housing needs, with a focus on returning them to housing as quickly as possible.

ESG subrecipients and service providers, unless noted as an exception, are required to complete the BoS CoC Coordinated Entry Vulnerability Assessment, the Consent and Release Form, and the Housing Preference Form. Assessment packets may be requested by calling Massachusetts Department of Housing and Community Development (DHCD) at 617-573-1100 or downloading from the CoC's website at <http://www.mass.gov/hed/housing/stabilization/continuum-of-care-programs.html>. The evaluation contains the basic information about the barriers and vulnerabilities of each assessed person who has not yet been housed. Vulnerabilities incorporated into the list include length of homelessness, disabilities, and chronic medical conditions. Referrals to the CoC-funded Permanent Supportive Housing projects are made in order of vulnerability as vacancies occur.

Completed packets are then sent to the Federal Grants Unit, Division of Housing and Stabilization, DHCD, 100 Cambridge Street, Suite 300, Boston, MA 02114, or scanned and emailed to [DHCDcocapplications.mass.gov](mailto:DHCDcocapplications.mass.gov). Once the project receives the referral from the Coordinated Entry Registry, they will arrange an intake interview. Coordinated Entry Staff will also contact the consumer to assure that the connection has been made. The project staff will review the referred person's case for eligibility and may reject them only if they are found to be ineligible. If agencies have any questions or concerns related to the Coordinated Entry system, they may call the Federal Grants Unit at (617) 573-1390.

### *1a. Emergency Shelter*

Applicants entering into the emergency shelter system must meet the HUD criteria for defining homelessness as described in 24 CFR 91.5 and 24 CFR 576.2 and in Attachment 1 entitled "Criteria for Defining Homelessness." Clients will be prioritized within the shelter system based on need and available resources. Requirements are further described in Section IV.

### *1b. Street Outreach*

Eligible clients include people who qualify as 'unsheltered homeless,' based on Category 1 ("Literally Homeless") of the "homeless" definition found at 24 CFR 576.2 (and in Attachment 1, Criteria for Defining Homelessness). Services must coincide with requirements as outlined below in Section III and 24 CFR 576.101.

*1c. Homelessness Prevention/Rapid Re-Housing*

To be eligible for homelessness prevention, an applicant must meet the standards for at-risk of homelessness as defined in 24 CFR 91.5 and 24 CFR 576.2. (Please also see Attachment 2, Criteria for Defining At-Risk of Homelessness). Furthermore, applicants must have an annual income at or below 30% of Area Median Income (AMI).

<b>FY 2023 Income Limits</b>	
<b>Household Size</b>	<b>30% Extremely-Low Income Limits</b>
<b>1</b>	\$31,150
<b>2</b>	\$35,600
<b>3</b>	\$40,050
<b>4</b>	\$44,500
<b>5</b>	\$48,100
<b>6</b>	\$51,650
<b>7</b>	\$55,200
<b>8 or more</b>	\$58,750

Effective May 15, 2023

The standard that must be used for calculating annual income is established in 24 CFR 5.609. Applicants are eligible for future services only if they have no other housing subsidies from local, state, or federal sources and have no other viable resources to keep or obtain housing. The City of Newton may establish other priorities to be applied to applicants.

Program participants seeking rapid re-housing must meet HUD criteria for defining homelessness (please see Attachment 1, Criteria for Defining Homelessness) and can be either be shelter or street homeless. If eligible, funds may be used to provide housing relocation and stabilization services and short- and/or medium-term rental assistance as necessary to help a homeless individual or family move as quickly as possible into permanent housing and achieve stability. Furthermore, participants within the Brookline-Newton-Waltham-Watertown region will be prioritized for homelessness prevention and rapid rehousing assistance.

*1d. Case Management and Re-evaluation*

Every eligible program participant or household is to be assigned a case manager or referred to an agency within the community that can provide equivalent care. It is required that the case manager or agency have experience in working with people who are homeless or at-risk of homelessness.

The case manager must work directly with each participant or household, to accomplish the following:

- Determination of the appropriate type of service needed and the amount of financial assistance that is required using guidelines approved by the City of Newton;
- Development of both a short-term and long-term service plan;
- Counseling concerning housing needs;

- Monitoring and evaluating program participant's progress, meeting no less than once a month to assist the participant's long-term housing stability needs;
- Credit repair (including credit counseling, budget management, debt management, and making realistic financial choices);
- Communication with landlords and utility companies;
- Assurance that program participants are receiving necessary services from essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service providers, including schools, childcare services, legal services, financial resources, health and mental health services, dispute resolution, etc;
- Obtaining all needed local, state, and federal services to benefit the program participant, including public housing, employment assistance and job training, Supplemental Nutrition Assistance Program (SNAP), Supplemental Security Income (SSI) or Social Security Disability Insurance (SSDI), Transitional Aid to Families with Dependent Children (TAFDC), Medicaid [*MassHealth in Massachusetts*], Women, Infants, and Children (WIC), etc. The case manager is responsible for referrals and working agreements for on-going collaboration and cooperation. All program participants must have full access to mainstream resources; and
- The development of a longer-term housing stability plan to extend beyond completion of ESG support is required.

Case managers assigned to homelessness prevention and rapid-rehousing programs must also re-evaluate the program participant's eligibility for services and the amount of financial assistance required:

- No less than every three months for participants receiving homelessness prevention assistance;
- No less than once annually for participants who are receiving rapid re-housing assistance; and

At a minimum, Re-evaluations of each program participants' eligibility must establish that:

- The program participant does not have an annual income that exceeds 30% AMI, as determined by HUD; and
- The program participant lacks sufficient resources and support networks necessary to retain housing without ESG assistance.

## **II. Policies and procedures for coordination among providers**

Recipients and subrecipients of ESG and funds authorized under the McKinney-Vento Homeless Assistance Act (Continuum of Care funding) must coordinate and integrate, to the maximum extent practicable, funded activities and services with mainstream housing, health, social services, employment, education, and youth programs for which homeless and at-risk families and individuals may be eligible. Strategies must include continued collaboration between housing and service providers, such as the Massachusetts Department of Mental Health (DMH), Department of Developmental Services (DDS), Department of Children and Families (DCF), Department of Public Health (DPH), Bureau of Substance Abuse Services, Newton Public Schools or applicable school district, local healthcare providers, transportation officials, workforce development, children/family service providers, and case management providers. Funded agencies will ensure that program participants access appropriate benefits and services, including, but not limited to Section 8, Public Housing, HOME Investment Partnership (HOME), the Workforce Investment Act, WIC, SNAP, and Temporary Assistance for Needy Families (TANF) programs.

The City communicates and coordinates with the BoS CoC concerning all the relevant points of services to be provided, performance standards, and policies and procedures for the operation and administration of the Homeless Management Information System (HMIS). Additionally, funding allocations are aligned with the priorities, needs, and strategies of the Continuum.

Except where statutorily exempt, all data on persons served and activities assisted under the ESG must be entered into the applicable community-wide HMIS in accordance with the data and technical standards established by HUD. Staff must input pertinent data detailing all services provided into one uniform HMIS client data tracking system. In the case of victim services providers, however, data is to be entered into an HMIS Comparable Database. All data reported to HUD is to be compiled from HMIS or the comparable database. All provider agencies offering ESG services are responsible for overseeing the operation of the HMIS and assuring that all relevant data is entered in the system.

### **III. Standards for targeting and providing essential services related to street outreach**

ESG-funded **Street Outreach** targets unsheltered individuals and families within the Brookline-Newton-Waltham-Watertown geography. As set forth in 24 CFR 576.101, funding may be used to provide the essential services necessary to reach out to unsheltered homeless people, connect them with emergency shelter, housing, or critical services, and provide urgent, non-facility-based care to unsheltered homeless people who are unwilling or unable to access emergency shelter, housing, or an appropriate health facility. Eligible services consist of engagement, case management, emergency health and mental health services, services for special populations, and transportation.

Subrecipients must determine an individual or family's vulnerability and/or ability to access emergency shelter, housing, or health care facility to ensure that assistance is granted toward those demonstrating the greatest need. After the initial assessment of needs and eligibility, activities consist of providing crisis counseling, addressing urgent needs, and actively connecting homeless persons to information, referrals, and resources.

Funds may be used to provide services for special populations, including youth, victims of domestic violence, and people with HIV/AIDS so long as the costs are eligible as defined above.

#### **IV. Policies and Procedures for Admission, Diversion, Referral, Operation, and Discharge by Emergency Shelters Assisted under ESG**

The **Emergency Shelter Services** component of ESG, as set forth in 24 CFR 576.102, may be used to provide essential services to homeless families and individuals in emergency shelters, to renovate buildings to be used as emergency shelter for homeless families and individuals, and to operate emergency shelters. Services generally consist of case management, childcare, education services, employment assistance and job training, outpatient health services, legal services, life skills training, mental health services, substance abuse treatment services, and transportation.

Subrecipients and service providers must conduct the initial evaluation and determine if individuals and families meet one of the four (4) categories of homelessness, as detailed in the attached and further defined in 24 CFR 576.2. Following the evaluation and program triage, service providers must determine whether the participant is to be admitted to emergency shelter, diverted to a provider of other ESG-funded components, like homelessness prevention or rapid re-housing and/or connected to applicable supportive services and mainstream resources. Once admitted, emergency shelter program participants must be reassessed on an ongoing basis to determine the earliest possible time that they can be discharged into permanent housing. Subrecipients must work with program participants regularly in identifying their most critical needs, housing, and stabilization options.

In accordance with HMIS policy, all data must be logged on services provided, referrals, and discharges. Additionally, all facilities must meet the minimum standards with regards to sanitation, safety, habitability, and access as specified in 24 CFR 576.403 and Section VIII of the enclosed ESG Written Standards.

Funds may be used to provide services for special populations, including youth, victims of domestic violence, and people with HIV/AIDS so long as the costs are eligible as defined above.

## V. Determining and Prioritizing which Eligible Families and Individuals will Receive Homelessness Prevention Assistance and which Eligible Families and Individuals will Receive Rapid Re-Housing Assistance

Unlike other interventions, prevention occurs before a household falls into homelessness. It is recommended that the highest priority applicants for homelessness prevention would be those living in a habitable unit but who have been notified in writing that they are being evicted within twenty-one (21) days after the date of their application for assistance. Newton ESG **Homelessness Prevention Program** Subrecipients are responsible for screening and determining eligibility for homelessness prevention. Eligibility for ESG services must be determined based on the eligibility criteria established by HUD. Households who do not meet required ESG eligibility standards are not eligible for services.

Newton's ESG **Rapid Rehousing Program** provides assistance with rent, security deposit, and other financial needs as well as supportive services to help people enter into an apartment. The highest-priority applicants for rapid re-housing are those currently homeless persons for whom a potential living unit has been identified and will be available in less than a month. Participants within the Brookline-Newton-Waltham-Watertown region will be prioritized for homelessness prevention and rapid re-housing assistance.

The case manager assigned to the program participant is responsible for determining the type of assistance necessary, amount, and duration of housing stabilization or relocation services to provide a program participant. In addition, the case manager is responsible to determine the type of service that is most appropriate for the program participant and the amount of financial assistance required. Financial assistance cannot be provided to persons who are already receiving the same type of assistance through other public sources. For instance, rental assistance cannot be provided to a person who is receiving tenant-based rental assistance or living in a housing unit receiving project-based rental assistance.

All housing must be determined to meet HUD's minimum standards and requirements for habitability, sanitation, lead-based paint, and rent reasonableness.

Part of the financial evaluation of each participant is a calculation of net assets. Other than the value of an automobile and the worth of retirement savings accounts, if the participant has a net worth exceeding a threshold of \$15,000, the participant would need to pay 100% of rent, utilities, and other costs until his/her net worth drops below the threshold amount.

According to HUD policy, rental assistance cannot be provided if the rent exceeds the Fair Market Rent established by HUD, as provided under 24 CFR part 888, and must comply with HUD's standard of rent reasonableness, as established under 24 CFR 982.507. The [FY2024 HUD Boston-Cambridge-Quincy Metro Fair Market Rents](#) are listed below.

	<u>Efficiency</u>	<u>One-Bedroom</u>	<u>Two-Bedroom</u>	<u>Three-Bedroom</u>	<u>Four-Bedroom</u>
<b>Final FY 2024 FMR</b>	\$2,212	\$2,377	\$2,827	\$3,418	\$3,765

Eligible financial assistance may include housing search, rent application, security deposit, utility deposits, moving costs, and first and last month’s rent and utility payments. A one-time payment of rental arrearage may be made for a period of up to six months. The provider may make rental assistance payments only to an owner with whom the provider has entered into a rental assistance agreement. The agreement must require that the owner provide a copy of any eviction action or any notice to the program participant to vacate the rental unit.

## **VI. Determining the Share of Rent and Utilities Costs that Each Program Participant Must Pay, if any, While Receiving Homelessness Prevention or Rapid Re-Housing Assistance**

It is expected that negotiations will be held with all relevant parties at the outset to determine:

- a) The type of financial assistance required, agreement of amounts, and method of payment;
- b) The proportion of financial participation by the program participant; and
- c) Other specific commitments of the program participant (e.g. to work toward self-sufficiency).

Determinations of the share of rent and utility costs to be paid on behalf of a program participant must be made on a case-by-case basis. Program participants are expected to contribute as great a share of the cost of rent and utilities as is affordable to them. In addition, they are required to seek alternative sources of financial assistance.

Financial assistance allocations are to be determined on a month-to-month basis for the first three-month period. After three months, a complete re-evaluation of the program participant who has received homelessness prevention services must be conducted by the case manager to determine the program participant's eligibility for services and to determine the participant's ability to increase her/his share of rental payments. A similar re-evaluation must be conducted every three months thereafter, if the program participant receives financial assistance. If the service is rapid re-housing, a re-evaluation of program participant status (re: eligibility) is required no more than annually from the initial evaluation. At any point during the provision of financial assistance, the program participant exceeds 30% of the AMI, as determined by HUD, or if the program participant has other resources or support networks that would allow him/her to retain housing without ESG assistance, the program participant must be declared ineligible for further assistance.

Other than the possible exception of payment of first month's rent and the required security deposit, program participants are required to pay some portion of rent, minimally 30% of the program participant's income. Income will be calculated by totaling gross wages on pay stubs received by the participant after applying to the program. The participants' share of rental payments ideally should increase incrementally throughout the period of assistance. Hardship waivers to reduce or forgo contributions can be granted in extreme circumstances at the discretion of the case manager and/or agency. Requests for waivers must be reviewed and approved by a supervisor, with the appropriate documentation kept on file.

## **VII. Standards for Determining How Long a Particular Program Participant will be provided with Financial Assistance and Whether and How the Amount of that Assistance will be Adjusted Over Time**

Rental assistance is to be provided for the least amount of time possible and will only be provided so long as the case manager determines it to be absolutely necessary in helping participant(s) regain stability in permanent housing. Normally, the maximum period of rental assistance will be nine (9) months. Only in cases of extreme need will rental assistance will be provided for a full year. Regardless of the length of the period of subsidy, all program participants who are receiving rental assistance must have a legally binding, written lease for the rental unit that is between the owner and the program participant. A lease is not required in the case of a rental arrearage payment.

In general, assistance with utility payments is limited to emergencies, such as if it is necessary for a program participant to move into a new unit or if the utility arrearages are so great that a negotiated settlement must be made with the utility companies to avoid shut-off. Program participants must work with the case manager to negotiate a payment plan for utilities arrearages.

Meetings with the program participant, landlord or prospective landlord, and the case manager are to be held, as needed, to assure that the program participant or program participant household achieves stability in housing.

Due to the anticipated large number of eligible individuals and families seeking housing stabilization or relocation services, program participants may only receive benefits for one period of time, as determined by the case manager.

## VIII. Habitability, Sanitation, Safety and Lead-Based Paint Standards

All ESG subrecipients and service providers must adhere to federally required standards to ensure that shelter and housing facilities are safe, sanitary, accessible, and adequately maintained for program participants.

In accordance with 24 CFR 576.403, all units in which program participants are receiving emergency shelter or housing assistance must meet HUD Habitability and Lead-Based Paint Standards. **Subrecipients are required to complete the ESG Minimum Habitability Standards Checklist and Lead Screening Worksheet (please see Attachments 3 and 4).** The only exception to this requirement is in cases where **only** security deposits assistance and/or rental arrearage assistance is being provided.

Assisted units must meet federal lead paint requirements if the unit was constructed before 1978 and if a child under six years old and/or a pregnant woman is or will be residing in the unit. Subrecipients must document these inspections using the Habitability Checklist. The habitability and visual lead inspection must be completed by a certified inspector. A certified inspector is one who has successfully completed [HUD's Visual Assessment Training](#). The inspection must ensure the unit complies with ALL standards on the checklist, otherwise the unit will not be eligible to grant assistance.

The inspection must include, at a minimum:

- Verification of age of structure;
- Visual assessment and confirmation that paint surfaces are not chipping, cracking, or peeling using the Habitability Checklist; and
- Verification that the unit has been de-leaded or paint encapsulated from a Massachusetts-approved de-leading vendor.

If a HUD-approved inspection for Section 8 has been recently completed for the unit, a copy of that inspection report in the client's file is sufficient because the regulations governing Section 8 inspections are more stringent than those governing ESG inspections. A lead-free certification for a unit can also be used to satisfy the lead paint requirement.

Additional information about HUD's Visual Assessment Training can be found at:

<https://apps.hud.gov/offices/lead/training/visualassessment/h00101.htm>.

Shelters must be accessible and should have a second means of exiting the facility in the event of an emergency. Every assisted facility must establish appropriate safeguards in order to meet the safety and shelter needs of special populations and enact the proper security precautions to those in its care. In addition, each shelter and housing unit must be maintained in sanitary condition with each program participant having access to sanitary facilities that are clean and in proper operating condition.

## **IX. Fair Housing and Affirmative Outreach**

Subrecipients and service providers must communicate and make known that the use of ESG-funded facilities, assistance, and services are available to all on a nondiscriminatory basis. Subrecipients are required to develop and implement affirmative outreach procedures and communication tools and materials in conformance with all federal, state, and local fair housing statutes to inform persons without regard race, color, sex, age, disability, religious creed, familial status, national origin or ancestry, genetic information, marital status, veteran or military status, sexual orientation, gender identity or expression or status as a recipient of public and/or rental assistance and how to obtain access to facilities and services. Additional outreach measures must be taken to ensure that program outreach will reach those who would not traditionally access such opportunities.

In addition, reasonable accommodations for persons with disabilities must be available in order to ensure disabled participants have an equal opportunity to utilize housing, including shelters, and receive essential services. Greater levels of accessibility may be required for some shelters in compliance with The Americans with Disabilities Act.

## **X. Matching Funds**

Subrecipients must match 100% of awarded ESG funds from non-ESG sources. The matching requirement may be met with cash contributions and/or non-cash contributions, including the value of any real property, lease, equipment, goods, or services contributed to the organizations applying for ESG funds. Non-cash contributions may also include the purchase value of any donated building. Matching funds may also include salary paid to staff (not included in the ESG award) and time contributed by volunteers to carry out the project.

If matching contributions include funds from the Continuum of Care Program or another federal program, the applicant must ensure that all laws governing those federal funds are followed and that matching requirements do not prohibit those use of those funds for match.

## **XI. Termination of Assistance**

As outlined in 24 CFR 576.402, the subrecipient may terminate assistance if the program participant has violated program requirements in accordance with a formal process established by the subrecipient. Termination of services may occur in situations where the participant violates program standards, misrepresents eligibility status, violates the lease agreement, and/or engages in criminal activity. The subrecipient must exercise judgment, examine, and document all extenuating circumstances in determining when violations warrant termination so that a program participant's assistance is terminated only in the most severe cases. The termination must be preceded by a due process recognizing the rights of individuals affected, to include, at a minimum:

- Written notification and clear statement of reasons for termination from the program;
- Opportunity to appeal to a third party; and
- Prompt appeal response.

Participants who are terminated cannot re-apply for services until all outstanding issues are cleared to the satisfaction of the City of Newton.
